VETERANS' ADMINISTRATION

REVISION OF REGULATIONS

OUT-PATIENT MEDICAL TREATMENT

§ 6.6060 (A) Out-patient medical or dental treatment, including necessary prosthetic appliances, medicines and other supplies may be rendered veterans of wars as defined in Sec. 6.6047 (A) (1), and persons honorably discharged from the United States Army, Navy, Marine Corps or Coast Guard for disability in line of duty, or who are in receipt of pension for service-connected disability, when such veterans and persons are suffering from injuries or diseases the disability from which has been adjudicated as incurred or aggravated in line of duty in the active military or naval service, and for which they are in need of such medical or dental treatment. A formal claim for compensation or pension will not be required of an applicant so eligible for out-patient treatment.

The opinion of the medical director may be requested in any individual case where advice as to the propriety of furnishing adjunct treatment is desired.

(C) In addition to applicants entitled under (A) hereof, out-patient treatment may be rendered patients properly referred by authorized officials of the United States Employees Compensation Commission, Civilian Conservation Corps, Works Progress Administration or other Federal agencies for which the Administrator of Veterans Affairs may agree to render such service under conditions stipulated by him, and to Canadian and British pensioners, upon requests, respectively, of the Department of Pensions and National Health, Canada, and the British Ministry of Pen-

Charges for treatment of enrollees, officers and enlisted men attached to the Civilian Conservation Corps, and for Canadian and British pensioners, will be made at prescribed rates. Charges for treatment of patients referred by other Federal agencies will be made at the rates stipulated in the agreement entered into between the Administrator of Veterans Affairs and the proper official of the other Federal agency or agencies.
