

United States Department of the Interior

OFFICE OF THE SECRETARY
Washington, DC 20240

DOI WILDLAND FIRE PROGRAM POLICY MEMORANDUM No. 2020-006

From: Jeffery Rupert - Director, Office of Wildland Fire
Subject: Authorization for Use of Government Passenger Carrier(s) for Home-to-Work Transportation
Effective Date: April 3, 2020
Expiration Date: April 3, 2022

Purpose: This Policy Memorandum establishes Home-to-Work transportation authority for Bureau fire management and response personnel. These Home-to-Work authorizations are for fieldwork activities and are only granted under the conditions and positions listed in Attachments 1 and 2.

Background: On April 3, 2020, Secretary Bernhardt signed the Authorization for Use of Government Passenger carriers for Home-to-Work Transportation of those employees essential for the safe and efficient performance for wildfire response. Attached is a copy of the approved authorization for your immediate implementation.

Coordination: Bureaus subject matter experts, DOI Solicitor's office, and other expertise were consulted in the development of the Authorization for Use of Government Passenger carriers for Home-to-Work Transportation.

Scope: Attachment 1 of the Authorization designates 398 specific positions authorized for Home-to-Work transportation. Each bureau is responsible for ensuring that only those in the approved positions and only when in the unique environmental conditions (Attachment 2) may utilize the authorized Home-to-Work use of Government motor vehicles. The authorization is valid for two years, at which point it must be reviewed and updated for recertification by the Secretary. Bureau fire executives and fire directors shall monitor and track usage in preparation for updating and recertification.

Existing Policy Affected: This PM replaces OWF Policy Memorandum 2018-007.

Authority: Authority under Departmental Manual 112 DM 7 and 620 DM 2.

Policy: Each bureau must complete the following in implementing this Authorization:

1. Provide a directive to each person authorized the use of Government vehicles for Home-to-Work transportation. The directive will require that each person be vigilant in ensuring that vehicles are used only for the official purposes intended and will caution that every effort must be taken to preclude the perception that such use is not official. Substantiated incidents of misuse will result in disciplinary action.
2. Require that each person authorized the use of a Government vehicle for Home-to-Work transportation maintains a log or record to verify that such use was for official purposes.

3. Maintain Home-to-Work determinations, directives, logs, or other records in accordance with the provisions of the [DOI Motor Vehicle Management Handbook](#), Chapter 9, Part II, Reporting Vehicle Usage. These documents should be readily and easily accessible for audit purposes.
4. Designate a Program Coordinator to oversee the use of Government vehicles for Home-to-Work transportation in accordance with the DOI Motor Vehicle Management Handbook Chapter 9, Part 9, Bureau/Office Responsibilities. The procedures shall include provisions for management review and audits of written authorization determinations, directives, and logs or records.

Future Home-to-Work requests shall be submitted to this office for review and will be considered at the time appropriate to recertify/amend the current authorization. At the time to update and recertify the current Authorization, each bureau is required to confirm the need for each determination to justify the continued use of Government vehicles for Home-to-Work transportation.

As part of its responsibilities for oversight of the Department's wildland fire management program this office will monitor implementation of this Authorization. The Office of Acquisition and Property Management will further review Home-to-Work management practices as part of its annual internal control cycle.

Contact: Questions can be directed to Erin Horsburgh, Deputy Director, Management and Programs, Office of Wildland Fire at erin_horsburgh@ios.doi.gov or 208-334-1550; or Kim Van Hemelryck, Operations Program Lead, at kimberly_vanhemelryck@ios.doi.gov or 208-334-1552.

Attachment 2: Department of the Interior Wildland Fire Management Program Home-to-Work Transportation Authorization - FY 2020 Request Record.

Attachment 1

Authorization for Use of Government Passenger Carrier(s) for Home-to-Work for Fieldwork Pursuant 31 U.S.C 1344

The Secretary of the Interior is satisfied with the provided assurances that the duties for the position/series listed below perform work for the Department of the Interior as defined in FMR 41 CFR Subpart 102-5:

Locations:

Various Departmental and Bureau Locations throughout US

Purpose:

To provide immediate and timely response to wildfire incidents as they occur, and in limited conditions, in order to decrease the loss of life, property, and public and private lands.

<u>Title</u>	<u>Series</u>	<u>Number of Positions</u>
Fire Management Officer	0401	169
Assistant Fire Management Officer	0401/0462	99
Fire Operations Specialists	0401/0462	130
Total Authorizations		398

The need for competent, qualified oversight of all wildfires is a key factor in reducing wildfire risk to communities and infrastructure, safeguarding natural and cultural resources, protecting the public and firefighters and meeting DOI and Bureau mission goals.

