Where the State committee determines that State or district weed control laws affect the wheat crop, the support rate will be 10 cents below the applicable county support rate set forth in the schedule in this paragraph. If, upon delivery of the wheat to CCC the producer supplies a certificate indicating that the wheat complies with the weed control laws, the producer will be credited with the amount of the differential in determining the settlement value.

such owner, occupant, or user of the land.

(b) A similar agreement to that required in paragraph (a) of this section shall be executed by the tribe or legally authorized occupant or user of tribal land and the applicant before any work by the applicant may be undertaken on the land for the construction of a service line across such tribal land. Such a service line shall be for the sole purpose of supplying such occupant or user of such tribal land with any of the services dealt with in paragraph (a) of this section. No agreement under this paragraph shall be valid unless its execution shall have been duly authorized in advance of construction by the governing body of the Indian tribe whose land is affected.

(c) An agreement covering service lines shall include thereon, or have appended thereto, a plat or diagram showing with particularity the location, size, and extent of the line. When the plat or diagram is placed on a separate sheet it shall bear the signatures of the parties. In case of tribal land, the agreement shall be accompanied by a certified copy of the tribal authorization.

(d) An executed copy of the agreement, together with a plat or diagram, and in the case of tribal land, an authenticated copy of the tribal authorization shall be filed with the superintendent of the reservation on which the service line is to be built within 30 days after the date of its execution. Failure to meet this requirement may result in the removal of any such improvements placed on the land at the expense of the party responsible for the placing of such improvements thereon and subject such party to the payment of damages caused by his unauthorized act.

2. There is added to § 256.27 a new paragraph (f)

§ 256.27 Power projects. * * *

(f) Applicants, in lieu of furnishing maps based on surveys, including field notes, as required by §§ 256.8 to 256.13, inclusive, may obtain rights of way for distribution lines of less than 33 kv and telephone lines by filing two linen tracings and four print copies of a drawing showing the size and the location of the line in relation to the boundaries of each tract of land involved. The drawings shall show thereon whether the land to be crossed by the right of way is tribal or allotted. If allotted land, there shall appear on the drawing in addition to the section, township, and range number the name of each allottee and the respective allotment number. Each drawing shall contain a certificate executed by the engineer or the person who prepared the drawing, and the president, or other proper official of the applicant, certifying that the line is located as shown on the drawing.
