Introduction

The U.S. Department of the Interior, Office of Hearings and Appeals (OHA) has adopted a web-based application for electronically filing (eFiling) and serving documents with the participating units within OHA: the Office of the Director (DIR), the Departmental Cases Hearings Division (DCHD), the Interior Board of Indian Appeals (IBIA), the Interior Board of Land Appeals (IBLA), and the White Earth Land Settlement Act Hearings Division (WELSA). Named Bison File & Serve (BFS) in honor of the Department's insignia, it allows registered system users to start a new case, file documents with OHA, and receive automated email notifications when documents are added to the case — all by electronic transmission. There is no fee to use this application.

All system users must register before using BFS. Before you can electronically file a new case with OHA or join an existing case using BFS, you must first register to use the system. Please consult the *User Guide for eFiler Registration and Login* before registering. This Guide provides **Non-DOI Users** with step-by-step instructions for eFiling a new case and for joining an existing case with OHA. If you are a **DOI User**, then please see *The DOI User Guide* for information on initiating, transmitting, or joining a case in BFS.

Terms and Definitions

Key terms as used within this Guide are explained below.

- **Initiate, Initiation** – When a system user submits a document(s) through BFS to begin a new case with an OHA unit.
- **Join a Case** – When a system user submits a request to an OHA unit to be granted electronic access to a case. When a user is granted access, they are permitted to view limited case information, file and be served with documents in the case, and view and download documents filed or issued in the case.
- **Non-DOI User** – A system user who is neither employed by the U.S. Department of the Interior (DOI) nor transmitting documents on behalf of a DOI bureau or office pursuant to contractual or delegated authority. Non-DOI users can be:
 - An attorney representing an individual, entity, organization, or corporation challenging a DOI bureau or office decision to OHA;
 - A non-attorney authorized to practice before DOI under 43 C.F.R. §§ 1.3 and 4.3 who is representing an individual, entity, organization, or corporation challenging a DOI bureau or office decision to OHA;

- An individual challenging a DOI bureau or office decision to OHA on his/her own behalf.
- **DOI User** – A system user who is either employed by DOI or who is transmitting documents on behalf of a DOI bureau or office pursuant to contractual or delegated authority. Examples include:
 - Bureau or office employees transmitting via BFS case-initiating documents (i.e., notices of appeal, complaints, requests for hearing, etc.) and/or all or part of the bureau or office administrative record or other supporting documents;
 - Other non-attorney DOI bureau and office employees who, for example, can eFile a request for a hearing with the Office of the Director on the validity of a debt for a bill the employee received due to a payroll error, and who are otherwise filing a request for a hearing or an appeal on their own behalf.
 - Attorneys from DOI’s Office of the Solicitor filing a case on behalf of a DOI bureau or office (i.e., Office of the Solicitor appealing on behalf of BLM a DCHD grazing decision to IBLA);
 - WELSA Project employees.
- **System User** – Any registered user of the BFS system, whether they are affiliated with the U.S. Department of the Interior.

Non-DOI User Home Screen

Before eFiling or joining a case, first familiarize yourself with the system. Upon login, BFS automatically directs you to your home screen. From the eFiler home screen, eFilers have access to the “My Cases” interface, which provides eFilers with a snapshot of critical information for each case the eFiler initiates or joins. From the eFiler home screen, eFilers can file new cases, request to join pending cases, access their existing cases, and find quick links to other online resources.

1. How to Navigate the Home Screen

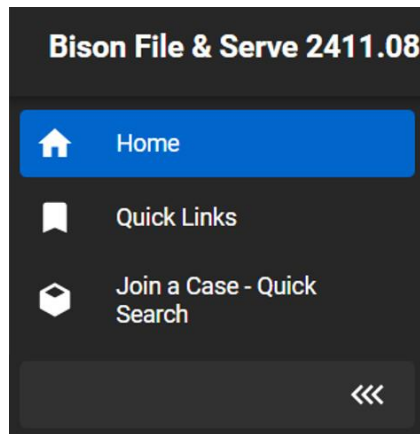

The **home screen** is the first screen you will see when you log in to BFS with your Non-DOI User account.

There is a **navigation bar** on the left side. If you only see icons, you can click the **white arrows** near the bottom of the navigation bar to expand it.

When you expand the navigation bar, you will see three options:

Home, Quick Links, and Join a Case – Quick Search.

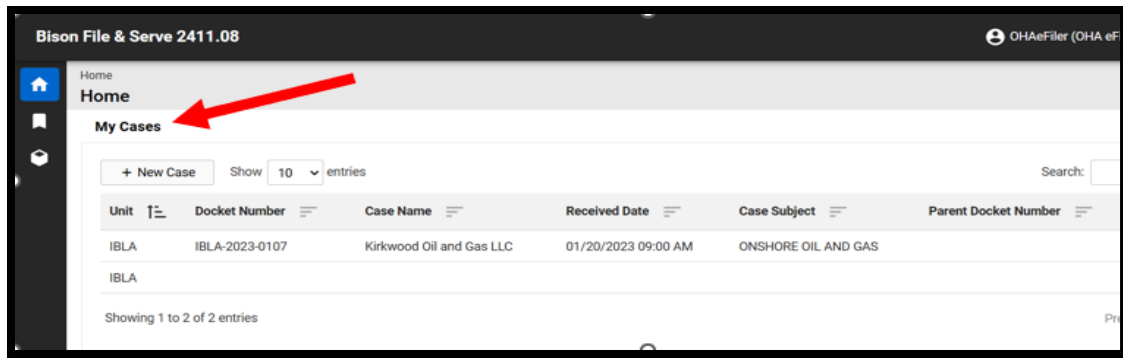

a. Home and My Cases Queue

Your home screen serves as the main landing page where you can eFile new cases and access cases that you have already filed or joined.

The main feature of the home screen for an eFiler is the “My Cases” queue.

INTENTIONALLY LEFT BLANK

The first time you log in to the system, the “My Cases” queue will be empty. This is because you have yet to file a new case with OHA or join an existing case. Only cases initiated or joined in BFS will appear in this queue. The “My Cases” queue will also display all the cases that you have joined as a party, party representative, or in some other role (such as a Departmental employee transmitting a case or an ADR provider).

NOTE: You will **not** see cases in the “My Cases” queue that you have requested to join but have not yet been approved to join. If your request to join a case is approved by the OHA unit, the case will appear in your “My Cases” queue at that time.

As the column headings indicate, Non-DOI Users can review the following case information in the queue at a glance:

- **Unit:** The OHA unit where the case was initiated,
- **Docket Number:** The unique number the relevant OHA unit assigns to the case,
- **Case Name:** The name the relevant unit assigned to the case,
- **Received Date:** The date and time that the case-initiating documents were submitted to OHA,
- **Case Subject:** The category the relevant OHA unit assigned to identify the type of issues in the case,
- **Parent Docket Number:** The docket number of the “parent case,” or the “lead case” in a consolidated grouping, i.e., cases being treated as a single case for administrative reasons, will display here if one has been assigned,
- **Status:** The case status (i.e., open, suspended, or closed).

