TITLE 25—INDIANS

Chapter I—Office of Indian Affairs

PART 71—GENERAL GRAZING REGULATIONS

GRAZING PERMITS; BOND REQUIREMENTS

Title 25, Chapter I, Subchapter I, Grazing, Part 71, General Grazing Regulations, §§ 71.16 and 71.17 are amended to read as follows:

§ 71.16 *Grazing permits for organized and unorganized tribes.* (a) Permits may be issued by the person or persons duly authorized to grant grazing privileges, as defined in § 71.10, with the approval of the Superintendent and the concurrence of the Regional Forester, on range units exceeding 3,200 acres of allotted and tribal lands of organized tribes and in all other cases when the annual grazing fees exceed \$500. Permits may be issued with the approval of the Superintendent only on range units of 3,200 acres or less of allotted and tribal lands when the annual grazing fees do not exceed \$500.

(b) Permits may be issued by the Superintendent or other authorized person or persons with the concurrence of the Regional Forester on range units exceeding 3,200 acres of allotted and tribal Indian lands of unorganized tribes, or Government lands as defined in § 71.27, and in all other cases when the annual grazing fees exceed \$500. Permits may be issued by the Superintendent without the concurrence of the Regional Forester on range units of 3,200 acres or less when the annual grazing fees do not exceed \$500.

(c) All permits not requiring concurrence or approval of the Regional Forester shall be issued pursuant to advertisement concurred in by the Regional Forester. The Superintendent shall mail promptly to the Commissioner of Indian Affairs and the Regional Forester a copy of each permit upon issuance thereof.

The Commissioner of Indian Affairs, subject to the provisions of § 71.18, may modify or cancel any permit after written notice to the permittee, when necessary to protect and conserve the range. (R. S. 161, 465, sec. 3, 26 Stat. 795, sec. 1, 30 Stat. 85, sec. 1, 31 Stat. 229, sec. 4, 36 Stat. 856, sec. 1, 41 Stat. 1232, secs. 6, 16, 17, 18, 48 Stat. 986, 987, 988; 5 U.S.C. 22, 25 U.S.C. 9, 397, 395, 403, 393, 466, 476, 477, 478)

§ 71.17 *Bond requirements.* Permits must provide for the payment of grazing fees annually or semi-annually in advance. The total amount of the fees for annual permits must be paid in advance.

(a) Full performance of all permits for periods exceeding one year shall be guaranteed by corporate surety bond of a company holding a Certificate of Authority from the Secretary of the Treasury or a satisfactory personal surety bond of not less than four solvent sureties in a penal sum of not less than the annual grazing fees. Each personal surety must own unencumbered real estate of a value equal to twice the amount of the bond and must furnish satisfactory evidence of such unencumbered real estate. If married the spouse of the surety must also sign the bond and each signature must be witnessed by at least two individuals and their Post Office addresses must appear in the instrument. It shall be the duty of the Superintendent to determine the qualifications of each personal surety. Attorneys-in-fact for corporate surety bonds must furnish satisfactory evidence of authority to execute bonds for and on behalf of the surety company.

(b) In lieu of furnishing a surety bond, a permittee may in addition to paying the grazing fees annually in advance, deposit at the time of the first payment of the fees a sum equal to one-half of the annual grazing fees. This sum shall be held by the Superintendent as a cash penal bond and may be applied to the grazing fees due for the last six months of the permit provided that no breach of the permit has taken place. In all cases where a cash deposit is made in lieu of a surety bond, the permittee shall in writing at the time of making the deposit, authorize the Superintendent to use the amount so deposited as liquidated damages in the event of any breach of the permit. Except for the first year, grazing fees on permits supported by cash penal bonds are due and payable at least three months prior to the commencement of the annual period described in the permit.

(c) Negotiable United States Treasury bonds or other negotiable Treasury obligations may be pledged in lieu of a cash penal or surety bond under the same conditions and stipulations for cash penal bonds. Such Government securities shall be forwarded to the Commissioner of Indian Affairs for deposit with the United States Treasury and must be accompanied with a proper power of attorney authorizing disposal thereof by the Commissioner of Indian Affairs as liquidated damages in the event of any breach of the permit.

(d) The Superintendent may waive the bond requirements on permits issued to Indians when the livestock to be grazed under the permit is branded with the I. D. or approved reservation brand, and the Indian permittee executes an agreement to sell the livestock grazed under the permit in accordance with regulations governing the sale of livestock so branded and authorizes the Superintendent in writing to deduct from the pro-

ceeds of any sales of such livestock sufficient funds to pay the grazing fees due under the permit. (R.S. 161, 465, sec. 3, 26 Stat. 795, sec. 1, 30 Stat. 85, sec. 1, 31 Stat. 229, sec. 4, 36 Stat. 856, sec. 1, 41 Stat. 9, sec. 1, 41 Stat. 1232; 5 U.S.C. 22, 25 U.S.C. 9, 397, 395, 403, 214, 393)

Date: June 10, 1942.

OSCAR L. CHAPMAN,
Assistant Secretary of the Interior.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1371]

PART 339—MINIMUM PRICE SCHEDULE, DISTRICT NO. 19

RELIEF GRANTED

Order approving and adopting proposed findings of fact, proposed conclusions of law of the Examiner and granting relief in the matter of the petition of District Board No. 19 for the establishment of a price classification and minimum price for the coals in size group 8 produced at certain mines in District No. 19 for shipment by rail into Market Area 243 (Alaska).

