BP- Gulf Coast Restoration Organization
501 Westlake Park Blvd.
Houston, TX 77079

Dear Ms. Bullock:

We have received your letter of February 18, 2011, transmitting BP's January 2011 monthly report of Natural Resource Damage activities. We appreciate your interest in improving communications between BP and the Deep water Horizon natural resource trustees. While the trustees expect that future monthly reports may be informative, be advised that the trustees will not be reviewing such reports for accuracy, nor do they intend to suggest corrections or changes to the reports. Consequently, no implication that the trustees agree (or disagree) with any statements in the reports should be drawn and the trustees reserve the right to subsequently dispute any statements in the January 2011 or future BP monthly reports.

Again, thank you for the constructive effort to help track the many activities upon which the trustees and BP are working.

Sincerely,

Cynthia K. Dohner
Regional Director, FWS Southeast Region
