X Defendant Signature _____

(Rev. 01/2011) Original - CVB Copy

STATEMENT OF PROBABLE CAUSE
(For issuance of an arrest warrant or summons)

I state that on 10/12, 20 13 while exercising my duties as a law enforcement officer in the Western District of Washington

I observed three vehicles in the Storm King Ranger Station parking area. I identified the operator of white Nissan Quest with Washington license plate: [redacted] as [redacted]. The vehicle had passed two barricades consisting of cones and saw-horses due to the government shutdown. [redacted] had driven around the second barricade on the grass between the barricade and a permanent sign. Both barricades were signed with, "Because of the government shutdown, this National Park Service facility is closed".

[redacted] was issued a violation notice for: Violation of Closure. Her passenger was issued a verbal warning for violation of closure.

[redacted] was cooperative during the contact.

The foregoing statement is based upon:

- [x] my personal observation
- [ ] my personal investigation
- [ ] information supplied to me from my fellow officer's observation
- [ ] other (explain above)

I declare under penalty of perjury that the information which I have set forth above and on the face of this violation notice is true and correct to the best of my knowledge.

Executed on: 10/12/13
Date (mm/dd/yyyy) Officer's Signature

Probable cause has been stated for the issuance of a warrant.

Executed on: _____
Date (mm/dd/yyyy) U.S. Magistrate Judge

HAZMAT = Hazardous material involved in incident; PASS = 9 or more passenger vehicle; CDL = Commercial drivers license; CMV = Commercial vehicle involved in incident

Remarks:
Narrative:

SUMMARY: I observed three vehicles parked in the Storm King parking area. All three had driven around two separate barricades. The drivers of each of the three vehicles were issued a violation notice for: Violation of Closure. Two verbal warnings were issued for violation of closure.

NARRATIVE: On 10/12/13 at 1300 hours, I observed three vehicles parked in the Storm King Ranger Station parking area. All three had driven around two separate barricades placed due to the government shutdown. The first barricade was located at the junction of Storm King and U.S. Highway 101 and the second placed at the junction of Storm King and Lake Crescent Road. Both barricades were marked with the standardized National Park Service sign stating, "Because of the federal government shutdown, this National Park Service facility is closed". The barricade at the U.S. Highway 101 junction was left open the width of one vehicle to allow access for local residents. The barricade at the Storm King and Lake Crescent Road was entirely closed by cones and a wooden sawhorse.

Upon entering the parking area a group of people were posed around the Storm King Ranger Station sign having their picture taken by a woman. I contacted the first vehicle, a white Nissan Quest, parked in the first parking space on the right, nearest the Ranger Station. I identified the operator as [redacted] and advised her the area was closed due to the government shutdown. While speaking with [redacted], [redacted] approached and stated she was with a group of international students and had driven around the barricade because the sign did not state the area was closed. I identified (b) (6), (b) (7) (C) as the operator of a silver Toyota Sienna and identified the operator of the third vehicle, a gray Honda Accord, as (b) (6), (b) (7) (C). To my knowledge the three persons had not met before and were unassociated. (b) (6), (b) (7) (C) and [redacted] had driven around the barricade at the Storm King Junction and then off the roadway and over the grass between the highway sign and the barricade to access the area.

During my contact with [redacted] she took pictures of my vehicle and I while I was writing the violation notices. She stated several times she was going to complain and make a big deal out of the issuance of the citation. I advised her it was her right to complain. She asked if I was being paid to do this and I advised I was not being paid at this time. She stated she would be cranky too if she wasn't being paid. I stated I was not cranky and advised her again that the contact was because she drove around two barricades and was in a closed area. [redacted] stated it was quite the racket for me to be writing tickets during the shutdown.

I gave [redacted] her citation and identification but held [redacted] in order to explain the system for taking care of them to both women. They were advised they had thirty days to pay by mail or if they wished to contest them, don't take any action and a court date would be mailed to them. As I handed [redacted] her information she asked where court was and I advised it was in Tacoma as she was on federal land. While speaking with [redacted] and [redacted], another vehicle started to drive into the parking area and before I could tell them the area was closed, [redacted] told them to leave before they got a ticket. The vehicle turned around and exited the wrong way on the one way access road. I did not have any contact with the occupants of that vehicle.

Upon issuing [redacted] the violation notice for closure she stated since she had a ticket she could stay in the area. I advised [redacted] the area remained closed and she was not allowed to stay. She stated she was thinking about making a big issue out of the contact and said she wasn't leaving. I requested District Ranger O'Neill to respond to the area to assist in convincing [redacted] to leave the area without incident.

[redacted] accepted her citation without issue and was cooperative through the entire contact.

While awaiting O'Neill, I advised [redacted] I would return shortly, photographed the barricades and then returned to the parking area. I issued [redacted] his citation without issue and he was cooperative through the entire contact.

