

# Project & Company Level Reporting Working Group

# Project Reporting Parameters

- EITI Standard
- USEITI Application
- USEITI Independent Administrator TOR
- Related legal reporting requirements
- Best practice
- Use of data

# Issues to be Explored

- Develop stronger understanding of how USEITI data will be used at a state and local level
- Identify specifics regarding Trade Secret Act concerns
- How the Dodd-Frank Section 1504 process affects the decision on project level
- The potential to achieve equivalency with existing EU law
- The precedents the USEITI process may set
- How the level of reporting may affect the complexity and use of the USEITI reconciled report
