Great American Outdoors Act National Parks and Public Land Legacy Restoration Fund

The Great American Outdoors Act National Parks and Public Land Legacy Restoration Fund (GAOA LRF) is a commitment to protecting and sustaining our public lands.

Established on August 4, 2020, GAOA LRF allocated over \$1.6 billion annually from fiscal years (FY) 2021 through 2025 to the Department of the Interior (Interior) to address priority deferred maintenance and repair needs on public lands and Bureau of Indian Education-funded schools. With GAOA LRF funding, Interior bureaus are:

- Funding 396 projects across 50 states, the District of Columbia, and multiple territories
- Addressing nearly \$6 billion in deferred maintenance and repair
- Improving the condition of over 3,800 Interior assets

GAOA LRF Impacts Across America*

Repairing over **1,000** recreational and visitor experience assets

Improving ADA accessibility in nearly **50%** of GAOA LRF projects

Each year of GAOA LRF funding is estimated to support an average of **17,000** jobs and contribute **\$1.9 billion** to the U.S. economy

Improving facilities used by nearly **2,300** students and faculty at BIE-funded schools each year

Deferred Maintenance and Repair in Nevada

In Nevada, the total deferred maintenance and repair (DM&R) backlog for the four Interior GAOA LRF bureaus is \$998,032,000**.

Bureau	DM&R**
Bureau of Indian Education (BIE)	\$1,489,000
Bureau of Land Management (BLM)	\$478,561,000
National Park Service (NPS)	\$431,026,000
U.S. Fish and Wildlife Service (FWS)	\$86,955,000

GAOA LRF in Nevada

With the full five years of funding, GAOA LRF will invest over **\$138.2 million** towards improving over **100** assets across **13** projects in Nevada.

● GAOA LRF Projects

Assets improved in Nevada:

Water Infrastructure and Other Utilities

Recreational and Visitor Experience Assets

Operational Buildings

* These numbers are estimates and include FY21 - FY25 GAOA LRF-funded projects.

** DM&R estimates represent a point in time, reported as of 9/30/2025, rounded to the nearest thousand. DM&R is calculated based on asset repair needs in FRPP, which does not include assets with a status indicator of Report of Excess Submitted, Report of Excess Accepted, Determination to Dispose, Disposed, Cannot Currently be Disposed, or Surplus.

GAOA LRF Projects, Locations, and Funding in Nevada

Bureau	Unit Name	Project Title	Funding [†] as of Dec. 2025
BLM	Battle Mountain District	Eureka Admin Site Disposals	\$360,000
BLM	Carson City District	Indian Creek Recreation Area Repairs	\$499,000
BLM	Carson City District	Sand Mountain Road Safety Repairs	\$1,700,000
BLM	Elko District	Elko District Office Building Replacement and Repairs	\$15,430,000
BLM	Nevada Telecommunications Network	NV Radio Infrastructure Safety Repairs	\$1,114,000
BLM	Southern Nevada District	Red Rock Fee Station Septic System Replacement —Phase I of II	\$121,000
BLM	Winnemucca and Southern Nevada Districts	Nevada Recreation Safety and Access Repairs	\$2,476,000
BLM	Winnemucca District	Orovada Crew Quarters McDermitt Replacement	\$4,889,000
NPS	Great Basin National Park	Rehabilitate Deteriorated Wastewater Collection and Water Distribution Systems	\$5,543,000
NPS	Lake Mead National Recreation Area	Demolish Lake Mead Lodge Resort Complex and Restore Area to Native Condition	\$4,326,000
NPS	Lake Mead National Recreation Area	Demolish Outdated Infrastructure to Enhance Scenic Features and Visitor Experience	\$21,963,000
NPS	Lake Mead National Recreation Area	Relocate Callville Bay Water Intake Barge to Ensure Safe Drinking Water for Visitors & Concessioners	\$5,179,000
NPS	Lake Mead National Recreation Area	Replace Water Tanks and Water Treatment Systems*	\$74,642,000

* Project spans multiple states; funding represents the estimated total amount of funding for this project across states.

† Rounded to thousands.

NV Radio Infrastructure Safety Repairs

Nevada Telecommunications Network

Radio infrastructure on Sawtooth Mountain after improvements. Photo Credit: Kelina Wong

The Bureau of Land Management administers various communications sites in Nevada that aid in supporting fire suppression, rescue operations, and employee safety. This project is removing safety hazards at numerous communications sites, resulting in improved reliability in the state’s communication system. Improvements include replacing tower safety equipment, replacing cable safety equipment, and restoring grounding systems, resulting in compliance with current safety and operational standards.

Rehabilitate Deteriorated Wastewater Collection and Water Distribution Systems

Great Basin National Park

The Great Basin National Park offers diverse recreational experiences such as climbing to the 13,000-foot summit of Wheeler Peak, exploring limestone formations in Lehman Caves, and stargazing in the International Dark Sky Park. This project replaced and rehabilitated the deteriorating water distribution and wastewater collection systems which provide critical infrastructure for visitors, staff, housing, fire suppression, and law enforcement.
