TRANSITION AREA

Proposed Alteration and Designation

The Federal Aviation Administration is considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the Cherry Point MCAS, N.C., transition area and designate the Beaufort, N.C., transition area.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Federal Aviation Administration, Southern Region, Air Traffic Division, P.O. Box 20835, Atlanta, Ga. 30320. All communications received on or before December 19, 1975 will be considered before action is taken on the proposed amendment. No hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Chief, Airspace and Procedures Branch. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice.

The official docket will be available for examination by interested persons at the Federal Aviation Administration, Southern Region, Room 404, 3400 Whipple Street, East Point, Ga.

The Cherry Point MCAS transition area described in § 71.181 (40 FR 441) would be amended by deleting the present description and substituting the following therefor:

That airspace extending upward from 700 feet above the surface within a 1.6-mile radius of Cherry Point MCAS (latitude 34°44.00' N, longitude 76°39.00' W); excluding the portion within the New Bern, N.C., transition area.

The Beaufort, N.C., transition area would be designated as: That airspace extending upward from 700 feet above the surface within a 1.6-mile radius of Beaufort-Morehead City Airport (latitude 34°44.00' N, longitude 76°39.00' W); within three miles either side of the 006° bearing from the Morehead RBN (latitude 34°43.00' N, longitude 76°39.16' W), extending from the 0.5-mile radius area to 3.5-mile north of the RBN.

The Cherry Point MCAS transition area would be altered by rezoning an extension which is no longer required and by deleting reference to the Beaufort-Morehead City Airport. A separate transition area extension predicted on the Morehead RBN is required to provide controlled airspace protection for IFR aircraft executing the proposed NBAA BVY 21 instrument approach procedure to the Beaufort-Morehead City Airport.

This amendment is proposed under the authority of Sec. 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1340 (a)) and of Sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655 (c)).

Issued in East Point, Ga., on November 11, 1975.

PHILIP M. SAVAGE,
Director, Southern Region.
