OFFICE OF THE SECRETARY  
Washington, DC 20240

December 19, 2012

The Honorable Conrad Burns  
Chairman  
Subcommittee on Interior, Environment,  
and Related Agencies  
Committee on Appropriations  
United States Senate  
Washington, DC 20510

Dear Mr. Chairman:

The Compact of Free Association Amendments Act, Public Law 108-188, appropriated \$30 million annually to defray costs associated with freely associated state migrants in Hawaii, Guam, American Samoa and the Commonwealth of the Northern Mariana Islands, with an additional \$5 million appropriated by Congress for fiscal year 2012. Public Law 108-188 also provides an opportunity for the four governors to report on the impacts these migrants are having on their respective jurisdictions. Such reports may be submitted annually to the Secretary of the Interior, who, in turn, submits them to the Congress along with the Secretary's comments.

Transmitted with this letter is the Department of the Interior's *Report to the Congress: 2012 Compact Impact Analysis*, along with the related *Impact of the Compacts of Free Association on Guam FY2004 through FY2011* of the Governor of Guam.

Sincerely,

Eileen Sobeck  
Acting Deputy Assistant Secretary  
for Insular Areas

2012 Analysis of Compact Impacts  
2004 - 2011 Report of the Governor of Guam

**Report to the Congress:  
2012 Compact Impact Analysis**

**United States Department of the Interior**

**Washington, D.C.**

The Compacts of Free Association approved in Public Law 99-239 and Public Law 99-658 allow citizens of the freely associated states (FAS) of the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau to live and work in the United States as legal nonimmigrants. Public Law 108-188 appropriated \$30 million annually for the years 2004 through 2023 as contributions to Hawaii, Guam, American Samoa, and the Northern Mariana Islands to help defray costs associated with Compact migrants in their jurisdictions. Fiscal year 2012 appropriations legislation provided an additional \$5 million to help offset education costs associated with FAS citizen migration to these United States jurisdictions. Public Law 108-188 also provides for periodic reporting to the Congress regarding these impacts of the Compacts on the above jurisdictions.

**I. The Legislative Mandate**

Section 104(e)(8) of Public Law 108-188, the Compact of Free Association Amendments Act, approved December 17, 2003, sets forth the following reporting requirements:

“REPORTING REQUIREMENT—Not later than one year after the date of enactment of this joint resolution, and at one year intervals thereafter, the Governors of Guam, the State of Hawaii, the Commonwealth of the Northern Mariana Islands, and American Samoa may provide to the Secretary of the Interior by February 1 of each year their comments with respect to the impacts of the Compacts on their respective jurisdiction.

The Secretary of the Interior, upon receipt of any such comments, shall report to the Congress not later than May 1 of each year to include the following:

- (1) The Governor’s comments on the impacts of the Compacts as well as the Administration’s analysis of such impact;
- (2) The Administration views on any recommendations for corrective action to eliminate those consequences as proposed by such Governors;
- (3) With regard to immigration, statistics concerning the number of persons availing themselves of the rights described in section 141(a) of the Compact during the year covered by each report;
- (4) With regard to trade, an analysis of the impact on the economy of American Samoa resulting from imports of canned tuna into the United States from the Federated States of Micronesia, and the Republic of the Marshall Islands.”

## II. Congressional Request and Answers

**Congressional Request No. (1):** The Governor's comments on the impacts of the Compacts as well as the Administration's analysis of such impact.

**Interior Response:** The 2004 - 2011 report of the Governor of Guam is enclosed.

Over the years, recipients of Compact migrants, particularly Hawaii and Guam and the Northern Mariana Islands, have often raised the issue of costs to their governments for services associated with migrants from the FAS. In a report for fiscal years 2004 through 2011, the Governor of Guam reported that his territory spent a total of \$440.67 million on services for Compact migrants. Hawaii submitted a report for fiscal year 2010; no report has been submitted recently for the Commonwealth of the Northern Mariana Islands (CNMI); and American Samoa has never submitted a report.

**Congressional Request No. (2):** The Administration views on any recommendations for corrective action to eliminate those consequences as proposed by such Governors.

