## PEP - ENVIRONMENTAL COMPLIANCE MEMORANDUM NO. EC89-1

**To:** Heads of Bureaus and Offices  
**From:** Office of Environmental Project Review  
**Subject:** Initiation of Memoranda Series and Memoranda in Effect

1. PEP EC Memoranda provide guidance for the Department's compliance with various pollution control and environmental protection statutes, regulations and other directives (other than the National Environmental Policy Act), and are issued pursuant to the responsibilities of the Office of Environmental Project Review (112DM4). The first memorandum of each calendar year will indicate those memoranda of preceding years which are still current and in effect. Each memorandum should be distributed to those organizational components responsible for oversight of or compliance with the subject.

2. In this initial memorandum we have attached a list of Executive Orders, Departmental Manual chapters, and guidance memoranda issued in preceding years with emphasis on those issued since 1980. Thirty-nine (39) memoranda are current and still in effect. As a general rule, this list does not include the many hundreds of notices of proposed rule makings and final rules issued by other agencies on these subjects and distributed by OEPR for Departmental review and comment, with which the Department must comply.
