Introduction:

The primary purpose of this position is to assist, in an advanced developmental capacity, higher graded professional accountants and other bureau financial management employees in providing professional accounting services to the bureau.

Major Duties and Responsibilities:

Participates in the planning and performance of financial management studies that involve the analysis of interrelated administrative processes; recommends adaptation of established procedures to eliminate problems or to improve the operations under study; reviews and reconciles internal reports produced by the financial management system in order to determine compatibility with prior month's status, and processing adjustments to correct or update reports; participates in the review and evaluation of financial systems for effectiveness of internal controls and integrity of the organization's financial information; analyzing processing flows, reviewing data in reports and financial statements, and identifying abnormal trends and control weaknesses; and/or preparing straightforward reports and statements that contain timely, accurate, and essential financial management information.

Factor 1, Knowledge Required by the Position

Level 1-6 950 points

Professional knowledge of accounting concepts, principles, practices, ethods, and techniques of the specialty.

Knowledge of the Department-wide financial system and reporting requirements of other agencies such as GAO, OMB, and Treasury.

Knowledge of automated accounting system design and operation.

Ability to work as part of a team.

Ability to use various types of software such as word processing, spreadsheets, local area networks. and macro techniques sufficient to: participate in planning and conducting accounting and financial management studies; conduct limited financial reviews; determine compliance with generally accepted accounting principles and standards; identify minor system problems; assist in the correction of internal control and reporting weaknesses; prepare various types of financial and narrative reports, including analyzing, preparing, and entering accounting entries; and plan and schedule work, including isolating and streamlining processes.

Factor 2, Supervisory Controls

Level 2-3 275 points

The supervisor assigns work with guidance on organizational policy, priorities, and deadlines and provides assistance on controversial issues or on application of analytical methods for which precedents are not available. The employee plans and carries out assignments independently. The supervisor reviews completed work for conformance with overall requirements, timeframes, consistency of facts, complete development of issues, analytical methods used, and recommendations made.

Factor 3, Guidelines

Level 3-3 275 points

Guidelines include OMB, GAO, Treasury, FASAB, Interior, and bureau directives, circulars, and precedent-setting decisions. The employee independently selects, interprets, and applies the guides; modifies, adapts, and makes compromises to meet the requirements of the assignment; and exercises judgment in applying standard accounting practices to new situations, and in relating new work situations to precedent ones.

Factor 4, Complexity

Level 4-3 150 Points

Work involves applying a wide variety of established accounting and financial management processes and practices to work situations that may include involvement on bureau-wide teams. The employee analyzes and evaluates the current status of accounting and reporting systems; advises financial managers and program managers on financial policy and procedures; may work with such fund sources as working capital funds, one-year, multiyear, and no-year appropriations, trust activities, available receipts, and investment activity; recognizes problems with the existing accounting system, recommends changes, and integrates or implements approved improvements developed in-house or elsewhere; prepares a number of regulatory and special purpose management financial or statistical reports, ensuring accuracy and timeliness; and/or compares and benchmarks best practices of both public and private financial operations with Federal agency financial management practices. Decisions require analysis and evaluation of records, documents, and relevant data where accounting objectives are known, programs are relatively stable, and data findings are usually not in conflict.

Factor 5, Scope and Effect

Level 5-3 150 points

Identifies accounting problems in the automated accounting system and/or improper methods of document control; reconciling automated accounting data and/or analyzing internal controls. Work affects organizational compliance with regulatory requirements; the availability of accounting data and/or the efforts of senior accountants who manage the operation of the automated accounting system.

Factor 6/7, Personal Contacts and Purpose of Contacts

Level 2b-75 points

Typical contacts are with officials in the bureau, CFO auditors, Interior financial management officials, and other Federal, public, and private financial management program representatives. The purposes of contacts are to exchange information, coordinate work, and resolve problems.

Factor 8, Physical Demands

Level 8-1 -5 points

The work requires no special physical demands. It may involve some walking, standing, bending, or carrying of light items such as files, computer reports, or office supplies.

Factor 9, Work Environment

Level 9-1 5 points

Work is performed in an office setting with adequate light, heat, and ventilation. Travel is required.