**Interior Response:** Guam would like additional funds to close the gap between its share of the \$35 million a year in Federal Compact impact contributions and its calculations of migrant costs. For 2004 through 2011, Guam calculated expenditures of \$440.67 million, of which \$118.7 million in Compact impact funding was offset as follows:

2004	\$14.2 million
2005	\$14.2 million
2006	\$14.2 million
2007	\$14.2 million
2008	\$14.1 million
2009	\$14.2 million
2010	\$16.8 million
2011	\$16.8 million <sup>1</sup>

Guam has explained in detail the areas in which the expenditures occurred, e.g. health, education and public safety. Guam does not, however, account for, nor offset, the benefits received by the territory in the form of work accomplished, money spent, and taxes paid by the FAS migrants.

Based on recent history and economic prospects for Guam, the Governor of Guam expects that the number of FAS migrants will likely continue to rise in the territory.

---

<sup>1</sup> In fiscal year 2012, Guam received \$16.8 million as its share of the \$30 million appropriation for impact of the compact and \$2.8 million as its share of the \$5 million appropriation for education impacts.

**Congressional Request No. (3):** With regard to immigration, statistics concerning the number of persons availing themselves of the rights described in section 141(a) of the Compact during the year covered by each report;

**Interior response:** In order to properly apportion the \$30 million and \$5 million amounts of impact funds among the four jurisdictions, the Congress directed that an enumeration of Compact migrants be conducted by the U.S. Bureau of the Census every five years, starting in 2003. The 2008 enumeration produced a total count of 32,635 Compact migrants distributed among the four jurisdictions as follows:

	2003	2008	Percent Change
<b>Guam</b>	9,931	18,305	84.3
<b>Hawaii</b>	7,297	12,215	67.4
<b>CNMI</b>	3,570	2,100	-41.2
<b>American Samoa</b>	10	15	50.0

Based on the figures of Compact migrants above, the shares (in rounded figures) of the \$30 million appropriation and \$5 million appropriation were apportioned for fiscal year 2012 as follows:

<b>Guam:</b>	\$16,800,000	\$2,800,000
<b>Hawaii:</b>	11,200,000	1,867,000
<b>CNMI:</b>	1,900,000	317,000
<b>American Samoa:</b>	<u>14,000</u>	<u>2,000</u>
	\$30,000,000	\$5,000,000

The Compact impact fund will be apportioned among the jurisdictions based on the 2008 enumeration until the 2013 enumeration is completed.

**Congressional Request No. (4):** With regard to trade, an analysis of the impact on the economy of American Samoa resulting from imports of canned tuna into the United States from the Federated States of Micronesia, and the Republic of the Marshall Islands.

**Interior Response:** The FSM and the RMI have not commenced the production and export of canned tuna to the United States.

The Honorable Kenneth Salazar  
Secretary  
U.S. Department of the Interior  
1849 C Street, N.W.  
Washington, D.C. 20240

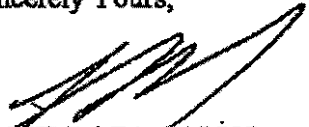

Dear Secretary Salazar:

Pursuant to U.S. Public Law 106-504, Section 2, and as incorporated in U.S. Public Law 108-188, I am pleased to present to you Guam's Fiscal Year 2011 *Impact of the Compacts of Free Association on Guam*. We have found that the Government of Guam has expended over \$96.88 million in FY 2011 to provide educational and social services to citizens from the Freely Associated States (FAS) who have migrated to Guam under the provisions of the Compacts of Free Association. The total Compact Impact costs for FY 2004 through FY 2011 is \$440.67 million.

This report also serves to update Guam's *Compact Impact Reconciliation* report which found that Guam's un-reimbursed Compact Impact costs were over \$269 million through Fiscal Year 2003. Despite the fact that our request for \$200 million in debt-relief pursuant to U.S. Public Law 108-188 was declined, we continue to identify and record the costs of providing educational and social services to FAS citizens as we explore other options to offset these costs.

I hope that you will support us in our efforts to recover the costs we have incurred from providing services to citizens of the Freely Associated States under the Compacts of Free Association.

Sincerely Yours,

  
EDDIE BAZA CALVO  
Governor of Guam

## IMPACT OF THE COMPACTS OF FREE ASSOCIATION ON GUAM FY 2004 through FY 2011

The Compact of Free Association Act of 1985 (P.L.99-239), implemented in 1986, establishes the relationship between the United States and the Federated States of Micronesia (FSM) and Republic of the Marshall Islands (RMI). The Compact of Free Association Act of 1985 (P.L.99-658), implemented in November 1994, establishes the relationship between the United States and the Republic of Palau. The Compact of Free Association Amendments Act of 2003 (P.L.108-188) renewed the original Compact of Free Association (P.L. 99-239) between the United States and the Federated States of Micronesia (FSM) and the Republic of the Marshall Islands (RMI). Compact immigration provisions authorize unrestricted immigration into the United States, its territories and possessions, enabling citizens of these nations to enter into, lawfully engage in occupations, and establish residence as non-immigrant aliens.