Before O'Neill's arrival [redacted] returned to the parking area with her students and they all left in their vehicle. O'Neill was advised the situation was de-escalated and I advised him by phone of the contact with (b) (6), (b) (7) (C) and [redacted]

ACTION TAKEN: (b) (6), (b) (7) (C) and [redacted] were each issued a violation notice for: Violation of

Closure. One verbal warning for violation of closure was given to each of [redacted] and [redacted] passengers. I did not have any contact with the students associated with [redacted] and they were not present when she was issued the violation notice.

Upon the exit of the three vehicles, I replaced the cone and barricade in their original positions and two additional barricades were added.

Narrative:

SUMMARY: I observed three vehicles parked in the Storm King parking area. All three had driven around two separate barricades. The drivers of each of the three vehicles were issued a violation notice for: Violation of Closure. Two verbal warnings were issued for violation of closure.

NARRATIVE: On 10/12/13 at 1300 hours, I observed three vehicles parked in the Storm King Ranger Station parking area. All three had driven around two separate barricades placed due to the government shutdown. The first barricade was located at the junction of Storm King and U.S. Highway 101 and the second placed at the junction of Storm King and Lake Crescent Road. Both barricades were marked with the standardized National Park Service sign stating, "Because of the federal government shutdown, this National Park Service facility is closed". The barricade at the U.S. Highway 101 junction was left open the width of one vehicle to allow access for local residents. The barricade at the Storm King and Lake Crescent Road was entirely closed by cones and a wooden sawhorse.

Upon entering the parking area a group of people were posed around the Storm King Ranger Station sign having their picture taken by a woman. I contacted the first vehicle, a white Nissan Quest, parked in the first parking space on the right, nearest the Ranger Station. I identified the operator as [redacted] and advised her the area was closed due to the government shutdown. While speaking with [redacted] approached and stated she was with a group of international students and had driven around the barricade because the sign did not state the area was closed. I identified (b) (6), (b) (7) (C) as the operator of a silver Toyota Sienna and identified the operator of the third vehicle, a gray Honda Accord, as (b) (6), (b) (7) (C). To my knowledge the three persons had not met before and were unassociated. (b) (6), (b) (7) (C) and [redacted] had driven around the barricade at the Storm King Junction and then off the roadway and over the grass between the highway sign and the barricade to access the area.

During my contact with [redacted] she took pictures of my vehicle and I while I was writing the violation notices. She stated several times she was going to complain and make a big deal out of the issuance of the citation. I advised her it was her right to complain. She asked if I was being paid to do this and I advised I was not being paid at this time. She stated she would be cranky too if she wasn't being paid. I stated I was not cranky and advised her again that the contact was because she drove around two barricades and was in a closed area. [redacted] stated it was quite the racket for me to be writing tickets during the shutdown.

I gave [redacted] her citation and identification but held [redacted] in order to explain the system for taking care of them to both women. They were advised they had thirty days to pay by mail or if they wished to contest them, don't take any action and a court date would be mailed to them. As I handed [redacted] her information she asked where court was and I advised it was in Tacoma as she was on federal land. While speaking with [redacted] and [redacted], another vehicle started to drive into the parking area and before I could tell them the area was closed, [redacted] told them to leave before they got a ticket. The vehicle turned around and exited the wrong way on the one way access road. I did not have any contact with the occupants of that vehicle.

Upon issuing [redacted] the violation notice for closure she stated since she had a ticket she could stay in the area. I advised [redacted] the area remained closed and she was not allowed to stay. She stated she was thinking about making a big issue out of the contact and said she wasn't leaving. I requested District Ranger O'Neill to respond to the area to assist in convincing [redacted] to leave the area without incident.

[redacted] accepted her citation without issue and was cooperative through the entire contact.

While awaiting O'Neill, I advised [redacted] I would return shortly, photographed the barricades and then returned to the parking area. I issued [redacted] his citation without issue and he was cooperative through

the entire contact.

Before O'Neill's arrival, [redacted] returned to the parking area with her students and they all left in their vehicle. O'Neill was advised the situation was de-escalated and I advised him by phone of the contact with [redacted] and [redacted]

ACTION TAKEN: [redacted] and [redacted] were each issued a violation notice for: Violation of Closure. One verbal warning for violation of closure was given to each of [redacted] and [redacted] passengers. I did not have any contact with the students associated with [redacted] and they were not present when she was issued the violation notice.

Upon the exit of the three vehicles, I replaced the cone and barricade in their original positions and two additional barricades were added.

STATEMENT OF PROBABLE CAUSE
(For issuance of an arrest warrant or summons)

I state that on 10/12/13, 20 13 while exercising my duties as a law enforcement officer in the Western District of Washington

I observed three vehicles in the Storm King Ranger Station parking area. I identified the operator of silver Toyota Sienna with Washington license plate: [redacted] as [redacted]. The vehicle had passed two barricades consisting of cones and saw-horses due to the government shutdown. [redacted] had driven around the second barricade on the grass between the barricade and a permanent sign. Both barricades were signed with, "Because of the government shutdown, this National Park Service facility is closed".