If you have initiated a case that has not yet been reviewed by OHA, the queue will show limited information until OHA processes the case.

You can click the sort icon next to any column (highlighted in yellow above) to sort by the information in that column.

To the right of the “New Case” button is a drop-down menu that allows you to choose how many cases you see on this page. If you do not see the case you are looking for, then you can either increase the number of cases shown in the queue or use the “Search” bar on the right side of the “My Cases” queue to search for the case.

NOTE: The “Search” bar to the right side of the screen will only search **your cases**. You may search by text or numerical values (e.g., docket numbers), and the search will return all cases in your “My Cases” queue that contain that text or number in the fields shown in the queue. To search for a case that you have not yet joined, follow the steps below for joining a case.

b. Quick Links

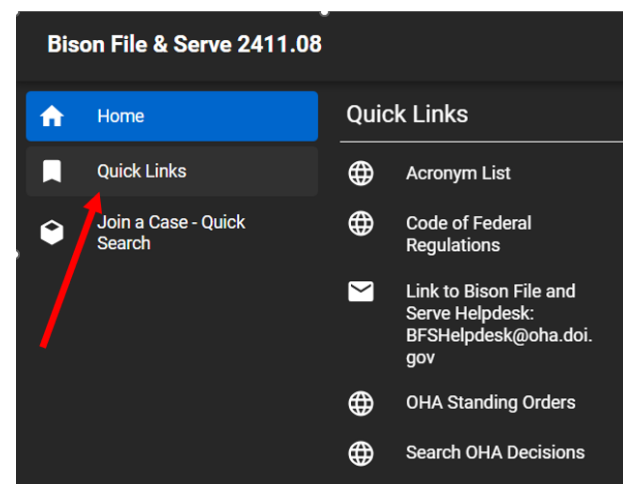

The following Quick Links are available:

1. Acronym List

The Acronym List is a glossary of commonly used acronyms in BFS filings. It includes acronyms such as agency and bureau names, OHA components, legal authorities, and BFS terms.

2. Code of Federal Regulations

The Code of Federal Regulations is the source of many of the legal authorities that are relevant in OHA cases. Clicking the link opens an external site maintained by the National Archives that provides the current version of the Code of Federal Regulations. The link

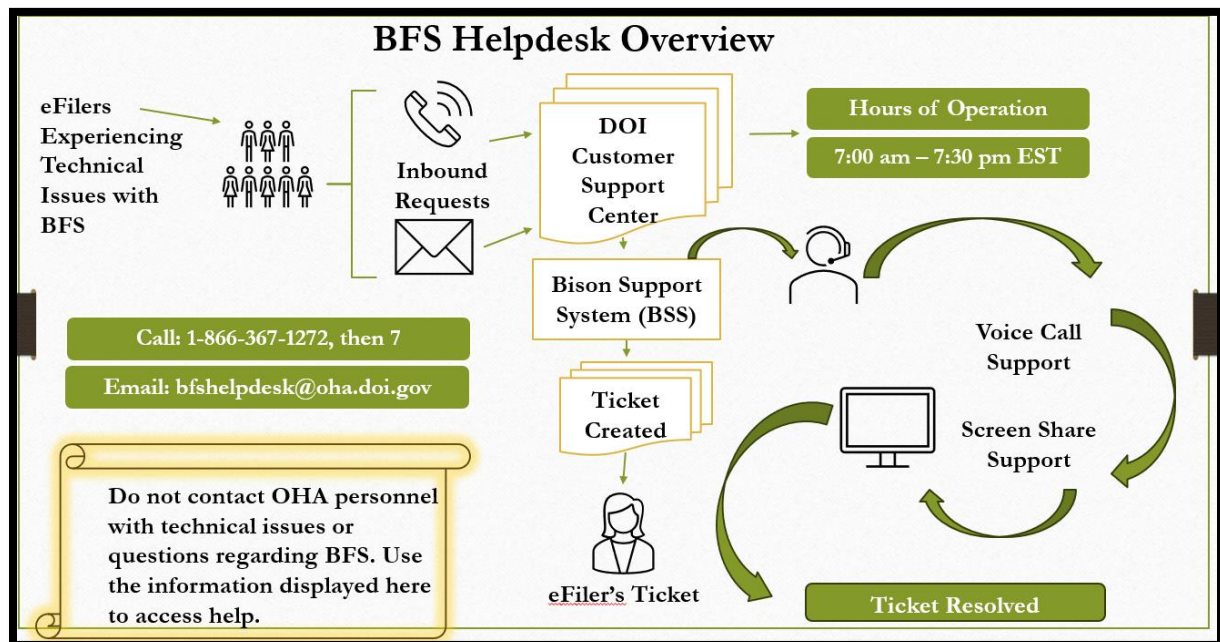

opens to Title 43, which contains DOI regulations. OHA regulations are found in Subtitle A, Part 4.

3. BFS Helpdesk

Clicking the link will open your operating system's default email application with the BFS Helpdesk email address already filled in. You can complete the email to contact the BFS Helpdesk with questions.

IMPORTANT: If you are experiencing technical problems with BFS that prevent you from completing your electronic transmission, you must provide supporting evidence of the problem in your email (i.e., a copy of the error message you are receiving or a screen print of an error page). For more details, please consult [the BFS Helpdesk website](#).

4. OHA Standing Orders

OHA has published standing orders to govern some aspects of OHA proceedings that are not addressed in the Code of Federal Regulations, including electronic transmission of documents in cases before OHA. Clicking the link will open OHA's web page listing the standing orders currently in effect. Please review the [Standing Orders](#) before eFiling.

5. Search OHA Decisions

OHA's Boards and Divisions rely on past decisions as precedent. To make a well-supported and persuasive argument in an OHA case, it is helpful to identify precedents that are

relevant to your arguments. Clicking the link will open OHA's web page with a searchable database of OHA decisions.