Use of a Government vehicle by those occupying the described positions for home-to-work transportation will substantially increase the efficiency and economy of the DOI under circumstances described, and such use is not for the purpose(s) of the personal comfort or convenience of the employee(s) involved. This determination and approval shall be updated as necessary and recertified every two years.

Caution: All users of Government vehicles must be vigilant in ensuring that Government vehicles are used only for official purposes. Bureaus will comply with Departmental policy regarding home-to-work record keeping and reporting and ensure the appropriate oversight by supervisors or approving line officers to mitigate risk. If instances of misuse are determined, the authorization will be withdrawn for the position, and potentially for the entire unit.

Approved: _____

Secretary of the Interior

Attachment 2

Department of the Interior Wildland Fire Management Program Home-to-Work Transportation Authorization 2020 Request Record

In accordance with the Department of the Interior Motor Vehicle Management Handbook (April 2019), the following information is included in the request for authorization to use a Government passenger carrier for home-to-work-transportation:

(1) Job title and series number: The designated wildland fire program management positions include: Fire Management Officers (GS-0401), Assistant Fire Management Officers (GS-0401/0462), and Fire Operations Specialists (GS-401/0462).

(2) Duties of the position(s) which require the authorization: The positions designated may require the use of motor vehicles for the safe and efficient performance of field duties, which can include initial response to wildland fires for establishing command and control, and/or providing other leadership and oversight in an emerging incident.

The specific field duties of the Fire Management Officer (FMO) and Assistant Fire Management Officer (AFMO) positions include, but are not limited to:

- (a) coordinates and initiates on wildland fires all fire management activities based on firefighter and public safety, cost effectiveness, and values to be protected consistent with resource objectives, by using the full range of strategic and tactical options as described in an approved Fire Management Plan.
- (b) coordinates operations with cooperating agencies on multi-jurisdictional wildland fires addressing risk to human safety and potential for damages to resources and improvements.
- (c) manages the environmental and workplace hazards of the wildland fire environment and provides leadership and direction to subordinates in the recognition and mitigation of these hazards.
- (d) responsible for the on-the-job safety and health of all employees supervised.
- (e) may serve as initial response incident commander

The specific field duties of the Fire Operations Specialist (FOS) position include, but are not limited to:

- (a) assigns missions to ground and aviation wildland fire suppression resources. Makes efficient and effective use of multiple types of interagency wildland fire suppression resources with varying capabilities. Ensures common communications for interagency resources.

- (b) provides protection for life, property and resources. Selects strategies and tactics to ensure safe operations for assigned resources. Recognizes potential hazardous situations and provides operational briefings. Initiates contacts with federal, state, and/or local law enforcement personnel as necessary to close roads, evacuate structures, and deal with the public.
- (c) participates in development of incident objectives and strategies and tactics, to provide for safe operations and cost effective incident management.

(3) The address of the permanent duty station: The information is provided in the table below.

(4) Type of passenger carrier: The information is provided in the table below.

(5) Justification – clearly citing the beneficial effects of work performance and expected results:

The need for competent, qualified oversight of all wildfires is a key factor in reducing wildfire risk to communities and infrastructure, safeguarding natural and cultural resources, protecting the public and firefighters and meeting DOI and Bureau mission goals.

The DOI Bureaus have requested Home-to-Work authorizations for fieldwork activities for specific wildland fire related positions under specific and limited circumstances under the authority of 31 U.S.C. 1344, and 41 CFR 102.35 et seq. Home to work authorization is requested for three essential positions (398 total authorizations out of 5,495 positions)— Fire Management Officers, Assistant Fire Management Officers, and the Fire Operations Specialists—for the following express purposes and under limited conditions where an immediate response can directly reduce damage to property and resources; limit the complexity of an emerging wildfire; and lessen threats to public and firefighter safety:

- (a) During periods of extreme fire danger and/or high potential for above normal fire growth as indicated using the National Fire Danger Rating System (NFDRS) or comparable fire danger analysis and operational plans. AND
- (b) Where the local office has determined there is an immediate, unforeseeable, temporary need to provide home-to-work transportation to ensure immediate availability for emergency wildfire response and the uninterrupted performance of the DOI's mission. For example, this authority is not intended for areas where there might be high fire danger, but not the need for immediate response; such as in back country or remote locations, etc. AND
- (c) To establish command and control and/or fireline leadership on an emerging incident to minimize wildfire exposure to firefighters and the public.
