Ms. Richardson –

I had thought that one side of the reflecting pool was the location that you were recommending from my coworker Shola. Is that not available? The Ellipse is the location just in front of the White House, right?

Ms. Propeack,

My name is Marisa Richardson, I am a permit specialist ranger at the National Mall and Memorial Parks. I have been assigned to handle your permit application. Your application to conduct a demonstration on the Washington Monument was received on July 31, 2013. The Northeast quadrant of the Washington Monument grounds are not available, due to another activity. The northwest quadrant of the Washington Monument is available, however there is a construction fence that segments part of the quadrant and the setup of a stage can pose a problem. Is there another location or date you might be interested in pursuing? Perhaps, the Ellipse?

Please let me know, so we can schedule a logistical meeting with USPP and MPD.

Hi Marisa-

Internally we decided to push our demonstration date back, accordingly we would like to request October 7<sup>th</sup> and 8<sup>th</sup> 6am-12am (the 8<sup>th</sup> would be the actual event, and the 7<sup>th</sup> is set-up) on our permit. We would still like to hold the area between 3rd Street and 7th Street. Also, we can cancel the coordination meeting set for the 21<sup>st</sup>. Is October 7th and 8<sup>th</sup> available?

The application submitted states the Washington Monument grounds. I have never spoken with anyone from your organization in regards to this particular application. Are you referring to the Lincoln Memorial Reflecting Pool? The Ellipse is the south side of the White House boarding Constitution Avenue and Lafayette Park is on the north side of the White House boarding the closed portion of Pennsylvania Avenue. Neither Lincoln Memorial Reflecting Pool area or Lafayette Park are available.

Hi Marisa-

Internally we decided to push our demonstration date back, accordingly we would like to request October 7<sup>th</sup> and 8<sup>th</sup> 6am-12am (the 8<sup>th</sup> would be the actual event, and the 7<sup>th</sup> is set-up) on our permit. We would still like to hold the area between 3rd Street and 7th Street. Also, we can cancel the coordination meeting set for the 21<sup>st</sup>. Is October 7th and 8<sup>th</sup> available?

Hi Marisa,  
Robbin just denied the Magnetic group. So I will now place new labels on the board for CASA in Action on the National Mall from 3rd - 7th Street on October 7 - 8, 2013 from 6:00 a.m. - 12:00 a.m.

In addition, I just spoke to the permittee, the logistics meeting is scheduled for September 4, 2013 from 11:00 a.m. - 12:00 p.m.

Thanks,  
Deborah

Hi Marisa,

Robbin just denied the Magnetic group. So I will now place new labels on the board for CASA in Action on the National Mall from 3rd - 7th Street on October 7 - 8, 2013 from 6:00 a.m. - 12:00 a.m.

In addition, I just spoke to the permittee, the logistics meeting is scheduled for September 4, 2013 from 11:00 a.m. - 12:00 p.m.

Thanks,

Ms. Propeack,

The application submitted states the Washington Monument grounds. I have never spoken with anyone from your organization in regards to this particular application. Are you referring to the Lincoln Memorial Reflecting Pool? The Ellipse is the south side of the White House boarding Constitution Avenue and Lafayette Park is on the north side of the White House boarding the closed portion of Pennsylvania Avenue. Neither Lincoln Memorial Reflecting Pool area or Lafayette Park are available.

Ms. Propeack,

My name is Marisa Richardson, I am a permit specialist ranger at the National Mall and Memorial Parks. I have been assigned to handle your permit application. Your application to conduct a demonstration on the Washington Monument was received on July 31, 2013. The Northeast quadrant of the Washington Monument grounds are not available, due to another activity. The northwest quadrant of the Washington Monument is available, however there is a construction fence that segments part of the quadrant and the setup of a stage can pose a problem. Is there another location or date you might be interested in pursuing? Perhaps, the Ellipse?

Please let me know, so we can schedule a logistical meeting with USPP and MPD.

Got it. I this when my coworker Shola came in he adding that location to the application because the person he spoke with said it was available. This would probably be easiest over the phone. Could you speak around noon on Monday?

Ms. Propeack,

My name is Marisa Richardson, I am a permit specialist ranger at the National Mall and Memorial Parks. I have been assigned to handle your permit application. Your application to conduct a demonstration on the Washington Monument was received on July 31, 2013. The Northeast quadrant of the Washington Monument grounds are not available, due to another activity. The northwest quadrant of the Washington Monument is available, however there is a construction fence that segments part of the quadrant and the setup of a stage can pose a problem. Is there another location or date you might be interested in pursuing? Perhaps, the Ellipse?

Please let me know, so we can schedule a logistical meeting with USPP and MPD.

The application submitted states the Washington Monument grounds. I have never spoken with anyone from your organization in regards to this particular application. I stayed up and watched that debacle last night as I worked. So sorry for you and all the government workers being used as pawns in this ideological battle. I hope it's short lived.

I wanted to get this to you as soon as I could. Here is an updated set list that includes a little more input from the band and information about the music and it's integral role in the message that is being delivered. Kim still has some updates on speakers that I don't have and the band has to feed back about their own speaking parts as they will also be sharing about their own experiences and perspectives.

There will be some mixing in of thematic images and messages with the music to enhance the message as well but that is in progress as well.

Thanks. Hope to see you again...very soon.

First, attached is the belated Transportation plan. Please let me know if you have any thoughts or if we are ok.

Secondly, Bill will be getting you the brief run of show a little later this evening. We just confirmed (this is actually news to Bill) that the House Democratic Leader Nancy Pelosi will be joining us and she is recruiting additional Members of Congress to join her on the stage. I imagining that this is going to be a daily growing list. Would you like us to wait until later next week or provide daily additions? The other members will not be speaking; at this time we have two Members confirmed to speak and two others that are pending. The rest will be standing in support.

Finally, my colleagues belatedly asked whether it would be possible to do a donation collection at the event. Using a group of around 10 volunteers, they would utilize closed water buckets spread through the crowd and a pitch from the stage as the program starts and just before the march sets off. I believe there may be additional restrictions on such a fundraising, so please let me know what is possible and what we need to do to make it work.