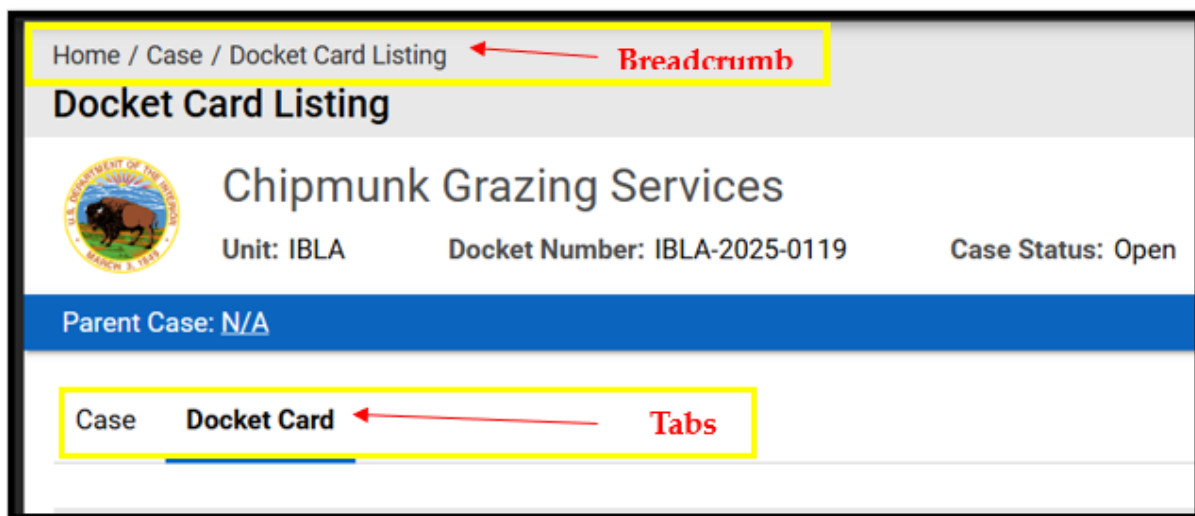

c. Join a Case – Quick Search

If a case has already been filed and you want to join that case as an eFiler party, interested party, representative, or other approved role, you must submit a request to OHA to join the case. In the navigation bar on the left side of the screen, you can hover the cursor over the box icon and click on “Join a Case – Quick Search” to locate the case you wish to join. To submit a request to join a case, follow the step-by-step instructions in the Join a Case section below.

System Note: The Breadcrumb

To navigate between your home screen and other pages within BFS, system users must either click on the provided tabs or use the breadcrumb – a path of links separated by forward slashes in the top, left corner of the screen – that lists where you are in the system. For security purposes, the system does not allow your browser to cache information, and as a result, your browser's Back and Forward buttons cannot be used for navigation.

Initiating a New Case with OHA as a Non-DOI User

Any Federal, State, or local agency, or any attorney representing a person or entity, seeking to participate in a case with OHA must do so by using BFS. BFS will automatically serve these

entities and individuals through the system, as discussed below. Unrepresented parties initiating or participating in a case with OHA are not required to use BFS, but they are strongly encouraged to do so.

To File case-initiating documents as a Non-DOI User, log in to BFS. Under the “My Cases” section of the home screen, click the button labeled “+ New Case.” There is a five-step process for filing a new case, which is detailed below.

Step 1: Disclaimer

Read the important information provided in this step. The disclaimer listed here summarizes regulatory filing and service requirements and must be accepted before you may use BFS.

Filers may submit documents electronically to the Office of Hearings and Appeals (OHA) through Bison File & Serve as authorized by the OHA Standing Orders on Electronic Transmission available on the OHA website. Electronic filing of a document does not relieve the filer of the obligation to serve that document on interested parties to a case that have not consented to electronic service through the Bison File & Serve system. Please ensure that any notices of appeal uploaded into this system are filed or served, as applicable, with the office of the official that issued the decision being appealed.

OHA uses Bison File & Serve to receive official filings electronically in lieu of paper filings. Sending a document directly to an OHA unit via e-mail, rather than through Bison File & Serve, does not constitute electronic filing unless otherwise specified by that unit.

Documents filed electronically must be transmitted by 11:59 pm Eastern Time (DIR, IBLA, IBIA), by 11:59 pm Central Time (WELSA), or by 11:59 pm Mountain Time (DCHD) on the day the document is required to be filed with the applicable OHA unit to be considered timely filed.

At all times, any person filing electronically assumes the risk of all errors not solely attributable to a malfunction of Bison File & Serve that may result in the inability to complete an electronic transmission. If the filer experiences problems with Bison File & Serve, please contact the system administrator at BFSHelpdesk@oha.doi.gov. The filer should provide supporting evidence of the problem, such as a copy of an error message or screen print of an error page. OHA will verify reported outages of Bison File & Serve.

Check the box acknowledging that you have read through and understand the policies and procedures and that you agree to abide by them.

I acknowledge that I have read and understood the above policies and procedures in their entirety and agree to abide by them.

Click “Save” to move on to Step 2.

NOTE: Clicking “Save” at any point in the submission process will save the entries you have made and allow you to return to the case submission process later. You can find all saved draft cases listed in the “My Cases” queue on your home screen. Saved draft cases will appear as blank lines on the “My Cases” queue until all steps are completed and the case is submitted to OHA. Clicking on the blank line will open the cases.

1. Where Do You Want to File the Case?

You may file a case with one of five OHA units:

- Departmental Cases Hearings Division
- Office of the Director
- Interior Board of Indian Appeals
- Interior Board of Land Appeals
- White Earth Land Settlement Act Hearings Division

2. Which Bureau or Office is Relevant to the Case?

Select the bureau or office that is relevant to your case. Typically, this is the bureau or office that issued the underlying decision being challenged. Only the bureaus and offices over which the selected OHA unit exercises jurisdiction will be listed here. If you cannot locate the bureau or office you are looking for, then you may need to double check that the OHA unit you selected is correct.

3. Bureau/Office Acronym List

When clicked, this hyperlink takes the system user to a separate window containing an alphabetical list of the commonly used acronyms for agency and bureau names and OHA units, and other common terms used in the system.

4. Are You a Department of the Interior Employee?

Non-DOI Users eFiling documents with OHA should select **No**.

Step 3: Contact Information

Next, you must select whether you are initiating a case: (1) only on behalf of yourself; (2) on behalf of yourself and someone else (i.e., another party or parties); or (3) only on behalf of someone else (i.e., another party or parties). Read the instructions below for guidance on which option to select.

A. Filing Only on Your Own Behalf

Do not select this option if you are a representative. If you are initiating a case only on your own behalf, for example, as a pro se appellant, select **Myself** from the drop-down list. BFS will use the contact information you provided when registering for a BFS account to automatically create a party record in the case.

Are You Filing Only On Your Own Behalf, On Behalf of Yourself and Someone Else, or Only On Behalf of Someone Else? *

Myself ▼

B. Filing On Behalf of Yourself and Someone Else

If you are initiating a case on behalf of yourself and any other party or parties, select **Myself and Someone Else** from the drop-down list. Do not select this option if you are only filing on behalf of another party or parties.

As a non-DOI User, you might use this option if you are filing on behalf of both yourself and another individual or entity that you are authorized to represent, such as a member of your family or a non-profit organization of which you are an officer. You do not need to fill in contact information for yourself; BFS will use the contact information you provided when registering for a BFS account to automatically create a party record in the case. However, you must provide contact information for any additional parties that you represent by following the instructions below on how to Create New Initiating Parties.

