| DOI-2025-005385 | Chukwu, Chioma | | | 1. All Signal messages (including complete message threads/conversations) sent since January 20, 2025, by the officials who are listed below. In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited part one of this request to Signal messages sent by the listed official. To be clear, however, American Oversight requests that full message threads/conversations be produced. For example, if the official sent a Signal message, the complete thread/conversation for 24 hours before and after the sent message should be produced, not just the sent message. Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA. It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations. 2. Records sufficient to identify both (a) the title of and (b) names of all participants in all Signal group message conversations of which the officials identified in part 1 of this request have been a member since January 20, 2025. 3.