Thanks as always!

# United States Department of the Interior

NATIONAL PARK SERVICE  
1849 C Street, N.W.  
Washington, D.C. 20240

## National Park System Closure Determination and Notice

Pursuant to 36 C.F.R. § 1.5, effective at 12:01 a.m. on October 1, 2013, all units of the National Park System nationwide are closed to public visitation and use, subject to the conditions and exceptions described below. This national closure determination and notice is necessitated by a lapse in funds appropriated by the United States Congress for the operation of the National Park System and will remain in effect until funding is restored. The period of time during which appropriated funds are not available may be referred to in this determination and notice as the “shutdown period.”

Under 36 C.F.R. § 1.5(a) this national closure determination and notice is necessary to maintain public health and safety in units of the National Park System and to protect park resources and values during the shutdown period. Consistent with the Department of the Interior Contingency Plan, available at [www.doi.gov/shutdown](http://www.doi.gov/shutdown), only a relatively small number of “excepted personnel” will be on duty during the shutdown period. Those personnel are not sufficient to provide a full range of visitor services. Therefore, in light of the shutdown and Contingency Plan, measures less restrictive than a national closure will not suffice to maintain public health and safety and to protect park resources and values. The lapse in appropriated funds qualifies as an “emergency” under 36 C.F.R. § 1.5(b); therefore, this determination and notice does not require special rulemaking.

### Condition and Exceptions:

1. National Park Service personnel who have been identified as excepted will continue to report for duty in accordance with the National Park Service Contingency Plan and as directed by their supervisors.
2. Members of the public who are currently visiting a unit of the National Park System and not staying overnight in the park must vacate the park immediately. All day-use concession-operated visitor services and facilities are to be closed immediately. Exceptions may be granted by superintendents only if a facility is deemed essential for health or safety purposes.

Sgt. Wong -

The remaining issue that Marisa had sought clarification about was regarding the content of the agenda. Attached is the description that Bill sent her later after our meeting on Monday (in PDF). The Capitol Police had requested even further information and that document is attached in Word.

Obviously, the timeline on the West Front was a little different because it lacked the march. By the time we provided the materials to the Capitol Police, we had garnered several additional speaker confirmations and more information about the stories in the middle.

Thanks again for your help.

W. At the Permittees' request, this activity is being considered a Private Temporary Food Event. Food may be distributed free of charge to **event talent only**. It is the responsibility of the Permittee to develop and implement a system that ensures that food is not distributed to the general visiting public. Staff members and event talent will be served food in a 40 x 40 tent located in the backstage area. At staff member will check for blue wristbands of volunteers and staff members.

For clarification, below is an excerpt from the National Park Service Standard Public Health Requirements for a Temporary Food Establishment guideline. The following statement refers to requirements for food service to the general public on park land, which were established in order to reduce the risk of food-borne illnesses.

X. **Private Temporary Food Event: These Requirements do not apply to Special Events held on Parkland that: (1) do not provide food to the general public visitor within the Park; and (2) only provide food to private members, guests, staff, employees, or volunteers directly affiliated and associated with the Special Event or demonstration where the food distribution is within a well-defined area from which the general public is excluded.**

As it relates to food service, such an event is considered a "Private" Temporary Food Event. However, the NPS recommends that the organizer/sponsor of a Private Temporary Food Event review these Requirements to insure that any food obtained, stored, handled, prepared and ultimately served on Parkland be provided in a safe and sanitary manner. As such, these Requirements can serve as a valuable tool and reference to address food sanitation issues and reduce the risk of food-borne disease or a disease outbreak at a Private Temporary Food Event. The NPS recommends that a licensed caterer or food establishment is used to provide food to the private group and these Requirements are used to determine their capabilities relative to basic food sanitation issues, and Federal Drug Administration's (FDA) Food Code; the FDA Pre-Operational Guide for Temporary Food Establishments, and the recommendations of the NCR PHS Consultant.

Y. Casa in Action shall ensure that all fire extinguishers are properly rated for hazards involved. All fire extinguishers shall be easily accessible and in plain view as directed by the National Park Service Safety Officer.

Z. **Trash/debris pickup:** All trash and debris shall be cleared from the grounds of the memorial immediately after the conclusion of the event each day. Trash receptacles for this effort shall be provided and removed from the site accordingly by the permit holder. Trash receptacles must not overflow with trash or debris. Use of clear trash bags is required for all trash receptacles used for the event.

AA. If attendance is expected to exceed the capacity of nearby NPS public comfort facilities, or if none exist in or near the requested park area, the Permittee must provide portable, temporary toilets with sufficient capacity to accommodate anticipated attendance. The general guideline is a minimum of (1) portable toilet per (300) people, of which at least twenty percent (%20) must be handicapped accessible. Permittee is placing at least 80 portable restrooms and 20 ADA accessible restrooms throughout the permitted area.

Los Tigres del Norte (LTDN) music embodies the American Dream for many American Immigrants -- revealing the inner conflicts as they feel pride and fear in the countries that they came from as well as the America they have come to -- telling their stories and

capturing their plight as they struggle and hope for change. They will be appearing with Lila Downs, award-winning singer, songwriter, and actress famous for the creation of ballads replete with the historical and cultural richness that defines the immigrant experience.