In recognition of the possible adverse impact to Guam's economy of providing health care, education, job training and public assistance to the peoples of foreign nations not domiciled on Guam, Congress promised to appropriate sums to cover costs incurred by Guam resulting from any increased demands placed on educational and social services by immigrants from the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau (collectively known as the Freely Associated States, or FAS). Annual reports are to be submitted to the Secretary of the Department of the Interior who "shall review and forward any such reports to the Congress with the comments of the Administration," pursuant to Public Law 106-504.

A provision in Public Law 108-188 authorized the President of the United States, at the request of the Governors of Guam and the Commonwealth of the Northern Mariana Islands (CNMI), to release, reduce, or waive, in whole or in part, any amounts owed to the United States Government as an offset for past un-reimbursed Compact impact costs by their respective governments. Guam's Compact Impact Reconciliation Report and the attestation by an independent accounting firm was submitted to the Department of the Interior on April 13, 2004. The un-reimbursed Compact Impact cost for the period FY 1987 to FY 2003 totaled \$269 million. The un-reimbursed cost include \$178 million for education, \$48 million for health, welfare and labor, and \$43 million for public safety.

This report examines the amount of assistance provided to citizens of the Freely Associated States by Guam for the period FY 2004 through FY 2011 and provides update to the Compact Impact Reconciliation Report. The Government of Guam finds that the currently identified locally funded cost incurred for providing educational and social services to citizens of the Freely Associated States was \$31.46 million in FY 2004, \$28.68 million in FY 2005, \$42.63 million in FY 2006, \$47.87 million in FY 2007, \$53.87 in FY 2008, \$64.91 million in FY 2009, \$71.37 million in FY 2010 and \$96.88 million in FY 2011 for a total of **\$440.67 million** (unaudited) for the past eight fiscal years.

The Department of Military Affairs is tasked with controlling the operations of the Guam Army and Air National Guard and protecting Guam and the United States of America in time of war, rebellion, riot, imminent danger or any state of emergency. ## GOVERNMENT OF GUAM AGENCIES NOT SEEKING REIMBURSEMENT

### 1. Agency for Human Resources Development

The Agency for Human Resources Development (AHRD) is the Administrative Entity and Grant Recipient of federal funds for programs, activities and services under the Workforce Investment Act (WIA) of 1998. AHRD is a line agency of the Government of Guam, established by local Public Law 17-81. The act mandates federal programs to provide services through a comprehensive "One-Stop" system. Under WIA, training and related assistance are provided to economically disadvantaged youths, adults, and dislocated workers and others who face significant barriers to employment to gain the academic and occupational skills that will maximize their potential to be efficient and productive in a competitive global economy.

The cost for services to FAS citizens by the Agency for Human Resources Development was \$103,356 for FY 2004.

### 2. Guam Housing and Urban Renewal Authority

The Guam Housing and Urban Renewal Authority (GHURA) was established under Public Law 6-135 in 1962. The Authority was created as a public housing agency within the meaning of the United States Housing Act of 1937, as amended, and as a local public housing agency within the meaning of Title I of the Housing Act of 1949, as amended. It is tasked to manage and operate projects established for low-income families with the purpose of providing safe, decent, and sanitary housing for families of low income. GHURA is 100 percent federally funded through the Department of Housing and Urban Development. The Guam Housing and Urban Renewal Authority manages three assisted housing programs: Low-Income Public Housing, Section 8, and the Tumon Elderly Project.

The Government of Guam does not seek reimbursement through Compact provisions for the use of GHURA's housing programs by FAS citizens because GHURA and its programs are 100 percent federally funded. However, Guam considers the cost of providing housing assistance to the continuous in-migration of low-income families from the FAS a displacement cost (expenditures to the benefit of FAS citizens that would otherwise have been to the benefit of the permanent resident population.).

The Guam Housing and Urban Renewal Authority has found that the cost of providing services to citizens from the Freely Associated States was \$6,421,704 for FY 2004.
