Also, I think we only need to identify 10 total pull quotes now - 5 for onshore and 5 for offshore.

Hi Marissa and Alexx,
I was also wondering if we were getting a narrative summary? Did I miss that?
Also, I will work on putting together the table we discussed.
Thanks,
Alex

Subject: Dashboard summary of public feedback

Hello all,

Attached is the close-to-final dashboard summary of all input received between March 25-April 15 for the review. The contractor does not anticipate any significant changes to this summary, so we are welcome to use these numbers for the interim report.

Alex and Alexx -- I'll be working on pull quotes from offshore comments today and tomorrow and put them in the Sharepoint doc.

Peace,

Hi Alexandra,

Hope you and the team are well,

Just checking in to see if I could get my hands on draft copy of the report. I know that time is of the essence with this report, as we need to turn around the design and layout of the report within one week.

Also do you have any design/layout guidance for the front cover? Any preconceived ideas? Any images that stood out to you and would like for us to include. Please advise.

Thank you,

John

Good to send along to Kate and Liz - you can accept additional changes and it's ok to leave comments. I did some final small edits. Please flag for them both the need for a high-level introduction and high-level conclusion, wrapping it all together.

It's looking good!