1:10 – 1:18 Los Tigres sing following songs (18 minutes)

*El Centro Americano – Story of a Central American man who got all the way to Chicago without papers and how he lives with his memories of his home. He loses everything in a raid. After deportation to Mexico he still must be careful in case his accent shows that he should be deported from Mexico. For all Central Americans we have to forget where we are from; we must forget our small country for fear of fitting in anywhere we go. He dreams of having papers one day and to shout that he is Central American, proud and free to say where he is from.*

*De Paisano a Paisano – From countryman to countryman, a man's struggle to provide the best for his kids. We are here to work, in the fields and in hotels, restaurants, cleaning, and construction while the bosses stay home. A lot of times we don't get paid. If I could with my song I would knock down all borders so the world could live as one country and under one flag.*

*El Imigrante – An immigrant far from his parents and country, he grew up and crossed for a better life. Only in his thoughts can he go back to where he is from. There are countries that hide us when convenient but they will violate your rights and way of life.*

1:19 – 1:24 Jorge Hernandez describes their immigration story and describes the impact of the crisis on fans that reach out to them (5 minutes)

1:25 to 1:35 Children (Spoken Word) (10 minutes)

1:36 - 1:56 Los Tigres sing following songs (20 minutes)

*Cesar Chavez – A song that pays tribute to the civil rights leader and puts his story to song as he fought for immigrant workers rights.*

*Mis Dos Patrias – A fathers struggle to identify with his children and express his feeling about belonging to 2 countries and getting everyone to understand that all of our rights need to be respected and that 2 countries fit in one heart*

1:57 - 2:07 Los Tigres speak about the importance of maintaining traditions and respect for our immigrant heritage and invite Lila Downs onto the stage - 10 minutes

2:08 - 2:11 Lila describes the impact that she sees of the immigration crisis in her community

2:12 - 2:19 Lila Downs & Los Tigres sing together: La Juala de Oro - 7 mins

*La Jaula de Oro – Golden cage, this country is the land of opportunity but it comes at a cost. You can never feel comfortable for fear of being deported and as your children grow they lose their identity and culture and you are trapped trying to give them the best at any cost.*

2:20 - 2:30 Alicia Silva speaks about her immigrant experience (10 minutes) -

2:31 - 2:42 Los Tigres sing closing songs (11 minutes)

*Mi soldado - a family tells the story of their son who is a soldier as a soldier tells his father "don't cry my country has been attacked and I must defend it. The story of many immigrant families saying good bye to their sons not knowing if they will see them again. This song is for all soldiers that fight for their flag with honor.*

*America – A song of unity amongst all Americans and Americas- we are all American regardless of what part of America we come from.*

## Transportation Plan for October 8 Rally for Immigrant Dignity and Respect

CASA is providing limited bus transportation to the October 8 rally for attendees outside our metro area. 52 buses will be attending from Maryland. We have confirmed with MPD that they may drop off and pick up attendees at 12<sup>th</sup> Street and Maine Southwest. We have 42 buses coming from Virginia and we are requesting permission to drop off and pick up at 15<sup>th</sup> and Independence.

Each bus has two bus captains and will receive Instructions, two signs with the bus number clearly written on it so that the bus is visually distinctive, stickers that bus captains will write their names and cells as well as the bus number on it that they will stick on riders shirts, sign-in sheets, and a map of the national mall with bus drop-off and pick-up locations clearly indicated.

Our lead for the Maryland buses is Elizabeth Alex, Lead Organizer for MD (b) (6) and our lead for the Virginia buses is Lindolfo Carballo, Lead Organizer for VA (b) (6). Both leads have personally recruited and trained each bus captain. They will be on site at the arrival and departure location to assure smooth movement of the buses and passengers. An additional 3 CASA staff people will be assigned to each bus location arrival and departure location to facilitate grouping the passengers into sections to smoothly board or disembark from the buses.

CASA will operate a bus command center from our headquarters in Langley Park. With two assistants, the overall transportation lead is Silvia Navas is (b) (6). Silvia struck the contracts and will be in constant contact with the 8 companies that are sharing the combined 94 buses.

The buses are arriving between the hours of 11:30 and 12:30. To the greatest extent possible, we are coordinating them to arrive in waves on ten buses at each site (for example, the Richmond buses will come in a group 1, then the Fredericksburg buses, at the VA site.) The bus departure time is 6pm, but buses will be parked waiting nearby close to the southwest seafood market and as the total bus passengers group together, the captains will communicate to the driver by cell that they are ready to be picked up.

Finally a few buses will also be arriving from outside the region. They have been directed to park at Union Station in the remaining rental spots.

The vast majority of the attendees on October 8<sup>th</sup> will be arriving by metro. CASA will have staff in Fraconia/Springfield, Pentagon City, Crystal City, Courthouse, Ballston, and Vienna stations in Virginia, in West Hyattsville, New Carrollton, PG Plaza, Silver Spring, Wheaton, Shady Grove, Greenbelt, and Glenmont in Maryland, and in Takoma and Fort Totten in DC to assist riders in operating the fare machines and directing riders as to which station to disembark at. Riders are being asked to

disembark at either Gallery Place or at Federal Triangle to get to the Rally at 10<sup>th</sup> street and will be assisted at each location by teams of 4 CASA staff members. Leaving the district at the end of the event at the West Lawn, riders will be directed back out by marshals trained by SEIU through Union Station and Capitol South.

Ari/Marisa,

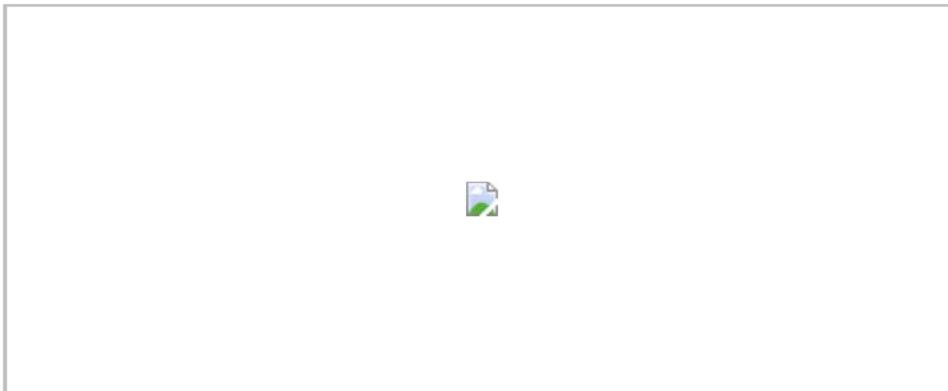

Thanks so much for working this all out. What a crazy week this has been. I'm exhausted and now we have to do this thing.

I have updated the drawing to reflect some of the things we talked about, making sure the tents are on the grass for staking, adding the crisscross bike rack and representing the bike rack surrounding the trucks, speaker stacks, etc.

