SEC. 2. That as soon as all the lands embraced within the said Fort Peck Indian Reservation shall have been surveyed the Commissioner of Indian Affairs shall cause allotments of the same to be made under the provisions of the allotment laws of the United States to all Indians belonging and having tribal rights on said reservation; and there shall be allotted to each such Indian three hundred and twenty acres of grazing land, and there shall also be made an additional allotment of not less than two and one-half acres nor more than twenty acres of timber land to heads of families and single adult members of the tribe over eighteen years of age: Provided, That should it be determined as feasible, after examination, to irrigate any of said lands, the irrigable land shall be allotted in equal proportions to such only of the members of said tribe as shall be living at the day of the beginning of the work of allotment on said reservation by the special allotting agent, and such allotment of irrigable land shall be in addition to the allotments of grazing and timber lands aforesaid, but no member shall receive more than forty acres of such irrigable land; and to pay the costs of examination provided for herein and for the construction of irrigation systems to irrigate lands which may be found susceptible of irrigation, there is hereby appropriated two hundred thousand dollars, to be immediately available, the said sum and any and all additional sums hereafter appropriated to pay the cost of such examination and irrigation systems to be reimbursed from proceeds of sales of lands within the said reservation: Provided, however, That any land irrigable by any system constructed under the provisions of this Act may be disposed of subject to the following conditions: The entryman or owner shall, in addition to the payments required by section eight of this Act, be required to pay for a water right the proportionate cost of the construction of said system in not more than fifteen annual installments, as fixed by the Secretary of the Interior, with a view to the return of all moneys expended thereon, the same to be paid at the local land office, and the register and receiver shall be allowed the usual commissions on all moneys paid.
The entryman of lands to be irrigated by said system shall, in addition to compliance with the homestead laws, reclaim at least one-half of the total irrigable area of his entry for agricultural purposes, and before receiving patent for the lands covered by his entry shall pay the charges apportioned against such tract, nor shall any such lands be subject to mineral entry or location. No right to the use of water shall be disposed of for a tract exceeding one hundred and sixty acres to any one person, and the Secretary of the Interior may limit the areas to be entered at not less than forty nor more than one hundred and sixty acres each.

A failure to make any two payments when due shall render the entry and water-right application subject to cancellation, with the forfeiture of all rights under this Act, as well as of any moneys paid thereon. The funds arising hereunder shall be paid into the Treasury of the United States and be added to the proceeds derived from the sale of the lands. No right to the use of water for lands in private ownership shall be sold to any landowner unless he be an actual bona fide resident on such land or occupant thereof residing in the neighborhood of such land, and no such right shall permanently attach until all payments therefor are made.

All applicants for water rights under the systems constructed in pursuance of this Act shall be required to pay such annual charges for operation and maintenance as shall be fixed by the Secretary of the Interior, and the failure to pay such charges when due shall render the water-right application and the entry subject to cancellation, with the forfeiture of all rights under this Act as well as of any moneys already paid thereon.

Upon the cancellation of any entry or water-right application, as herein provided, such lands or water rights may be disposed of under the terms of this Act and at such price and on such conditions as the Secretary of the Interior may determine, but not less nor more than the cost as originally fixed.

The land irrigable under the systems herein provided, which has been allotted to Indians in severalty, shall be deemed to have a right to so much water as may be required to irrigate such land without cost to the Indians for the construction of such irrigation systems. The purchaser of any Indian allotment purchased prior to the expiration of the trust period thereon shall be exempt from any and all charge for construction of the irrigation system incurred up to the time of such purchase. All lands allotted to Indians shall bear their pro rata share of the cost of operation and maintenance of the irrigation system under which they lie; and the Secretary of the Interior may withhold from any Indian a sufficient amount of his pro rata share of any moneys subject to distribution to pay any charge assessed against land held in trust for him for operation and maintenance of the irrigation system.

When the payments required by this Act have been made for the major part of the unallotted lands irrigable under any system, and subject to charges for construction thereof, the management and operation of such irrigation works shall pass to the owners of the lands irrigated thereby, to be maintained at their expense, under such form of...
organization and under such rules and regulations as may be accept-
