AGREEMENT WITH THE INDIANS OF THE FORT BELKNAP INDIAN RESERVATION IN MONTANA.

Sec. 8. Whereas William C. Pollock, George Bird Grinnell, and Walter M. Clements, commissioners on the part of the United States, did on the ninth day of October, anno Domini eighteen hundred and ninety-five, conclude an agreement with the Indians of the Fort Belknap Reservation in the State of Montana, which said agreement is in words and figures as follows (Senate Document Numbered One hundred and seventeen, Fifty-fourth Congress, first session), to wit:

Agreement concluded October ninth, eighteen hundred and ninety-five, with the Indians of the Fort Belknap Reservation in Montana, by William C. Pollock, George Bird Grinnell, and Walter M. Clements, commissioners.

This agreement, made and entered into this ninth day of October, anno Domini eighteen hundred and ninety-five, by and between William C. Pollock, George Bird Grinnell, and Walter M. Clements, commissioners on the part of the United States, and the undersigned Indians, residing upon and attached to the Fort Belknap Indian Reservation in the State of Montana, the same constituting a majority of the male adult Indians belonging upon said reservation, witnesseth that,

ARTICLE I.

For and in consideration of the sum to be paid and the obligations assumed on the part of the United States, as hereinafter set forth, said Indians of the Fort Belknap Reservation hereby convey, relinquish, and release to the United States all their right, title, and interest in and to that portion of their present reservation, in the State of Montana, lying and being within the following described lines, to wit: Beginning at the 54 mile boundary monument, at a point about the middle of the crest of Mission Butte, and following a straight line, bearing (magnetic) north 17 degrees 30 minutes west, to the highest point on a limestone ridge on the south side of the north fork of People's Creek, and running at right angles to the course of said creek at this point; thence in a straight line, bearing (magnetic) north 2 degrees 45 minutes west, to a rounded, timbered knob on the crest of the limestone reef on the north side of the north fork of People's Creek, and parallel with its general course; thence easterly, following the crest of the last-mentioned limestone reef north of the north fork of People's Creek, to a low rounded hill on said limestone reef, where it dips down to the valley of Lodge Pole, or Red Mountain Creek; thence in a straight line, north 74 degrees east (magnetic) to the wooded limestone ridge known as Travois Butte, where a line drawn from the summit of Granite Butte (the peak south of the 61½ mile boundary monument) north 15 degrees east (magnetic) would intersect it; thence along said straight line to the southern boundary line of the present reservation; thence along said southern boundary line of the present reservation to the point of beginning.

ARTICLE II.

For and in consideration of the conveyance, cession, and relinquishment hereinbefore made, the United States hereby covenants and agrees to advance and expend during the period of four years, beginning from and after the expiration of the payments provided for in the
agreement made between the parties hereto on the eleventh day of February, A. D. eighteen hundred and eighty-seven, and ratified by Congress on the first day of May, A. D. eighteen hundred and eighty-eight, under the direction of the Secretary of the Interior for the Indians, the sum of three hundred and sixty thousand dollars. It is agreed that the said money shall be deposited in the Treasury of the United States immediately upon the expiration of the payments under the said agreement of 1887, to bear interest at the rate of four per centum per annum, and there shall be expended the sum of ninety thousand dollars yearly, or so much thereof as may be necessary, as hereinafter provided. It is provided that any surplus accumulated under and remaining at the expiration of payments under the agreement of 1887 shall also bear interest at the rate of four per centum per annum.

Such sums, or so much thereof as may be necessary in any one year, shall be expended in the purchase of cows, bulls, and other live stock, goods, clothing, subsistence, agricultural implements; in providing employees, in the education of Indian children, in procuring medicine and medical attendance, in the care and support of the aged, sick, and infirm, and helpless orphans; in the erection and keeping in repair of such new agency and school buildings, mills, blacksmith, carpenter and wagon shops, as may be necessary; in assisting the Indians to build and keep in repair their houses, enclose and irrigate their farms, and in such other ways as may best promote their civilization and improvement.