I have two issues to ask about.

1) Originally the client wanted the flanking screens, I would like to move one of those screens back onto the lawn to increase the audience's ability to see. I think this will make it better for them and help ensure they don't press in trying to get a better look. We'd treat that one the same as the other, with duratac under it

2) I thought I was getting passes for the trucks that have to stay on the mall. I didn't get enough passes for our trucks and ones required for some that will drop off and pull away or some of the things SEIU was dealing with directly, plus we have another delivery to accommodate the additional bike rack. I think we'll be able to juggle some but I don't want a lack of passes to stop us from being able to complete the load in within the time we've allowed. Can I get 7 additional?

W. At the Permittees' request, this activity is being considered a Private Temporary Food Event. Food may be distributed free of charge to **event talent only**. For clarification, below is an excerpt from the National Park Service Standard Public Health Requirements for a Temporary Food Establishment guideline. The following statement refers to requirements for food service to the general public on park land, which were established in order to reduce the risk of food-borne illnesses.

X. **Private Temporary Food Event: These Requirements do not apply to Special Events held on Parkland that: (1) do not provide food to the general public visitor within the Park; and (2) only provide food to private members, guests, staff, employees, or volunteers directly affiliated and associated with the Special Event or demonstration where the food distribution is within a well-defined area from which the general public is excluded.** As it relates to food service, such an event is considered a "Private" Temporary Food Event. However, the NPS recommends that the organizer/sponsor of a Private Temporary Food Event review these Requirements to insure that any food obtained, stored, handled, prepared and ultimately served on Parkland be provided in a safe and sanitary manner. As such, these Requirements can serve as a valuable tool and reference to address food sanitation issues and reduce the risk of food-borne disease or a disease outbreak at a Private Temporary Food Event. The NPS recommends that a licensed caterer or food establishment is used to provide food to the private group and these Requirements are used to determine their capabilities relative to basic food sanitation issues, and Federal Drug Administration's (FDA) Food Code; the FDA Pre-Operational Guide for Temporary Food Establishments, and the recommendations of the NCR PHS Consultant.

Y. Casa in Action shall ensure that all fire extinguishers are properly rated for hazards involved. All fire extinguishers shall be easily accessible and in plain view as directed by the National Park Service Safety Officer.

Trash receptacles for this effort shall be provided and removed from the site accordingly by the permit holder. Trash receptacles must not overflow with trash or debris. Use of clear trash bags is required for all trash receptacles used for the event.

AA. If attendance is expected to exceed the capacity of nearby NPS public comfort facilities, or if none exist in or near the requested park area, the Permittee must provide portable, temporary toilets with sufficient capacity to accommodate anticipated attendance. The general guideline is a minimum of (1) portable toilet per (300) people, of which at least twenty percent (%20) must be handicapped accessible. Permittee is placing at least 80 portable restrooms and 20 ADA accessible restrooms throughout the permitted area.

**BB. NOTE: CAMPING IS PROHIBITED.** Camping is defined as the use of the park land for living accommodation purposes such as sleeping activities, or making preparations to sleep (including the laying down or bedding for the purpose of sleeping), or storing personal belongings, or making any fire, or using any tents or shelter or other structure or vehicle for sleeping or doing any digging

*El Centro Americano – Story of a Central American man who got all the way to Chicago without papers and how he lives with his memories of his home. He loses everything in a raid. After deportation to Mexico he still must be careful in case his accent shows that he should be deported from Mexico. For all Central Americans we have to forget where we are from; we must forget our small country for fear of fitting in anywhere we go. He dreams of having papers one day and to shout that he is Central American, proud and free to say where he is from.*

*De Paisano a Paisano – From countryman to countryman, a man's struggle to provide the best for his kids. We are here to work, in the fields and in hotels, restaurants, cleaning, and construction while the bosses stay home. A lot of times we don't get paid. If I could with my song I would knock down all borders so the world could live as one country and under one flag.*

*El Imigrante – An immigrant far from his parents and country, he grew up and crossed for a better life. Only in his thoughts can he go back to where he is from. There are countries that hide us when convenient but they will violate your rights and way of life.*

2:20 - 2:30 Alicia Silva speaks about her immigrant experience (10 minutes) -

2:31 - 2:42 Los Tigres sing closing songs (11 minutes)

*Mi soldado - a family tells the story of their son who is a soldier as a soldier tells his father "don't cry my country has been attacked and I must defend it. The story of many immigrant families saying good bye to their sons not knowing if they will see them again. This song is for all soldiers that fight for their flag with honor.*

## **Transportation Plan for October 8 Rally for Immigrant Dignity and Respect**

CASA is providing limited bus transportation to the October 8 rally for attendees outside our metro area. 52 buses will be attending from Maryland. We have confirmed with MPD that they may drop off and pick up attendees at 12<sup>th</sup> Street and Maine Southwest. We have 42 buses coming from Virginia and we are requesting permission to drop off and pick up at 15<sup>th</sup> and Independence.

Each bus has two bus captains and will receive Instructions, two signs with the bus number clearly written on it so that the bus is visually distinctive, stickers that bus captains will write their names and cells as well as the bus number on it that they will stick on riders shirts, sign-in sheets, and a map of the national mall with bus drop-off and pick-up locations clearly indicated.

Our lead for the Maryland buses is Elizabeth Alex, Lead Organizer for MD (b) (6) and our lead for the Virginia buses is Lindolfo Carballo, Lead Organizer for VA (b) (6). Both leads have personally recruited and trained each bus captain. They will be on site at the arrival and departure location to assure smooth movement of the buses and passengers. An additional 3 CASA staff people will be assigned to each bus location arrival and departure location to facilitate grouping the passengers into sections to smoothly board or disembark from the buses.

CASA will operate a bus command center from our headquarters in Langley Park. With two assistants, the overall transportation lead is Silvia Navas is (b) (6). Silvia struck the contracts and will be in constant contact with the 8 companies that are sharing the combined 94 buses.

