Art with Old CDs

Earth Day is later this month, and what better way is there to celebrate than by making crafts using old household items.

Supplies Needed:
CDs/DVDs, scissors, glue (hot glue works best), yarn

1. Trace a moon shape onto two CDs (use a CD to do this) and cut them out.
2. Trace other shapes such as stars.
3. Glue scrap pieces of CDs onto the moon shape to create a mosaic look.
4. Take 4 pieces of yarn and glue them to the blank side of one CD. (1 at the top, and 3 at the bottom).
5. Glue the moon pieces together so that they yarn pieces hang out.
6. Using this same technique, glue the stars and circles onto the hanging pieces of yarn.
