The Great American Outdoors Act National Parks and Public Land Legacy Restoration Fund (GAOA LRF) is a commitment to protecting and sustaining our public lands.

Established on August 4, 2020, GAOA LRF allocated over \$1.6 billion annually from fiscal years (FY) 2021 through 2025 to the Department of the Interior (Interior) to address priority deferred maintenance and repair needs on public lands and Bureau of Indian Education-funded schools. With GAOA LRF funding, Interior bureaus are:

- Funding 396 projects across 50 states, the District of Columbia, and multiple territories
- Addressing nearly \$6 billion in deferred maintenance and repair
- Improving the condition of over 3,800 Interior assets

GAOA LRF Impacts Across America*

Repairing over **1,000** recreational and visitor experience assets

Improving ADA accessibility in nearly **50%** of GAOA LRF projects

Each year of GAOA LRF funding is estimated to support an average of **17,000** jobs and contribute **\$1.9 billion** to the U.S. economy

Improving facilities used by nearly **2,300** students and faculty at BIE-funded schools each year

Deferred Maintenance and Repair in Louisiana

In Louisiana, the total deferred maintenance and repair (DM&R) backlog for the four Interior GAOA LRF bureaus is \$170,628,000**.

Bureau	DM&R**
Bureau of Indian Education (BIE)	\$22,000
Bureau of Land Management (BLM)	\$0
National Park Service (NPS)	\$65,916,000
U.S. Fish and Wildlife Service (FWS)	\$104,691,000

GAOA LRF in Louisiana

With the full five years of funding, GAOA LRF will invest nearly **\$16.9 million** towards improving approximately **6** assets across **3** projects in Louisiana.

As of December 2025, Maintenance Action Teams have completed work at **1** NPS location and **6** FWS locations in Louisiana.

● GAOA LRF Projects ● Completed Maintenance Action Team Activities

Assets improved in Louisiana:

Recreational and Visitor Experience Assets

Water Infrastructure and Other Utilities

* These numbers are estimates and include FY21 - FY25 GAOA LRF-funded projects.

** DM&R estimates represent a point in time, reported as of 9/30/2025, rounded to the nearest thousand. DM&R is calculated based on asset repair needs in FRPP, which does not include assets with a status indicator of Report of Excess Submitted, Report of Excess Accepted, Determination to Dispose, Disposed, Cannot Currently be Disposed, or Surplus.

GAOA LRF Projects, Locations, and Funding in Louisiana

Bureau	Unit Name	Project Title	Funding [†] as of Dec. 2025
FWS	Red River National Wildlife Refuge	Replacement of the Primary Boardwalk and Trail Bridge	\$900,000
FWS	Southeast Louisiana Refuges	Replacement of the Public Use Facilities and Critical Infrastructure	\$1,556,000
NPS	Jean Lafitte National Historical Park and Preserve	Rehabilitate Chalmette National Cemetery	\$14,400,000

[†] Rounded to thousands.

Replacement of the Primary Boardwalk and Trail Bridge

Red River National Wildlife Refuge

The Red River National Wildlife Refuge is comprised of several units in the Red River Valley in northwestern Louisiana and provides habitat for waterfowl, wading birds, songbirds, and other native wildlife species. Within the refuge, the bank of Lake Caroline had eroded significantly due to extreme flood events and storms. The bank erosion exposed the outer footing of the main boardwalk, creating a safety issue and negatively impacted visitation and public use. This project replaced the main boardwalk and pedestrian trail bridge, improving visitor access, experience, and safety.

Completed replacement of the front entrance boardwalk at Red River National Wildlife Refuge.

Maintenance Action Teams

GAOA LRF is funding Maintenance Action Teams (MATs) in the National Park Service and U.S. Fish and Wildlife Service. MATs are teams of federal employees, and in some cases NPS interns and members of youth and service corps, who can quickly mobilize across their region to complete smaller scope repair, rehabilitation, or historic preservation activities.

At Cane River Creole National Historical Park, a MAT rehabilitated the North Enslaved Cabin/Tenant House at the Oakland Plantation Unit.