The buses are arriving between the hours of 11:30 and 12:30. To the greatest extent possible, we are coordinating them to arrive in waves on ten buses at each site (for example, the Richmond buses will come in a group 1, then the Fredericksburg buses, at the VA site.) The bus departure time is 6pm, but buses will be parked waiting nearby close to the southwest seafood market and as the total bus passengers group together, the captains will communicate to the driver by cell that they are ready to be picked up.

Finally a few buses will also be arriving from outside the region. They have been directed to park at Union Station in the remaining rental spots.

The vast majority of the attendees on October 8<sup>th</sup> will be arriving by metro. CASA will have staff in Fraconia/Springfield, Pentagon City, Crystal City, Courthouse, Ballston, and Vienna stations in Virginia, in West Hyattsville, New Carrollton, PG Plaza, Silver Spring, Wheaton, Shady Grove, Greenbelt, and Glenmont in Maryland, and in Takoma and Fort Totten in DC to assist riders in operating the fare machines and directing riders as to which station to disembark at. Riders are being asked to

disembark at either Gallery Place or at Federal Triangle to get to the Rally at 10<sup>th</sup> street and will be assisted at each location by teams of 4 CASA staff members. Leaving the district at the end of the event at the West Lawn, riders will be directed back out by marshals trained by SEIU through Union Station and Capitol South.

Heya Folks -

I just wanted to confirm all my convos about the water delivery. The truck needs to enter the Mall at 7th street driving toward 10th on the pathway. It will arrive tomorrow at 10am. Sarah will be the on-the-ground contact for it (cellphone number (b) (6) [REDACTED]). Stacks go at each of the first-aid stands (Sarah will have that info), at the information tent, then the remainder on the grass on the north side of Jefferson Street between 10th and 7th for marchers and people arriving to pick up. The cases have to be lifted off of the pallets and placed on the ground (although they can be placed in stacks.)

Thanks so much Nestor for moving this!

Thank you for the bike rack. Could you please email me the updated run of show with the timing of everything.

Thanks

Ari/Marisa,

Thanks so much for working this all out. What a crazy week this has been. I'm exhausted and now we have to do this thing.

I have updated the drawing to reflect some of the things we talked about, making sure the tents are on the grass for staking, adding the crisscross bike rack and representing the bike rack surrounding the trucks, speaker stacks, etc.

I have two issues to ask about.

- 1) Originally the client wanted the flanking screens, I would like to move one of those screens back onto the lawn to increase the audience's ability to see. I think this will make it better for them and help ensure they don't press in trying to get a better look. We'd treat that one the same as the other, with duratac under it
- 2) I thought I was getting passes for the trucks that have to stay on the mall. I didn't get enough passes for our trucks and ones required for some that will drop off and pull away or some of the things SEIU was dealing with directly, plus we have another delivery to accommodate the additional bike rack. I think we'll be able to juggle some but I don't want a lack of passes to stop us from being able to complete the load in within the time we've allowed. Can I get 7 additional?

Heya Folks -

I just wanted to confirm all my convos about the water delivery. The truck needs to enter the Mall at 7th street driving toward 10th on the pathway. It will arrive tomorrow at 10am. Sarah will be the on-the-ground contact for it (cellphone number (b) (6) ██████████ Stacks go at each of the first-aid stands (Sarah will have that info), at the information tent, then the remainder on the grass on the north side of Jefferson Street between 10th and 7th for marchers and people arriving to pick up. The cases have to be lifted off of the pallets and placed on the ground (although they can be placed in stacks.)

Thanks so much Nestor for moving this!

I just wanted to give you both another thanks. It's not enough but I really do appreciate your help and great attitude throughout this event. Your smile, Marisa, when you came back from the march on time was one of the highlights of my day.

FYI, I asked the trash removal people to empty the public trash cans as you requested and I saw them doing it so I hope that was done thoroughly. Also, after all was broken down there was still some trash on the lawn behind the stage which we piled up and made arrangements to get it picked up today. The portajohns and golf carts were to be picked up today. I'm going to swing down there in just a bit to ensure that it was all removed and left in good order. Let me know if there is any negative feedback that we need to address.

Marisa,

This is Bill Goodwin, I was at the meeting last week regarding the Oct 8th rally. I think you have received or are about to receive a message from CASA to make me a secondary contact for this event.

I am in the process of making the site plans and drawings. I'm using google images to overlay our footprint right now such as the one attached. Please let me know if this format works for your purposes or if I'll need to translate to a map format you provide.

I have a couple questions that I'd like to clear up before we submit. Please let me know a good time to call and/or if you need to wait until you get official notice of my addition to the contact on this event.

Thanks.

Marisa,

Following up on this.