[redacted] was issued a violation notice for: Violation of Closure.

[redacted] initially refused to leave the area upon the issuance of the citation. Approximately 10 minutes later she and her passengers departed after I had requested supervisory assistance.

The foregoing statement is based upon:

- [x] my personal observation
- [ ] my personal investigation
- [ ] information supplied to me from my fellow officer's observation
- [ ] other (explain above)

I declare under penalty of perjury that the information which I have set forth above and on the face of this violation notice is true and correct to the best of my knowledge.

Executed on: 10/12/13
Date (mm/dd/yyyy) Officer's Signature

Probable cause has been stated for the issuance of a warrant.

Remarks:
Narrative:

SUMMARY: I observed three vehicles parked in the Storm King parking area. All three had driven around two separate barricades. The drivers of each of the three vehicles were issued a violation notice for: Violation of Closure. Two verbal warnings were issued for violation of closure.

NARRATIVE: On 10/12/13 at 1300 hours, I observed three vehicles parked in the Storm King Ranger Station parking area. All three had driven around two separate barricades placed due to the government shutdown. The first barricade was located at the junction of Storm King and U.S. Highway 101 and the second placed at the junction of Storm King and Lake Crescent Road. Both barricades were marked with the standardized National Park Service sign stating, "Because of the federal government shutdown, this National Park Service facility is closed". The barricade at the U.S. Highway 101 junction was left open the width of one vehicle to allow access for local residents. The barricade at the Storm King and Lake Crescent Road was entirely closed by cones and a wooden sawhorse.

Upon entering the parking area a group of people were posed around the Storm King Ranger Station sign having their picture taken by a woman. I contacted the first vehicle, a white Nissan Quest, parked in the first parking space on the right, nearest the Ranger Station. I identified the operator as [redacted] Potts and advised her the area was closed due to the government shutdown. While speaking with Potts, [redacted] approached and stated she was with a group of international students and had driven around the barricade because the sign did not state the area was closed. I identified (b) (6), (b) (7) (C) as the operator of a silver Toyota Sienna (later confirmed by Dispatch as a Toyota Sequoia) and identified the operator of the third vehicle, a gray Honda Accord, as [redacted] an [redacted] had driven around the barricade at the Storm King Junction and then off the roadway and over the grass between the highway sign and the barricade to access the area.

During my contact with [redacted], she took pictures of my vehicle and I while I was writing the violation notices. She stated several times she was going to complain and make a big deal out of the issuance of the citation. I advised her it was her right to complain. She asked if I was being paid to do this and I advised I was not being paid at this time. She stated she would be cranky too if she wasn't being paid. I stated I was not cranky and advised her again that the contact was because she drove around two barricades and was in a closed area. [redacted] stated it was quite the racket for me to be writing tickets during the shutdown.

I gave [redacted] her citation and identification but held [redacted] in order to explain the system for taking care of them to both women. They were advised they had thirty days to pay by mail or if they wished to contest them, don't take any action and a court date would be mailed to them. As I handed [redacted] her information she asked where court was and I advised it was in Tacoma as she was on federal land. While speaking with [redacted] and [redacted], another vehicle started to drive into the parking area and before I could tell them the area was closed, [redacted] told them to leave before they got a ticket. The vehicle turned around and exited the wrong way on the one way access road. I did not have any contact with the occupants of that vehicle.

Upon issuing [redacted] the violation notice for closure she stated since she had a ticket she could stay in the area. I advised [redacted] the area remained closed and she was not allowed to stay. She stated she was thinking about making a big issue out of the contact and said she wasn't leaving. I requested District Ranger O'Neill to respond to the area to assist in convincing [redacted] to leave the area without incident.

[redacted] accepted her citation without issue and was cooperative through the entire contact.

While awaiting O'Neill, I advised [redacted] I would return shortly, photographed the barricades and then returned to the parking area. I issued [redacted] his citation without issue and he was cooperative through the entire contact.

Before O'Neill's arrival, [redacted] returned to the parking area with her students and they all left in their vehicle. O'Neill was advised the situation was de-escalated and I advised him by phone of the contact with (b) (6), (b) (7) (C) and [redacted]

ACTION TAKEN: (b) (6), (b) (7) (C) and [redacted] were each issued a violation notice for: Violation of Closure. One verbal warning for violation of closure was given to each of [redacted] and [redacted] passengers. I did not have any contact with the students associated with Sanders and they were not present when she was issued the violation notice.

Upon the exit of the three vehicles, I replaced the cone and barricade in their original positions and two additional barricades were added.