C. Filing on Behalf of Someone Else

Are You Filing Only On Your Own Behalf, On Behalf of Yourself and Someone Else, or Only On Behalf of Someone Else? *

Someone Else ▼

If you are a representative, select **Someone Else** from the drop-down list. For example, if you are an attorney or otherwise authorized to practice before OHA, such as an employee or officer filing for a company or organization, select this option. See 43 C.F.R. §§ 1.3, 1.4. You must provide contact information for each party that you represent following the instructions below on how to Create New Initiating Parties.

D. Creating New Initiating Parties

If you are filing on behalf of yourself and someone else, or only on behalf of someone else, you must provide contact information for each party that you represent or who are joining you in initiating a case with OHA, e.g., a spouse. To enter the contact information, click the button labeled “Create New Initiating Parties.”

A new window will open inside your web browser. You must add each party separately. Enter the required information, including the first and last name of the initiating party and/or the name of the entity or organization to which the party belongs. This information is used to identify the parties to the case.

Note: You only need to enter the contact information for the initiating parties you represent.

After entering the party’s contact information, click “Save.”

The party’s name and/or organization name will display in the “Additional Initiating Parties” subheading.

Prior to submitting the case, you can delete the party's information by clicking the "Delete" button next to the party you want to delete.

You may also modify the party's information. Click on the party's name hyperlinked to the right of the "Delete" button to reopen the party information form.

Continue to add contact information for each party you represent. You may enter as many parties as needed. Once the case is submitted, you may no longer edit or add additional initiating party information using the Create New Initiating Parties feature.

Step 4: Electronic Service on the Department of the Interior

When submitting case-initiating documents via BFS, you may electronically serve case-initiating documents on relevant DOI bureaus or offices. For most cases, you will need to serve the DOI bureau or office that issued the decision being challenged *and* the appropriate Office of the Solicitor. Consult the regulations of the relevant OHA unit for additional guidance on who must be served with copies of the case-initiating documents.

IMPORTANT: It is not possible to electronically serve your case-initiating documents on non-Departmental persons or entities through BFS. You must serve your case-initiating documents on those persons or entities by other means, as described in the OHA Standing Order(s) on Electronic Transmission (available on the OHA website). Please ensure that you follow the governing service requirements for your type of case. Failure to comply with regulatory service requirements may result in dismissal of your case.

To electronically serve the proper DOI bureaus or offices, you must select the relevant bureaus or offices from the multi-select drop-down list and add them to the service list. First select the bureau/office you wish to serve. They are listed in alphabetical order. Then, choose the specific individual or entity you want to serve from the selected Bureau/Office's Service Parties list.

Based on your selection, a Service Parties Sub-list may also appear, if applicable. Continue to select the relevant individuals or entities from the sub-list before clicking the "Update Service

List” button. If you did not select all relevant bureaus or offices at once, you may repeat this process to select another DOI bureau or office for electronic service.

IMPORTANT: A party will not be added to the service list unless you click the “Update Service List” button. If you select a party from the drop-down list without clicking the “Update Service List” button, that party will NOT be served with your case-initiating documents when the case is submitted to OHA.

Once completed, your selections will appear next to the “Final DOI Service List” field.

Final DOI Service List

Delete (BLM) - (California) - California State Office

Delete (SOL) - Pacific Northwest Regional Office

You can delete an office or bureau from the service list before submitting a case by clicking the “Delete” button to the left of it.

If you select more than two bureaus or offices to serve, you can view those selections by using the scroll bar to the left of the window.

Before clicking “Submit,” make sure that all DOI bureaus and offices you need to serve are listed on the “Final DOI Service List.”

Once the case is submitted, an email attaching the case-initiating documents will be sent to all bureaus and offices selected to receive service in Step 4.

Step 5: Document Upload

At the document upload step, you **must** upload documents to initiate your case. The type of documents that are required vary based on the OHA unit to which you are submitting your case. More information on specific case-initiating documents by OHA unit can be found in Appendices 1 and 2. Ensure you are familiar with the documents required by regulation to initiate a case.

Upload New Document

To begin your document upload, click the “Upload New Document” button. A new window will open within the current page.

A. The Upload New Document Pop-up Window

The pop-up window contains the following five fields:

1. Document Type

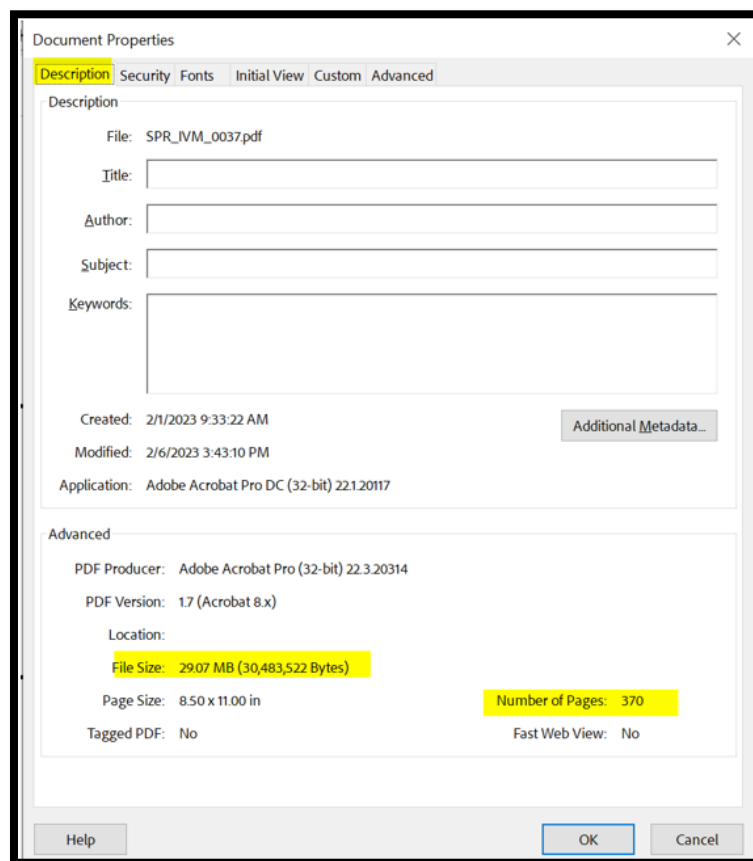

This field is automatically set to “Docket Action,” which indicates that the document will be recorded on the docket card associated with the case. All eFiled documents are saved to the docket card and can be viewed by all other parties participating in the case via BFS unless they are properly designated as privileged or confidential. System users cannot change this field.

2. File

This field requires system users to select from their own digital files the initiating documents they want to eFile in the case. Before uploading a document, be aware of the following requirements and limitations:

- a. **Type:** For document uploads, the only acceptable file formats are Portable Document Format (.pdf), Word Document (.doc or .docx), or images (.jpg/.jpeg). Zip files (.zip) are not accepted. The files must not be password protected or otherwise locked.
- b. **Size:** For case initiation, the maximum total *submission* size is 30 megabytes (MB). *For reference, a 30 MB .pdf file that is primarily text can contain roughly 300 pages*. The file size limitation ensures that your documents can be served as email attachments on any bureau or office selected in Step 4.