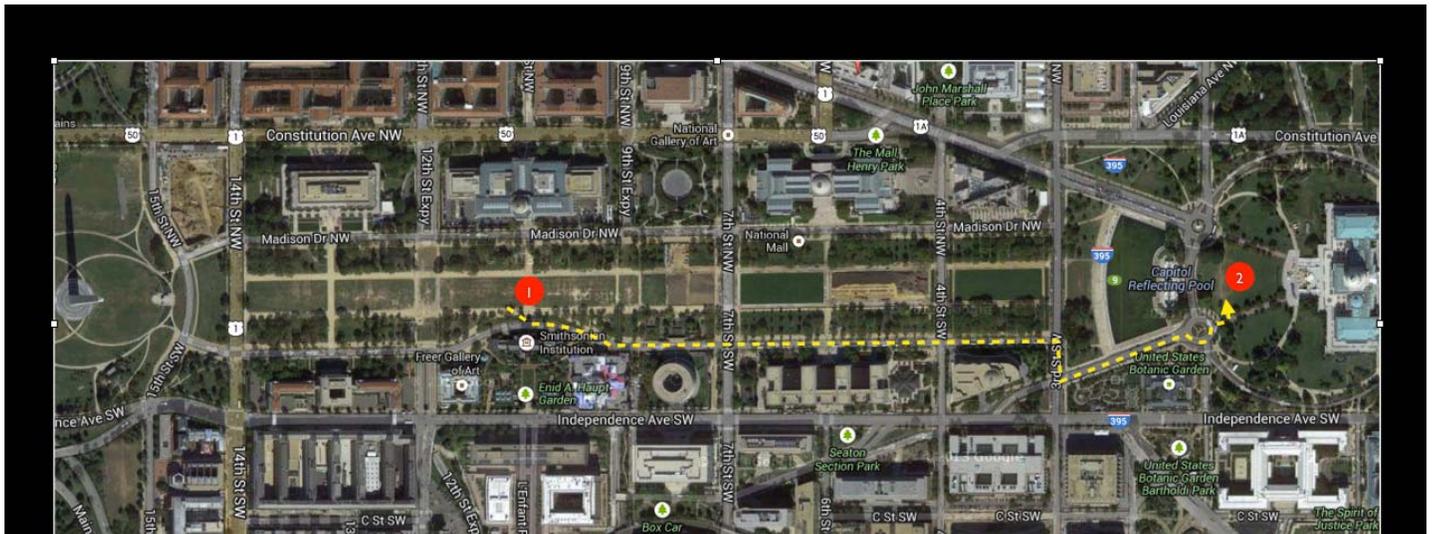

I am in the process of making the site plans and drawings. I'm using google images to overlay our footprint right now such as the one attached. Please let me know if this format works for your purposes or if I'll need to translate to a map format you provide. See attached site plan images for reference -- not intended as finals as things are still getting changed.

I have a couple questions that I'd like to clear up before we submit plans. Please let me know a good time to call.

Items to discuss:

- location of public portajohns up closer to Madison or closer to the path by the event site
- can we represent audio and video delay screen locations that we may not place depending on estimated crowd size and budget constraints
- couple questions about ground protection at tents and mobile delay screens

Thanks.

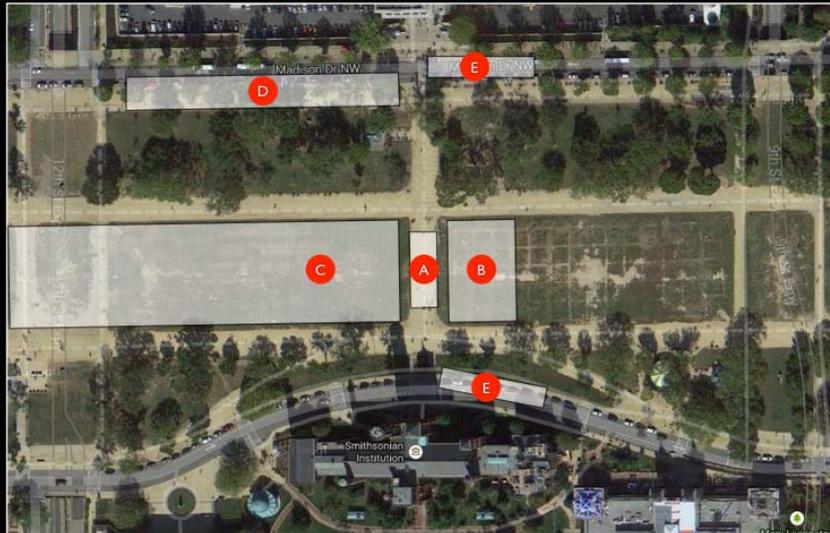

1 Concert location - main stage at 10th St, back stage tenting on east side, audience on west side

2 Rally/Protest location - stage on west lawn location TBD

--> March route - approximately 1 mile (20-30 minute walk)

A Main Stage - mobile or biljax TBD and production assets

B Backstage - green room, dressing rooms, production, VIP and Press greeting area/clutch

C Audience, VIP seating, press seating and accommodations

D Porta-johns

E Proposed for media and production trucks (satellite/micro trucks would probably need Madison to get out, Jefferson is a shorter run if available).

- C Audience, VIP seating, press seating and accommodations
- D Porta-johns
- E Proposed for media and production trucks (satellite/micro trucks would probably need Madison to get out, Jefferson is a shorter run if available).

Sorry for my delay in formally communicating to you. After consultation with our partners, we have decided that CASA will retain the permit for October 8. Bill Goodwin, who is producing the event for us, will be a point of contact and will be in communication with your office regarding the site plan, etc.

Unfortunately, I will not be able to join next Wednesday's meeting in person. I understand that you are able to conference me in and would appreciate that accommodation.

Thank you as always for the extraordinary work you do.

Just wanted to get you this in advance of the meeting this morning. I'll bring a few copies but probably not enough for the crowd. :)

This isn't final but it's getting close. We'll get actual dimensions on elements in next draft.

Also, I have put in a few calls now to AMR and no return--do you have a direct contact there you could share with me?

Hi Marisa -

Hope all is well. As you know we are slowly getting you the additional information that you have requested but, as always, I have a couple of more questions.

First, attached is the belated Transportation plan. Please let me know if you have any thoughts or if we are ok.

Secondly, Bill will be getting you the brief run of show a little later this evening. We just confirmed (this is actually news to Bill) that the House Democratic Leader Nancy Pelosi will be joining us and she is recruiting additional Members of Congress to join her on the stage. I imagining that this is going to be a daily growing list. Would you like us to wait until later next week or provide daily additions? The other members will not be speaking; at this time we have two Members confirmed to speak and two others that are pending. The rest will be standing in support.

Finally, my colleagues belatedly asked whether it would be possible to do a donation collection at the event. Using a group of around 10 volunteers, they would utilize closed water buckets spread through the crowd and a pitch from the stage as the program starts and just before the march sets off. I believe there may be additional restrictions on such a fundraising, so please let me know what is possible and what we need to do to make it work.

Thanks as always!

## Transportation Plan for October 8 Rally for Immigrant Dignity and Respect

CASA is providing limited bus transportation to the October 8 rally for attendees outside our metro area. 52 buses will be attending from Maryland. We have confirmed with MPD that they may drop off and pick up attendees at 12<sup>th</sup> Street and Maine Southwest. We have 42 buses coming from Virginia and we are requesting permission to drop off and pick up at 15<sup>th</sup> and Independence.

