Memorandum

To: Office of Environmental Policy and Compliance

From: Stephen G. Tryon, Director *(signature on file)*
Office of Environmental Policy and Compliance (OEPC)

Subject: OEPC Vision and Mission Statements

The purpose of this memorandum is to update the OEPC vision and mission statements to guide our work to be consistent with the Department of the Interior's 2022-2026 Strategic Plan. These statements were developed collaboratively by all members of the OEPC.

Vision Statement

To provide Departmental leadership, policy, and guidance to ensure sustainable and equitable management of natural and cultural resources for current and future generations.

Mission Statement

The Office of Environmental Policy and Compliance serves as a leader in resource stewardship and the sustainable and equitable management of the Department's resources. We foster partnerships to enhance resource use and protection as well as to expand public access to safe and clean lands under the Department's jurisdiction. We strive to continually improve environmental policies and procedures to increase management effectiveness and efficiency.

These new vision and mission statements will be posted on the OEPC website. Feel free to share them widely amongst your partners.