TIP: To determine the size of a .pdf document, open it in Acrobat, and press the ctrl and D keys on your computer keyboard, which opens the Documents Properties window. The file size is listed on the Description tab. Multiple documents can be uploaded at the case creation stage, but they cannot together exceed 30 MB.

- c. **Name:** The name you gave the file you are uploading from your own computer or device cannot exceed 60 characters per upload. While there are no mandatory file naming conventions, the file name will be visible to OHA and all parties to the case that have registered with BFS, so it is a best practice to use a professionally descriptive file name that clearly indicates the content of the document.

3. Date-stamped File

This field remains blank until your documents are submitted to OHA. Once submitted, your documents will be listed here. The name you gave the document you uploaded from your own computer or device will display; OHA cannot change this setting. The system will automatically generate and apply a date stamp to the document that shows the date of submission and the unit to which the document was submitted.

4. Part Number of Document

A document that exceeds the 30 MB file size limit must be broken into parts as detailed below under the heading “Uploading Multi-Part Documents.”

5. Action Type

When Non-DOI Users eFile a case with OHA, they can submit certain documents that start the adjudication process. The “Action Type” field on the case information page contains an alphabetized drop-down list of documents. The “Action Type” field refers to the specific filing being uploaded to a case.

Each Action Type may also include sub-types for more detailed filing classification. The available Action Types vary depending on the selected OHA unit. More detailed and specific information about Action Types by OHA unit is located in **Appendices 1 and 2**.

- Certificate of Service
- Motion
- Notice of Appeal
- Notice of Appearance

- Petition for Stay

Your Action Type selection from the drop-down list may trigger the “Action Sub-Type” field to display. The “Action Sub-Type” field limits the type of document selected in the Action Type drop-down list. Certain selected Action Sub-Types trigger the “Action Sub-Sub-Type” field to display, which further limits the type of document selected in the Action Sub-Type drop-down list.

Action Sub-Type

Save

- Other
- Statement of Standing
- Statement of Timeliness
- Underlying Bureau/Office Decision or Order

You do not have to fill in the Action Sub-Type and Action Sub-Sub-Type fields, but it is strongly encouraged. Processing eFiled documents is more accurate and efficient when OHA has the most detailed information you can provide.

You can only select one Action Type per document. If you combine different filings into one document, the Action Types for those additional filings may not be properly recorded on the docket. For example, if you combine a Notice of Entry of Appearance and Motion for an Extension of Time to File an Answer into the same document, and then you select the Notice of Entry of Appearance from the Action Type drop-down list, the system will only docket the Notice of Entry of Appearance.

IMPORTANT: Selecting the proper Action Type is important because it ensures that the filing is accurately categorized within the case, making it easier for judges, parties, and other system users to identify and process the document. Proper categorization helps maintain an

organized Docket Card, prevents delays caused by misfiled documents, and ensures compliance with deadlines and court orders. Selecting the proper Action Type is also essential to protect privileged and confidential information from being improperly disclosed to OHA and/or parties to the case.

Uploading Multi-Part Documents

To upload a multi-part document, select “1” for the first part from the “Part Number of Document” drop-down list. Then select the appropriate Action Type from the drop-down list by following the Action Type instructions detailed below.

After selecting the appropriate Action Type, click “Save.”

The screenshot shows a web form titled "Document Type *" and "Docket Action". It contains several text-based instructions in red, a "File *" upload area with a "No File Selected" button and an upload icon, a "Date-stamped File" section, and a "Part Number of Document" dropdown menu. The dropdown menu is open, showing a list of numbers from 1 to 7, with the number 6 highlighted in blue. Below the dropdown is an "Action Type *" dropdown menu and a blue "Save" button.

The maximum file size for uploads is 30 MB. Documents that exceed 30 MB must be uploaded in parts.

File names may not exceed 60 characters per upload. Zip files are not accepted. **The acceptable file formats are .pdf, .doc, or .jpeg.**

Warning: If you would like to submit a privileged or confidential document, please ensure you select the appropriate document type from the drop-down list. Documents that are not uploaded under the privileged or confidential document types will be immediately viewable by other parties to the case upon submission.

You may then upload subsequent parts by clicking the “Upload New Document” button again, selecting the same Action Type and appropriate files to upload, and choosing sequential part numbers. You may upload a maximum of eight file parts. Once all parts of a multi-part document appear under the “Document Upload” section, the multi-part document is ready to file.

All parts of a multi-part document should be submitted at the same time to ensure proper docketing.

Uploading Privileged/Confidential Documents

If you would like to submit a privileged or confidential document when initiating a new case with OHA, please ensure you select the appropriate Action Type from the drop-down list. Each OHA unit has different options available for uploading confidential documents. Generally, the request to limit disclosure of confidential information **MUST** be uploaded separately from the confidential document itself. Privileged documents do not need to be filed with a request to limit disclosure because 43 C.F.R. § 4.31 does not apply to privileged documents. More detailed and specific information about eFiling privileged or confidential documents by OHA unit is located in Appendix 3.

IMPORTANT: Documents that are uploaded will be immediately viewable by all parties who have access to the docket card via BFS upon submission. Case-initiating documents that are not uploaded under the appropriate privileged or confidential Action Types will be immediately viewable by other parties to the case upon submission.

Final Steps and Submission

Once you have selected your file and assigned an Action Type (along with an Action Sub-Type or Sub-Sub Type, if necessary), click the “Save” button. The Document Upload window will close, and the file will appear next to the “Case Documents” field. Note that there is a scroll bar to the right. If you have more than three documents to file, then you will need to use the scroll bar to access your uploaded document before submission, if necessary.

Step 5: Document Upload

Upload New Document

Case Documents

- Delete [Notice of Appeal.pdf \(Docket Action\)](#)
- Delete [Statement of Standing.pdf \(Docket Action\)](#)
- Delete [Statement of Timeliness.pdf \(Docket Action\)](#)

If the listed file is not the document you want to upload, you can delete your file by clicking the “Delete” button next to the document name.

Changing Your Document(s) After Upload but Before Submission

Prior to submitting the case, you have the option of replacing your file with a new document or renaming the current document. To do so, click on the file name hyperlinked in blue. This will re-open the document submission form.

You can replace your file by going to the “File” field and clicking the up-arrow icon; or you can rename your file by clicking the three-dot icon. You may also change the Part Number or Action Type. Click “Save” after making any desired changes.