Each bus has two bus captains and will receive Instructions, two signs with the bus number clearly written on it so that the bus is visually distinctive, stickers that bus captains will write their names and cells as well as the bus number on it that they will stick on riders shirts, sign-in sheets, and a map of the national mall with bus drop-off and pick-up locations clearly indicated.

Our lead for the Maryland buses is Elizabeth Alex, Lead Organizer for MD (b) (6) and our lead for the Virginia buses is Lindolfo Carballo, Lead Organizer for VA (b) (6). Both leads have personally recruited and trained each bus captain. They will be on site at the arrival and departure location to assure smooth movement of the buses and passengers. An additional 3 CASA staff people will be assigned to each bus location arrival and departure location to facilitate grouping the passengers into sections to smoothly board or disembark from the buses.

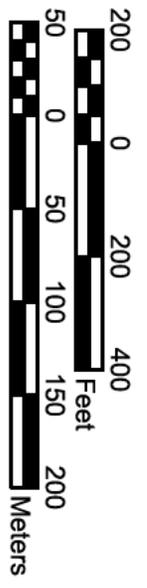

CASA will operate a bus command center from our headquarters in Langley Park. With two assistants, the overall transportation lead is Silvia Navas is (b) (6). Silvia struck the contracts and will be in constant contact with the 8 companies that are sharing the combined 94 buses.

The buses are arriving between the hours of 11:30 and 12:30. To the greatest extent possible, we are coordinating them to arrive in waves on ten buses at each site (for example, the Richmond buses will come in a group 1, then the Fredericksburg buses, at the VA site.) The bus departure time is 6pm, but buses will be parked waiting nearby close to the southwest seafood market and as the total bus passengers group together, the captains will communicate to the driver by cell that they are ready to be picked up.

Finally a few buses will also be arriving from outside the region. They have been directed to park at Union Station in the remaining rental spots.

