The Great American Outdoors Act National Parks and Public Land Legacy Restoration Fund (GAOA LRF) is a commitment to protecting and sustaining our public lands.

Established on August 4, 2020, GAOA LRF allocated over \$1.6 billion annually from fiscal years (FY) 2021 through 2025 to the Department of the Interior (Interior) to address priority deferred maintenance and repair needs on public lands and Bureau of Indian Education-funded schools. With GAOA LRF funding, Interior bureaus are:

- Funding 396 projects across 50 states, the District of Columbia, and multiple territories
- Addressing nearly \$6 billion in deferred maintenance and repair
- Improving the condition of over 3,800 Interior assets

GAOA LRF Impacts Across America*

Repairing over **1,000** recreational and visitor experience assets

Improving ADA accessibility in nearly **50%** of GAOA LRF projects

Each year of GAOA LRF funding is estimated to support an average of **17,000** jobs and contribute **\$1.9 billion** to the U.S. economy

Improving facilities used by nearly **2,300** students and faculty at BIE-funded schools each year

Deferred Maintenance and Repair in Arkansas

In Arkansas, the total deferred maintenance and repair (DM&R) backlog for the four Interior GAOA LRF bureaus is over \$247,979,000**.

Bureau	DM&R**
Bureau of Indian Education (BIE)	\$0
Bureau of Land Management (BLM)	\$0
National Park Service (NPS)	\$115,596,000
U.S. Fish and Wildlife Service (FWS)	\$132,384,000

GAOA LRF in Arkansas

With the full five years of funding, GAOA LRF will invest nearly **\$52.5 million** towards improving over **150** assets across **4** projects in Arkansas.

As of December 2025, Maintenance Action Teams have completed work at **4** NPS locations and **1** FWS location in Arkansas.

● GAOA LRF Projects ● Completed Maintenance Action Team Activities

Assets improved in Arkansas:

Transportation Assets

Recreational and Visitor Experience Assets

Water Infrastructure and Other Utilities

* These numbers are estimates and include FY21 - FY25 GAOA LRF-funded projects.

** DM&R estimates represent a point in time, reported as of 9/30/2025, rounded to the nearest thousand. DM&R is calculated based on asset repair needs in FRPP, which does not include assets with a status indicator of Report of Excess Submitted, Report of Excess Accepted, Determination to Dispose, Disposed, Cannot Currently be Disposed, or Surplus.

GAOA LRF Projects, Locations, and Funding in Arkansas

Bureau	Unit Name	Project Title	Funding [†] as of Dec. 2025
FWS	Dale Bumpers White River National Wildlife Refuge	Modernize Multiple Outdoor Recreational Access Facilities and Transportation Assets—Phase I - Design	\$2,950,000
FWS	Dale Bumpers White River National Wildlife Refuge	Modernize Multiple Outdoor Recreational Access Facilities and Transportation Assets—Phase II - Construction	\$7,120,000
NPS	Buffalo National River	Address Park Infrastructure and Housing Deferred Maintenance	\$10,800,000
NPS	Hot Springs National Park	Rehabilitate Historic Bathhouses	\$31,591,000

[†] Rounded to thousands

Rehabilitate Historic Bathhouses

Hot Springs National Park

Ceremonial groundbreaking for the historic bathhouses at Hot Springs National Park.

Photo Credit: NPS/LAllen

Hot Springs National Park is renowned for its ancient thermal springs and offers nine historic Victorian bathhouses enjoyed by visitors for hundreds of years. However, some of the historic bathhouses have been declining and vacant for years. This project is rehabilitating critical building systems in the long-vacant Maurice Bathhouse, and roof repairs for the Fordyce and Buckstaff Bathhouses, protecting and preserving these significant historic structures. Completing the initial set of repairs to the bathhouses will enable revenue generation opportunities, sustainable adaptive reuse of the buildings, and public use and enjoyment of the natural hot springs and bathhouses for generations to come.

Modernize Multiple Outdoor Recreational Access Facilities and Transportation Assets—Phase II - Construction

Dale Bumpers White River National Wildlife Refuge

Newly constructed boat launch at Dale Bumpers White River National Wildlife Refuge.

Dale Bumpers White River National Wildlife Refuge is one of the most critical areas for wintering waterfowl in North America, and home to the only population of native black bears in the state. This project repaired boat launches, rehabilitated campgrounds, and repaired levees and water control structures that provide waterfowl with critical habitat and visitors with access to viewing platforms. In addition, this project repaired numerous public transportation assets, including parking lots, road bridges, and gravel roads that enable visitor access. These repairs have improved accessibility and visitor experience at the refuge.