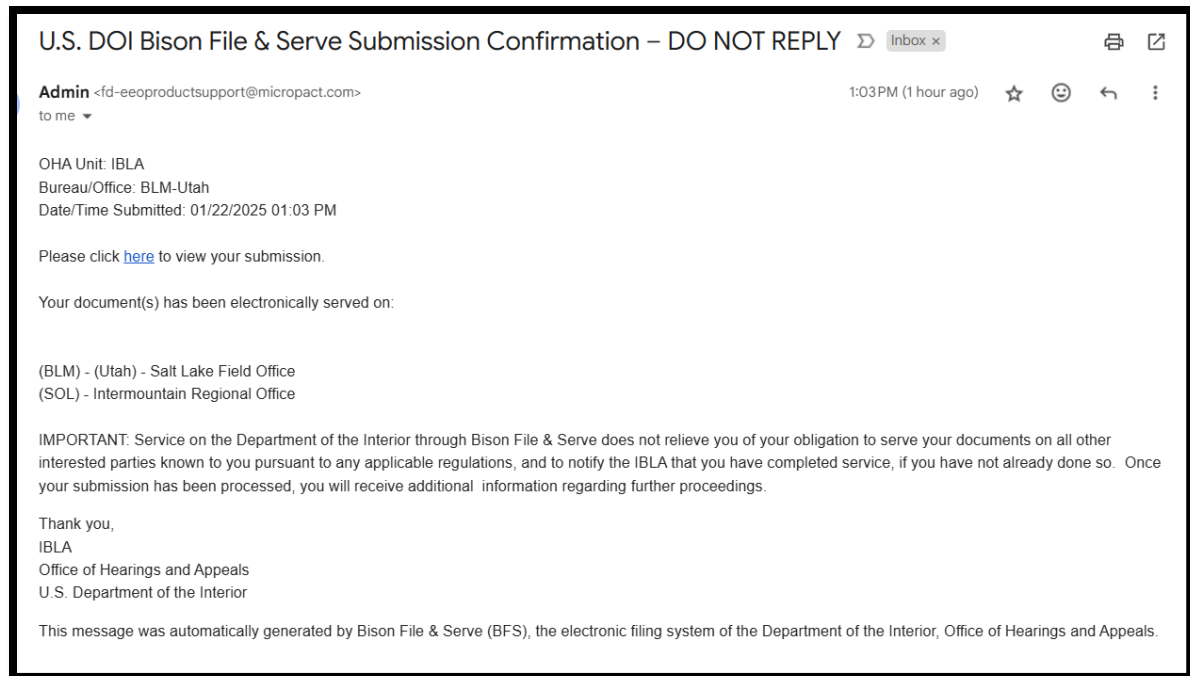

You may continue uploading additional case-initiating documents by clicking the “Upload New Document” button in Step 5 and repeating the same process as before.

Submitting Your Case-Initiating Documents to OHA

Once all the documents you wish to upload appear next to the “Case Documents” field, you are ready to submit the case. Click the “Submit” button at the bottom of the page. If your case has been successfully submitted, you will see a red confirmation message at the top of the page upon completion.

After successfully submitting the case, you will also receive an e-mail notification confirming the submission and the bureaus/offices that were served with your documents.

Post-submission Case Information Page

Once you have submitted your case-initiating documents to the OHA unit you selected in Step 2, your case will be automatically directed to the relevant OHA unit for processing. To locate your submitted case, return to the “My Cases” queue on the eFiler BFS home screen. Your case will not yet have an assigned docket number or case name. This information will not appear until the relevant OHA unit has processed the case.

When you click on the case in your “My Cases” queue, you will be taken to the Case Information page. Until the case has been processed, the Case Information page will show a read-only copy of your case initiation form.

You may continue to file documents after submission from your Case Information Page by clicking the “Acknowledgement” button in Step 1, and then uploading new documents in Step 5. You must click the “Submit” button each time you wish to submit a document. After successfully submitting your document(s), you will receive an e-mail notification indicating that the Docket Card has been updated. More information about the Docket Card is discussed below.

You can view a date-stamped version of each document filed or issued in the case to confirm that the documents were submitted properly. To do so, click on the hyperlinked document under “Document Upload.” The document submission form will open, and a new file will appear next to the “Date-stamped File” field.

Join a Case

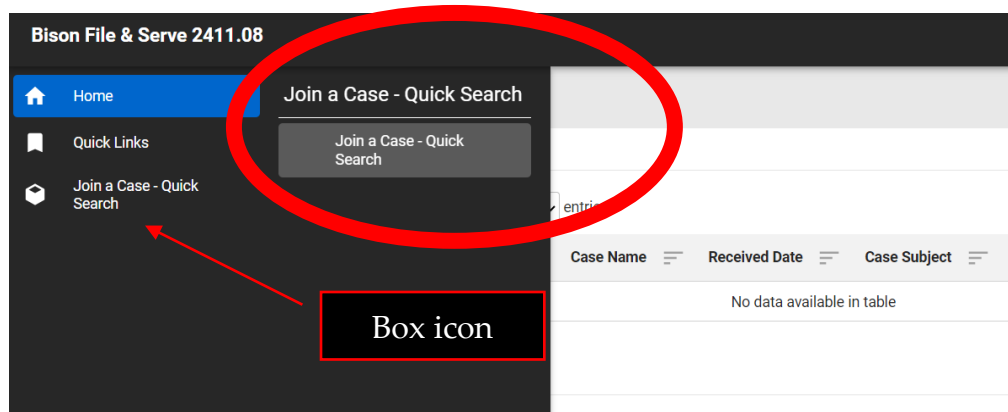

Non-DOI Users who seek to participate in a case they did not file must use BFS' "Join a Case" feature. A non-exhaustive list of Non-DOI Users required to use the "Join a Case" feature are:

- Co-representatives entering an appearance on behalf of a party to a case filed with an OHA unit;
- Representatives of an environmental organization seeking to intervene in an appeal;
- A Tribe seeking to file an amicus curiae brief.

You do not need to join a case if you were the party that submitted the new case.

Searching for a Case

If you want to join an existing case before OHA as a party or a representative, hover your cursor over the box icon on the navigation bar on the left side of the screen, then click on "Join a Case – Quick Search."

When you click on Join a Case – Quick Search, you will see a screen with search fields that will help you find the case you want to join.

Efiler Case Search - If you seek to join a child case in a consolidated grouping, you must file your join a case request in the parent case.

Click the link in the row listing the child case and you will be directed to the parent case for filing. The receiving OHA unit will associate your request to the parent and/or child case(s) as appropriate.

Unit: *

Docket Number:

Case Name:

Submission Date [begin date]: * (mm/dd/yyyy)

Submission Date [end date]: * (mm/dd/yyyy)

Date of Underlying Decision: (mm/dd/yyyy)

The **Required Fields** are marked with a red asterisk. If you do not fill out the required fields, you will receive an error message when you click the “Search” button.

