DOI-OS-2024-000002	Evans, Sam	Southern Environmental Law Center and Defenders of Wildlife	-	Pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, the Southern Environmental Law Center ("SELC") hereby requests access to the following records: 1. Any and all records relating to the U.S. Forest Service's categorical exclusion for timber stand and wildlife habitat improvement activities ("the CE"). In its current form, the CE categorically excludes from further analysis and documentation in an EIS or EA the following: "Timber stand and/or wildlife habitat improvement activities that do not include the use of herbicides or do not require more than 1 mile of low standard road construction. Examples include, but are not limited to: (i) Girdling trees to create snags; (ii) Thinning or brush control to improve growth or to reduce fire hazard including the opening of an existing road to a dense timber stand; (iii) Prescribed burning to control understory hardwoods in stands of southern pine; and (iv) Prescribed burning to reduce natural fuel build-up and improve plant vigor." Your search should include, without limitation, the following time periods: (1) the time period surrounding the drafting of the original version of the CE in 1979, when the CE was first included in Forest Service Handbook 1909.15; (2) the time period surrounding the 1992 revision of Forest Service NEPA policy; the time period surrounding the 2007-2008 informal rulemaking process that codified the CE at 36 C.F.R. § 220.6(e)(6); and any other time periods during which CEQ communicated with the Forest Service or the Department of Agriculture about the CE. Your search should further be designed to identify records related to any broader group of categorical exclusions that includes the CE, whether or not the CE is discussed individually. Responsive records should include, without limitation, records related to the development of, edits to,	Simple	-	01/18/2019	10/02/2023	Granted/Denied in Part	10/30/2023

				<p>expected use of, scope of, effects of, or limitations associated with the CE. 2. Any and all records documenting the Forest Service's application of procedures adopted pursuant to 40 C.F.R. § 1508.4 to determine that activities authorized under the CE will not have significant effects, either individually or cumulatively. This request includes the procedures themselves, including any and all versions adopted or existing at any time after November 29, 1978. Please include in your response any drafts, internal recommendations, or other deliberative records, keeping in mind that records greater than 25 years old cannot be withheld under the deliberative process exemption. 5 U.S.C. § 552(b)(5). Please include records up to the date that the agency commences its search for responsive records. If you take the position that any of the above-described public records or portions thereof are not open to public inspection under FOIA, please explain the basis for your position and justify any withholdings or redactions by reference to specific FOIA exemptions, identifying any reasonably foreseeable harm that would be caused by disclosure of each document withheld with specific supporting facts.</p>
