

# Orphaned Wells Program Office Strategic Plan FY 2026-FY2030

## Vision

Protect public health and safety, restore lands and waters, and support American Energy Dominance by eliminating the hazards of orphaned oil and gas wells.

## Mission

Administer critical financial and technical assistance to states, Tribes and federal entities to plug, remediate and restore orphaned oil and gas wells, address legacy pollution, and unleash American energy.

## Goals & Objectives

### GOAL 1:

Deliver Results through efficient award processing and project management.

#### Objectives:

- 1.1 Ensure grant awards and project funding are available in a timely manner.
- 1.2 Leverage our IBC partnership to complete the timely review, award and close out processes for all grants.

### GOAL 2:

Provide Effective Oversight of all OWPO operations and IIJA funding recipients.

#### Objectives:

- 2.1 Effectively monitor OWPO's administrative and programmatic funding.
- 2.2 Develop a comprehensive, risk-based Compliance Assurance Program.

### GOAL 3:

Ensure Accountability for all OWPO operations and IIJA funding.

#### Objectives:

- 3.1 Hold state and Tribal grant recipients and federal entities accountable for outcomes and the use of IIJA funds.
- 3.2 Support data driven decision making through improved data quality and management.

## Value Statement

As individuals and as an organization, we are guided by integrity in all actions, adapt swiftly to change, coordinate seamlessly across teams and with our partners, and create meaningful impact in all that we do.