The required fields are:

- Unit (i.e., the OHA unit in which the case is pending)
- Submission Date [begin date]
- Submission Date [end date]

The two “Submission Date” fields allow you to search for cases that were submitted to the relevant OHA unit during a defined date range. You can set a broad or narrow date range depending on how much information you have about when the case was filed. You can type dates directly into the field (in the format mm/dd/yyyy) or click on the calendar icon to select dates.

The Join a Case – Quick Search also contains **Optional Fields** to assist you in filtering your search results. They are:

- **Docket Number:** If you know the docket number of the case you are searching for, enter it here. This field also searches for partial docket numbers. For example, if you enter “15,” the system will return all docket numbers containing “15” (such as 2024-0015, 2024-0115, and 2025-0150).
- **Case Name:** If you know the name of the case you are searching for, enter it here. This field also searches for partial case names. For example, if you enter “oil,” the system will return all case names containing that text (such as “Standard Oil Co.,” “Boilermaker Mining Ltd.,” and “Robert Moilan, Jr.”).
- **Date of Underlying Decision:** If you know when the DOI decisionmaker issued the underlying decision that is the subject of the appeal, enter it here.

When you have completed the required fields and entered any additional information to filter your results, click “Search.”

Some cases are **consolidated**. This means that multiple cases have been filed that OHA is treating as a single case for administrative purposes (for example, because they involve the same parties or the same underlying agency decision).

When cases are consolidated, one of the cases is selected as the lead case known as the **parent** (listed in the **Parent Docket Number** column) and the other cases are considered **child** cases (listed in the **Child Docket Number** column). If you seek to join a child case, then you must file that request in the parent case under the parent docket number listed to the left of the child docket number.

Case

Step 1: Instructions

Filers may submit documents electronically to the Office of Hearings and Appeals (OHA) through Bison File & Serve as authorized by the OHA Standing Orders on Electronic Transmission available on the OHA website. Electronic filing of a document does not relieve the filer of the obligation to serve that document on interested parties to a case that have not consented to electronic service through the Bison File & Serve system. Please ensure that any notices of appeal uploaded into this system are filed or served, as applicable, with the office of the official that issued the decision being appealed.

OHA uses Bison File & Serve to receive official filings electronically in lieu of paper filings. Sending a document directly to an OHA unit via e-mail, rather than through Bison File & Serve, does not constitute electronic filing unless otherwise specified by that unit.

Documents filed electronically must be transmitted by 11:59 pm Eastern Time (DIR, IBLA, IBIA), by 11:59 pm Central Time (WELSA), or by 11:59 pm Mountain Time (DCHD) on the day the document is required to be filed with the applicable OHA unit to be considered timely filed.

At all times, any person filing electronically assumes the risk of all errors not solely attributable to a malfunction of Bison File & Serve that may result in the inability to complete an electronic transmission. If the filer experiences problems with Bison File & Serve, please contact the system administrator at BFSHelpdesk@oha.doi.gov. The filer should provide supporting evidence of the problem, such as a copy of an error message or screen print of an error page. OHA will verify reported outages of Bison File & Serve.

eFiler Acknowledgement * ☐ I acknowledge that I have read and understood the above policies and procedures in their entirety and agree to abide by them.

Under **Step 2**, you will see the case information for the case you have selected to join. Verify that you are requesting to join the correct case.

Step 3: Party Type Selection

Under **Step 3**, you must indicate your “Proposed Party Type.” A Proposed Party Type is the type of party that you think you would be if your request to join the case is approved. Each OHA unit has a unique list of proposed party types. Select the appropriate proposed party type using the drop-down menu.

A screenshot of a web form titled "Step 3: Party Type Selection". Below the title is a horizontal line. Underneath the line, the text "Proposed Party Type *" is followed by a white rectangular drop-down menu with a small downward-pointing arrow on its right side.

The Proposed Party Type choices for each unit are as follows:

- **Representative:** Use this option if you are an attorney or other authorized representative entering an appearance on behalf of a party in interest in a pending WELSA case. You must submit document(s) in support of your request to join a case, including a "Notice of Entry of Appearance."

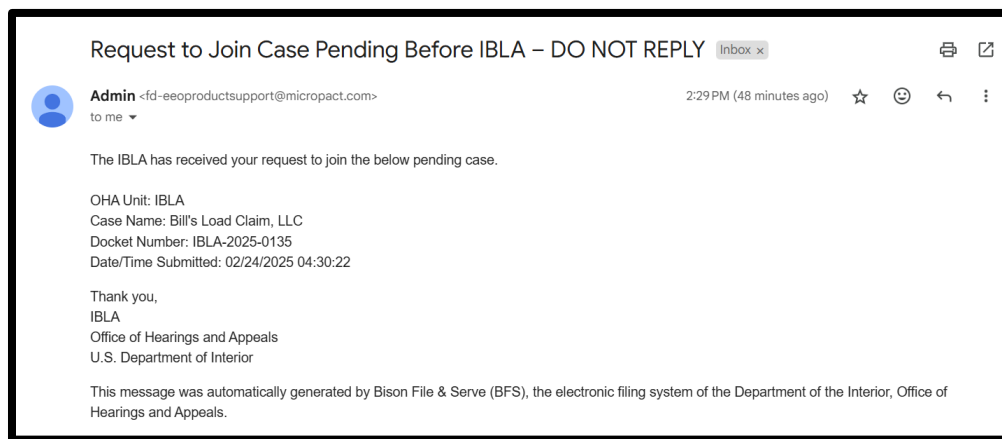

Under **Step 4**, you may submit a document to support your request to join a case. For certain proposed party types, documentary support for your request is required. If a document is required, the “Case Documents” field will display a red asterisk after you select your Proposed Party Type.

Once all the documents you wish to upload appear next to the “Case Documents” field, you are ready to submit your request. Click the “Request to Join” button at the bottom of the page. If your request has been successfully submitted, you will see a red confirmation message at the top of the page upon completion.