ARTICLE III.

It is agreed that in the employment of all agency and school employees preference in all cases be given to Indians residing on the reservation, who are well qualified for such positions, and that all cattle issued to said Indians for stock-raising purposes, and their progeny, shall bear the brand of the Indian Department, and shall not be sold, exchanged, or slaughtered except by the consent of the agent in charge, until such time as this restriction shall be removed by the Commissioner of Indian Affairs.

ARTICLE IV.

In order to encourage habits of industry and to reward labor, it is further understood and agreed that in the giving out or distribution of cattle or other stock, goods, clothing, subsistence, and agricultural implements, as provided in Article II, preference shall be given to Indians who endeavor by honest labor to support themselves, and especially to those who in good faith undertake the cultivation of the soil and engage in pastoral pursuits as a means of obtaining a livelihood, and the distribution of these benefits shall be made from time to time in such manner as shall best promote the objects specified.

ARTICLE V.

As the scarcity of water on this reservation renders the pursuit of agriculture difficult and uncertain, and since the reservation is well adapted to stock raising, and it seems probable that the main reliance of these Indians for self-support is to be found in cattle raising, it is agreed that during the existence of this agreement no allotments of land in severalty shall be made to them, but that this whole reservation shall continue to be held by these Indians as a communal grazing tract, upon which their herds may feed undisturbed; and that after the expiration of this agreement the land shall continue to be so held until such time as a majority of the adult males of the tribes shall request in writing that allotment in severalty shall be made of their lands: Provided, That any member of the tribes may, with the approval of the agent in charge, fence in such area of land as he and the members of
FIFTY-FOURTH CONGRESS. Sess. I. Ch. 398. 1896.

his family would be entitled to under the allotment act, and may file with the agent a description of such land and of the improvements that he has made on the same, and the filing of such description shall give the said member of the tribes the right to take such land when allotments of the lands in severalty shall be made.

ARTICLE VI.

So soon as this agreement shall have received the approval of Congress, the boundary lines described in Article I shall be surveyed, designated, and marked by monuments not more than one-half mile apart. The expense of such survey shall be borne by the United States, but the unskilled laborers employed in the work shall be hired from among the Indians residing on this reservation.

Such survey and the markings of the above described boundary lines shall be done immediately—not later than ninety days after the approval of this agreement by Congress—and completed as speedily as possible, and the ceded portion of the reservation shall not be thrown open to occupancy by the whites until after the new boundaries of the reservation shall have been established and marked.

ARTICLE VII.

It is further agreed and provided that none of the money realized from the sale of this land shall be applied to the payment of any judgment which has been or may heretofore be rendered upon any claim for damages because of depredations committed by said Indians prior to the date of this agreement.

ARTICLE VIII.

All of the provisions of the agreement between the parties hereto, made February 11, 1887, not in conflict with the provisions of this agreement, are hereby continued in full force and effect.

ARTICLE IX.

It is understood and declared that whenever the word Indian is used in this agreement it includes mixed bloods as well as full bloods.

ARTICLE X.

This agreement shall not be binding upon either party until ratified by Congress.

Dated and signed at the Fort Belknap Agency, Montana, on the ninth day of October, 1895.

AGREEMENT WITH THE INDIANS OF THE BLACKFEET INDIAN RESERVATION IN MONTANA.

SEC. 9. Whereas William C. Pollock, George Bird Grinnell, and Walter M. Clements, commissioners on the part of the United States, did on the twenty-sixth day of September, anno Domini eighteen hundred and ninety-five, conclude an agreement with the Indians of the Blackfeet Reservation, in the State of Montana, which said agreement is in words and figures as follows (Senate Document Numbered One hundred and eighteen, Fifty-fourth Congress, first session), to wit:

This agreement, made and entered into the twenty-sixth day of September, anno Domini eighteen hundred and ninety-five, by and between William C. Pollock, George Bird Grinnell, and Walter M. Clements, commissioners on the part of the United States, and the undersigned Indians, both full bloods and mixed bloods, residing upon and attached to the Blackfeet Indian Reservation, in the State of Montana, the same constituting a majority of the male adult Indians belonging upon said reservation, both full bloods and mixed bloods, the latter's rights to
participate in all business proceedings of said tribe and to share in all
the benefits accruing to said tribes from a sale of land or otherwise
being hereby recognized as equal to the full bloods, witnesseth that:

ARTICLE I.