This proceeding was instituted upon an original petition filed on March 20, 1942, with the Bituminous Coal Division by the Bituminous Coal Producers Board for District No. 19, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Petitioner requests that the Schedule of Effective Minimum Prices for District No. 19 For All Shipments be amended by the establishment of a minimum price of \$2.75 per net ton f. o. b. the mines for coals in Size Group 8 produced at mines classified in Subdistricts 1 and 2 in District No. 19 for rail shipment into Market Area 243 (Alaska).

After due notice to interested persons, a hearing in this matter was held before Scott A. Dahlquist, a duly designated Examiner of the Division, at a hearing room thereof in Salt Lake City, Utah, on April 7, 1942, and upon continuances, on April 8, 1942 and April 9, 1942. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. Appearances were entered by petitioner and by the United States Fuel Company, Salt Lake City, Utah.

Examiner Dahlquist submitted, on May 18, 1942, his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation. The Examiner stated that an increased demand for nut coals on the part of the Government for the prosecution of the war effort in Alaska—constituting Market Area 243—was anticipated; that District No. 23 producers, who ordinarily supplied Alaska from United States coals, will not be able to satisfy the expected increased demand; and that Subdistricts 1 and 2 in District No. 19 wished to be able to com-

pete for the expanding nut coal market in Alaska along with Subdistrict 1 in District No. 20. The Examiner found that the minimum price effective for nut coal for shipment to Market Area 243, produced in Subdistrict 1 of District No. 20 and classified in Size Group 7—the size group comparable to Size Group 8 (3' x 1½") for District No. 19 coals—was \$2.75 per net ton f. o. b. the mines. Examiner Dahlquist pointed out that, since no price had been established for coals in Size Group 8 for rail shipment to Market Area 243 from District No. 19, an applicable price instruction requires that such coal take a price of \$3.00 per net ton f. o. b. the mines for shipment to Alaska. Examiner Dahlquist referred to the uncontroverted testimony elicited at the hearing before him to the effect that a minimum price of \$2.75 per ton f. o. b. the mines for Size Group 8 coals for shipment to Alaska from Subdistricts 1 and 2 in District No. 19 had been omitted from the District No. 19 price schedule simply through inadvertence. Further reference was made by the Examiner to the uncontroverted testimony that the price for coal in Size Group 8 produced in Subdistricts 1 and 2 in District No. 19 when consigned to Seattle, Washington, was the same as the effective price for the same size coal consigned to Seattle from Subdistrict 1 in District No. 20, and that the effective minimum prices now effective for coal in Size Groups 1, 2, 3, 5 and 6 for rail shipment to Alaska produced in Subdistricts 1 and 2 in District No. 19 were on a parity with the prices effective for coal in comparable size groups produced in Subdistrict 1 of District No. 20 for shipment to the same market area.

The Examiner pointed out that no objection had been offered to the granting of the relief asked for. He recommended that the relief asked for be granted, concluding that such relief would satisfy applicable price fixing provisions of the Act by affording District No. 19 an opportunity fairly to compete with District No. 20 for the anticipated increased demand for nut coals from Market Area 243.

An opportunity was afforded to all parties to file exceptions to the Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation of the Examiner and supporting briefs. No exceptions or supporting briefs have been filed.

The undersigned has determined that the proposed findings of fact and proposed conclusions of law of the Examiner in this matter should be approved and adopted as the findings of fact and conclusions of law of the undersigned.

Now, therefore, it is ordered, That the said proposed findings of fact and proposed conclusions of law be, and they hereby are, approved and adopted as the findings of fact and conclusions of law of the undersigned.

It is further ordered, That, commencing forthwith, § 340.5 (General Prices, minimum prices for shipment via rail transportation) in the Schedule of Effective Minimum Prices for District No. 19 For All Shipments Except Truck be,

and it hereby is, amended by the establishment of a minimum price of \$2.75 per net ton f. o. b. the mines for the coals in Size Group 8 produced in Subdistricts 1 and 2 for shipment by rail into Market Area 243 (Alaska).

Dated: June 20, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Division of Industry Operations

PART 1041—PRODUCTION, TRANSPORTATION, REFINING AND MARKETING OF PETROLEUM

[Amendment 1 to Preference Rating Order
P-98, Extended and Amended]

Paragraph (a) (3) is hereby amended to read as follows:

(a) *Definitions.* * * *

(3) "Main gas trunk line" means any pipeline and appurtenant structures carried as a "trunk line" on the books of an operator in accordance with the regulations of any duly constituted public regulatory body or, where there is no duly constituted public regulatory body regulating the accounting procedures of the operator, carried as a "trunk line" on the books of an operator for Federal or Dominion (whichever is appropriate) income tax purposes.

Paragraph (a) (9) is hereby amended to read as follows:

(9) "Operator" means:

(i) Any person located in the United States, its territories and possessions, engaged in operating a petroleum enterprise;

(ii) Any person located in the Dominion of Canada engaged in operating a petroleum enterprise to whom and in whose name a copy of this order is specifically issued and to whom a serial number has been assigned.

Paragraph (d) (1) is hereby amended by changing paragraph (d) (1) (v) and by adding paragraph (d) (1) (vi) as follows:

(d) *Restrictions on use of ratings—*
(1) *Restrictions on operator.* * * *

(v) The operator, as defined in paragraph (a) (9) (i), may not apply a rating to obtain material for any use which is restricted, prohibited or in any way limited by any order issued by the Director of Industry Operations, other than material to be used in conformity with the provisions of such order.

(vi) The operator, as defined in paragraph (a) (9) (ii), may not apply a rating to obtain material for any use which is restricted, prohibited or in any way limited by any applicable order or equivalent authority issued by the Gov-