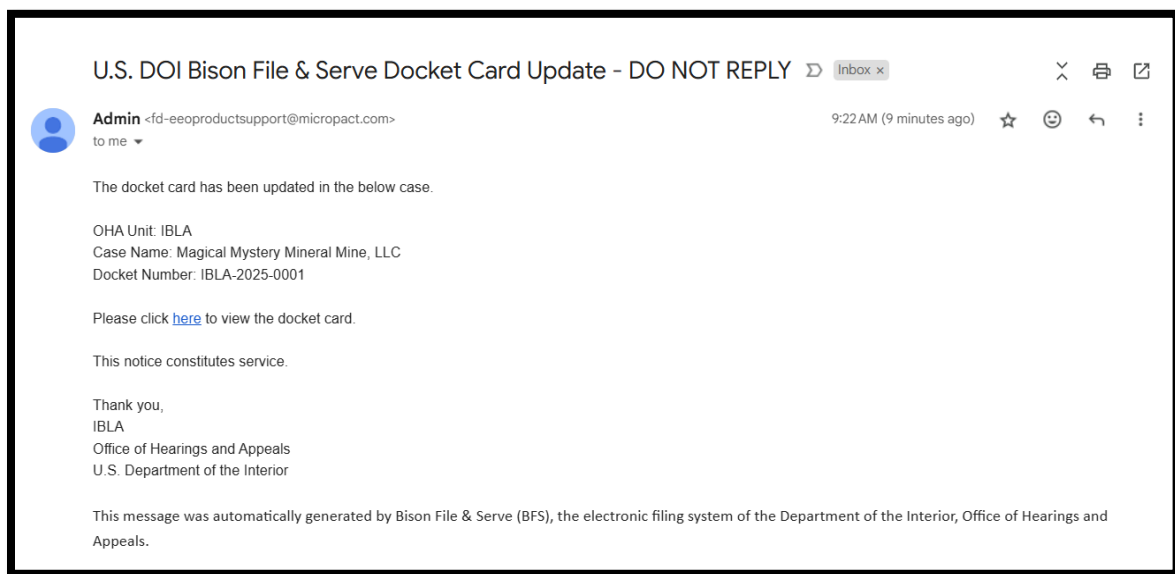

After successfully submitting the join request, you will also receive an e-mail notification confirming receipt of your submission.

You may continue to file documents after submission from your Case Information Page by clicking the “Acknowledgement” button in Step 1, and then uploading new documents in Step 5. You must click the “Submit” button each time you wish to submit a document.

If your join request is accepted, the case will appear in the “My Cases” queue accessible from your home screen. Clicking on the case will grant you access to limited case information and the case docket card.

For additional details, see the sections below on [My Cases Queue](#) and [Docket Card](#). Once joined to the case, you will also receive service of documents filed and issued in the case. You will receive an email notification alerting you that documents have been added to the docket card. This email notification constitutes service for all system users.

My Cases Queue for Non-DOI Users Initiating or Joining a Case

Once your case-initiating documents have been submitted or you have been joined to an existing case, the case will be added to your “My Cases” queue and the case information shown in the columns will update as OHA processes the case.

Your “My Cases” queue has seven columns to help you identify your case:

Unit: The OHA unit that is reviewing the case.

Docket Number: The unique number the relevant OHA unit assigns to the case.

Case Name: The name the relevant OHA unit assigned to the case.

Received Date: The date and time that the case-initiating documents were submitted to OHA.

Case Subject: A case subject category the relevant OHA unit assigned to identify the type of issues in the case.

Parent Docket Number: The docket number of the “parent case,” or the “lead case” in a consolidated grouping, i.e., cases being treated as a single case for administrative reasons, will display here if one has been assigned;

Status: Whether the case is currently open, suspended, or closed. If you submitted the case, or have been joined to the case, you may file documents regardless of the case status.

Draft Cases in My Cases Queue

Clicking “Save” at any point in the case submission process will save the entries you have made and allow you to return to the case information page later. You can find all saved draft cases (and submitted cases) listed in the My Cases queue on your home screen. Saved draft cases will appear as blank lines on the My Cases queue, but clicking on the lines will open the cases. This is because certain case information does not populate in the queue until the case is submitted to OHA.

The screenshot shows a web interface titled "My Cases". At the top, there is a "+ New Case" button, a "Show" dropdown menu, and a search bar. Below this is a table with the following columns: Unit, Docket Number, Case Name, Received Date, Case Subject, Parent Docket Number, and Status. The table contains three rows. The first row has Unit "IBLA", Docket Number "IBLA-2025-0002", Case Name "Cat in the Hat", Received Date "12/03/2024 07:46 AM", Case Subject "TRESPASS", Parent Docket Number, and Status "Open". The second row has Unit "IBLA", Docket Number "IBLA-2025-0010", Case Name "Jamie Cat and Charlie Cat", Received Date "12/18/2024 09:09 AM", Case Subject "ONSHORE OIL AND GAS", Parent Docket Number "IBLA-2025-0002", and Status "Open". The third row is highlighted in yellow and has Unit "IBLA", a blank Docket Number, a blank Case Name, a blank Received Date, a blank Case Subject, a blank Parent Docket Number, and a blank Status. A red arrow points from the top left towards the yellow highlighted row.

IMPORTANT: You cannot delete cases from your “My Cases” queue, even if they remain in draft form.

Opening or Accessing a Case from the My Cases Queue

To open a case, click on the case in the "My Cases" queue. If you initiated the case but OHA has not yet reviewed it, opening the case will take you to the case information screen, which will display a copy of the case initiation form and a list of the original documents that you submitted to OHA. If you forgot to include a document with your submission, you can eFile additional documents in the same case while OHA reviews your submission, but you cannot delete any documents that you already eFiled.

After OHA has reviewed and accepted a case, opening the case will take you to a modified case information screen where you can eFile documents. You will also have access to the docket card, where you can review and download documents filed or orders issued in the case.

Docket Card

Any documents filed or issued in your case will be instantly viewable on the Docket Card. The Docket Card becomes visible once OHA has completed initial processing of the case and it lists all documents and actions of record in a case, including, but not limited to, filings by the parties and orders and decisions issued by the OHA unit.

To view the Docket Card, find your case on your home screen in your “My Cases” queue. Click on the case, which will take you to the Case Information page. The Docket Card tab is in the top left under the banner at the top.

The Docket Card listing view consists of individual entries for each action of record in the case. From the listing view, you will see additional information about each action, such as the action date, the action type (e.g., the type of document filed), and who took the action (e.g., the party or the OHA unit). Apart from the Document Number column, all other columns may be sorted in ascending or descending order.

Filers may submit documents electronically to the Office of Hearings and Appeals (OHA) through Bison File & Serve as authorized by the OHA Standing Orders on Electronic Transmission available on the OHA website. Electronic filing of a document does not relieve the filer of the obligation to serve that document on interested parties to a case that have not consented to electronic service through the Bison File & Serve system. Please ensure that any notices of appeal uploaded into this system are filed or served, as applicable, with the office of the official that issued the decision being appealed.

OHA uses Bison File & Serve to receive official filings electronically in lieu of paper filings. Sending a document directly to an OHA unit via e-mail, rather than through Bison File & Serve, does not constitute electronic filing unless otherwise specified by that unit.

Documents filed electronically must be transmitted by 11:59 pm Eastern Time (DIR, IBLA, IBIA), by 11:59 pm Central Time (WELSA), or by 11:59 pm Mountain Time (DCHD) on the day the document is required to be filed with the applicable OHA unit to be considered timely filed.

At all times, any person filing electronically assumes the risk of all errors not solely attributable to a malfunction of Bison File & Serve that may result in the inability to complete an electronic transmission. If the filer experiences problems with Bison File & Serve, please contact the system administrator at BFSHelpdesk@oha.doi.gov. The filer should provide supporting evidence of the problem, such as a copy of an error message or screen print of an error page. OHA will verify reported outages of Bison File & Serve.