Lands relinquished. For and in consideration of the sums to be paid and the obligations
assumed upon the part of the United States, as hereinafter set forth, said Indians of the Blackfeet Reservation hereby convey, relinquish,
and release to the United States all their right, title, and interest in
and to that portion of their present reservation in the State of Mont-
ana lying and being west of the following-described line, to wit:

Beginning at a point on the northern boundary of the reservation
due north from the summit of Chief Mountain, and running thence
south to said summit; thence in a straight line to the most northeas-
terly point of Flat Top Crag; thence to the most westerly of the mouths
of Divide Creek; thence up said creek to a point where a line drawn
from the said northeasterly point of Flat Top Crag to the summit of
Divide Mountain intersects Divide Creek; thence to the summit of
Divide Mountain; thence in a straight line to the western extremity
of the lower Two Medicine Lake; thence in a straight line to a point
on the southern line of the right of way of the Great Northern Railway
Company four miles west of the western end of the railway bridge
across the north fork of the Two Medicine River; thence in a straight
line to the summit of Heart Butte, and thence due south to the southern
line of the present reservation: Provided, That said Indians shall have,
and do hereby reserve to themselves, the right to go upon any portion
of the lands hereby conveyed so long as the same shall remain public
lands of the United States, and to cut and remove therefrom wood and
timber for agency and school purposes, and for their personal uses for
houses, fences, and all other domestic purposes: Provided, That the
said Indians hereby reserve and retain the right to hunt upon
said lands and to fish in the streams thereof so long as the same shall
remain public lands of the United States under and in accordance with
the provisions of the game and fish laws of the State of Montana.

ARTICLE II.

Consideration. For and in consideration of the conveyance, cession, and relinquish-
ment hereinbefore made the United States hereby covenants and agrees
to advance and expend during the period of ten years beginning from
and after the expiration of the payments provided for in the agreement
made between the parties hereto on the eleventh day of February,
A. D. eighteen hundred and eighty-seven, and ratified by Congress on
the first day of May, A. D. eighteen hundred and eighty-eight, under
the direction of the Secretary of the Interior for the Indians, both full
bloods and mixed bloods, now attached to and receiving rations and
annuities at the Blackfeet Agency, and all who shall hereafter be
declared by the tribes located upon said reservation, with the approval
of the Secretary of the Interior, entitled to membership in those tribes,
the sum of one hundred five thousand ($150,000.00) dollars.

Money payments. It is agreed that said money shall be paid as follows: The first year
after the expiration of payments under the agreement of eighteen hun-
dred and eighty-seven (1887), three hundred thousand ($300,000.00)
dollars, one-half of which shall be deposited in the United States
Treasury and bear interest at four per centum per annum, and one-half,
or so much thereof as shall be necessary, shall be expended as herein-
after provided; and annually thereafter for eight years the sum of one
hundred and fifty thousand ($150,000.00) dollars: Provided, That any
surplus accumulated under and remaining at the expiration of the
agreement of 1887, and any surplus that may remain from any annual
payment provided for herein, shall also be placed in the United States
Treasury to the credit of said Indians, and shall bear interest at the
rate of four per centum per annum. Such sums, or so much thereof as may be necessary in any one year, shall be expended in the purchase of cows, bulls, and other live stock, goods, clothing, subsistence, agricultural implements, in providing employees, in the education of Indian children, in procuring medicine and medical attendance, in the care and support of the aged, sick, and infirm, and of helpless orphans, in the erection and keeping in repair of such new agency and school buildings, mills, blacksmith, carpenter, and wagon shops as may be necessary, in assisting the Indians to build and keep in repair their houses, inclose and irrigate their farms, and in such other ways as may best promote their civilization and improvement.

