Lake Clark NP Highlights

Susanne Fleek-Green, Superintendent
Liza Rupp, Cultural Resources Team Leader

for

Bristol Bay Subsistence Regional Advisory Council

October 2021

2021 Natural Resources Projects

- Full fisheries crew worked this summer at RM 22 and Telequana counting stations
- 560k sockeye count at Newhalen River and 120k at Telequana
- Soundscape monitoring baseline
- Invasive plants at Sixmile Lake
- Beaver impact on water quality work continues

2021 Education and Outreach Plans

- “Day Camp in a Box”: Provided 100 elementary age kids in Nondalton, Newhalen, and Port Alsworth with hands on, interactive activities to keep kids busy and having fun outdoors and through art.
- Worked hard to reach communities in Lake and Penn District with Port Heiden, Port Graham, Pilot Point, Chignik Lagoon as well as Tyonek.
- Did have Qua/Tazn Kijik culture camp this summer with youth and elders from around the lakes region.
- Scheduling distance learning for next year.
- Will be filming park film next year. Will film in all four seasons and highlight the indigenous history and traditional knowledge.

Cultural Resources Projects

- Telequana Trail Cultural Landscape Report
- Kijik CLR
- Denali – Lake Clark NP subsistence knowledge transfer using squirrel snaring
- Mulchatna River villages report
- Quk'Taz'un Culture Camp at historic Kijik

2021 Subsistence Projects

- Port Alsworth and Nondalton harvest surveys with ADFG
- Beaver impact on water quality study
- New vegetation monitoring project to look at submerged aquatic vegetation in Sixmile Lake to address concerns from subsistence users about increased vegetation and possibly invasive.
