

Budget Narrative

Applicants must include a budget a narrative that describes and justifies requested budget items and costs. In your budget narrative, describe how the SF-424A Budget Information, “Object Class Category” totals were determined. For personnel salary costs, generally describe how estimates were determined by identifying what type of staff will support the project and how much time they will contribute to the project (in hours or workdays). Describe any proposed [items of cost that require prior approval](#) under the [Federal award cost principles](#), including any anticipated subawarding, transferring, or contracting out of any work under the award. If equipment previously purchased with Federal funds is available for the project, provide a list of that equipment and identify the Federal funding source.