ARTICLE III.

It is agreed that in the employment of all agency and school employees preference in all cases be given to Indians residing on the reservation, who are well qualified for such positions; and that all cattle issued to said Indians for stock-raising purposes, and their progeny, shall bear the brand of the Indian Department, and shall not be sold, exchanged, or slaughtered, except by the consent of the agent in charge, until such time as this restriction shall be removed by the Commissioner of Indian Affairs.

ARTICLE IV.

In order to encourage habits of industry and to reward labor, it is further understood and agreed that, in the giving out or distribution of cattle or other stock, goods, clothing, subsistence, and agricultural implements, as provided in Article II, preference shall be given to Indians who endeavor by honest labor to support themselves, and especially to those who in good faith undertake the cultivation of the soil and engage in pastoral pursuits as a means of obtaining a livelihood, and the distribution of these benefits shall be made from time to time, in such manner as shall best promote the objects specified.

ARTICLE V.

Since the situation of the Blackfeet Reservation renders it wholly unfit for agriculture, and since these Indians have shown within the past four years that they can successfully raise horned cattle, and there is every probability that they will become self-supporting by attention to this industry, it is agreed that during the existence of this agreement no allotments of land in severalty shall be made to them, but that this whole reservation shall continue to be held by these Indians as a communal grazing tract upon which their herds may feed undisturbed; and that after the expiration of this agreement the lands shall continue to be held until such time as a majority of the adult males of the tribe shall request in writing that allotment in severalty shall be made of their lands: Provided, That any member of the tribe may, with the approval of the agent in charge, fence in such area of land as he and the members of his family would be entitled to under the allotment act, and may file with the agent a description of such land and of the improvements that he has made on the same, and the filing of such description shall give said members of the tribe the right to take such land when allotments of the land in severalty shall be made.

ARTICLE VI.

So soon as this agreement shall have received the approval of Congress the boundary lines described in Article I shall be surveyed and designated by two engineers, one of whom shall be selected by the Indians and one by the Secretary of the Interior; the said boundaries shall at once be marked by monuments, not more than one-half mile apart; the points at the mouth of Divide Creek and the westernmost extremity of the lower Two Medicine Lake, after they have been
marked, shall be fixed and remain unchanged, no matter what alterations may hereafter take place in the course of said creek, or in the level of said lake. The expense of such survey shall be shared equally between the United States and the tribes occupying this reservation, but the unskilled laborers employed in the work shall be hired from among the Indians residing on this reservation.

Such survey and the marking of the above-described boundary lines shall be begun immediately—not later than ninety days after the approval of this agreement by Congress—and completed as speedily as possible, and the ceded portion of the reservation shall be thrown open to occupancy by the whites until after the new boundaries of the reservation shall have been established and marked.

**ARTICLE VII.**

*Rights of way.*

It is further agreed that whenever, in the opinion of the President, the public interests require the construction of railroads or other highways, telegraph or telephone lines, canals and irrigating ditches, through any portion of this reservation, right of way shall be and is hereby granted for such purposes, under such rules, regulations, limitations, and restrictions as the Secretary of the Interior may prescribe; the compensation to be fixed by said Secretary and by him expended for the benefit of the Indians.

**ARTICLE VIII.**

*Prior claims.*

It is further agreed and provided that none of the money realized from the sale of this land shall be applied to the payment of any judgment which has been or may hereafter be rendered upon any claim for damages because of depredations committed by said Indians prior to the date of this agreement.

**ARTICLE IX.**

*Former agreement continued.*

The provisions of Article VI of the agreement between the parties hereto, made February 11, 1887, are hereby continued in full force and effect, as are also all the provisions of said agreement not in conflict with the provisions of this agreement.

**ARTICLE X.**

Meaning of "Indian."

It is understood and declared that wherever the word Indian is used in this agreement it includes mixed bloods as well as full bloods.

**ARTICLE XI.**

Ratification

This agreement shall not be binding upon either party until ratified by Congress.