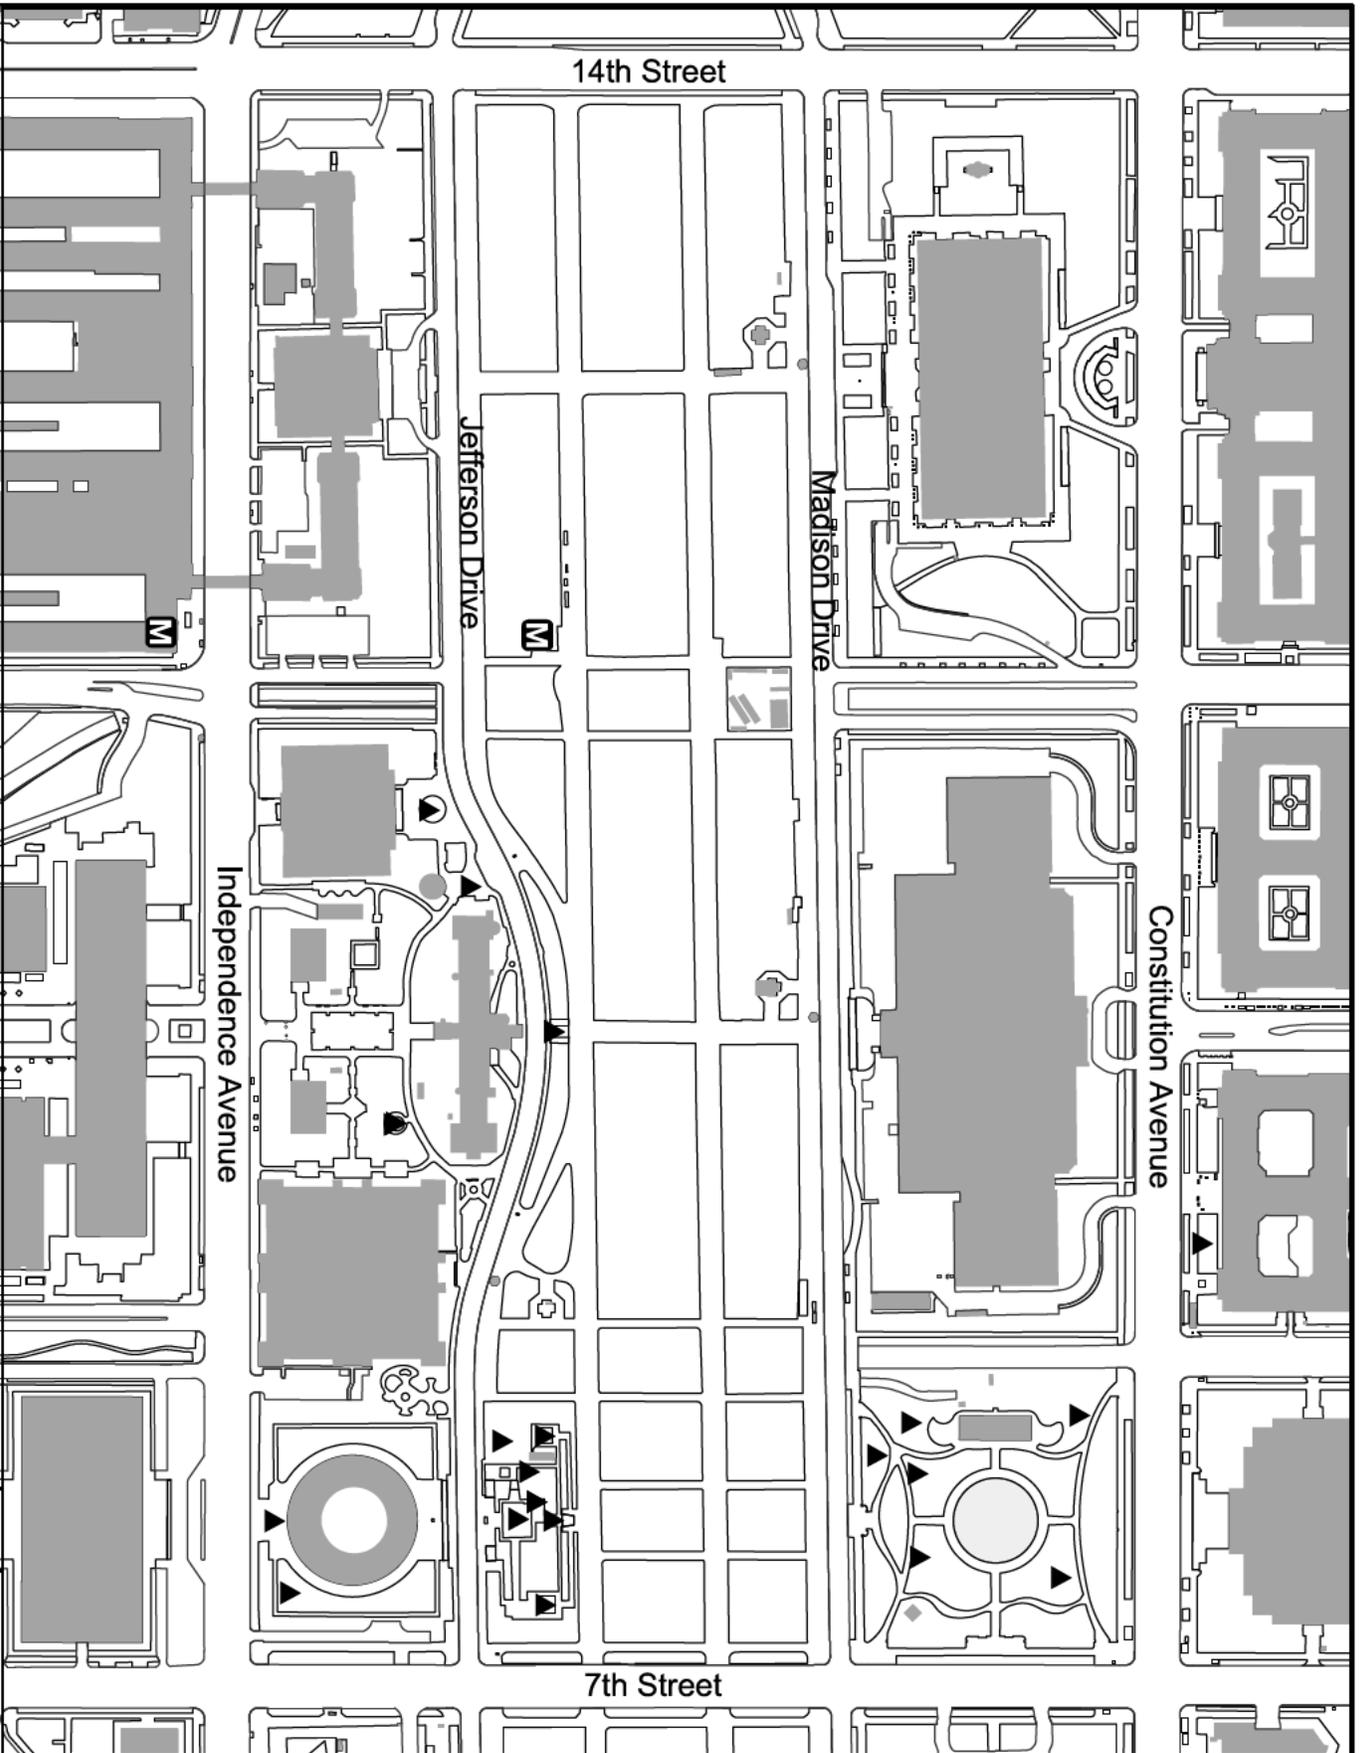

The vast majority of the attendees on October 8<sup>th</sup> will be arriving by metro. CASA will have staff in Fraconia/Springfield, Pentagon City, Crystal City, Courthouse, Ballston, and Vienna stations in Virginia, in West Hyattsville, New Carrollton, PG Plaza, Silver Spring, Wheaton, Shady Grove, Greenbelt, and Glenmont in Maryland, and in Takoma and Fort Totten in DC to assist riders in operating the fare machines and directing riders as to which station to disembark at. Riders are being asked to

disembark at either Gallery Place or at Federal Triangle to get to the Rally at 10<sup>th</sup> street and will be assisted at each location by teams of 4 CASA staff members. Leaving the district at the end of the event at the West Lawn, riders will be directed back out by marshals trained by SEIU through Union Station and Capitol South.

Hi Marisa -

Hope all is well. As you know we are slowly getting you the additional information that you have requested but, as always, I have a couple of more questions.

First, attached is the belated Transportation plan. Please let me know if you have any thoughts or if we are ok.

Secondly, Bill will be getting you the brief run of show a little later this evening. We just confirmed (this is actually news to Bill) that the House Democratic Leader Nancy Pelosi will be joining us and she is recruiting additional Members of Congress to join her on the stage. I imagining that this is going to be a daily growing list. Would you like us to wait until later next week or provide daily additions? The other members will not be speaking; at this time we have two Members confirmed to speak and two others that are pending. The rest will be standing in support.

Finally, my colleagues belatedly asked whether it would be possible to do a donation collection at the event. Using a group of around 10 volunteers, they would utilize closed water buckets spread through the crowd and a pitch from the stage as the program starts and just before the march sets off. I believe there may be additional restrictions on such a fundraising, so please let me know what is possible and what we need to do to make it work.

Thanks as always!

Marisa,

They are getting requests to provide an area for a set of 10x10 tents for media sponsors to represent and distribute souvenirs and such. Can we designate a space for this and what rules do I need to communicate to them about them? They think there would be about 10 of them.

Please find attached the following items.

- Updated site plan. (needs designation of where the tents mentioned above would go.
- Brochures with details about the "DragN Fly" and "FireFly" trucks that will flank the stage
- Brochure about the Mobile LED truck that will be our delay screen
- Engineering drawings from Showtime showing stage, press riser, FOH audio mix and speaker towers for delays

I'd like to get clear with you about additional information, drawings etc that you need to see before we start setting up on the 7th. I'll follow up with a call about this to discuss.

Thanks.

Hi Kim,

Answer to you questions:

1. Please provide on finalized version of speakers and members of Congress that are attending the event.
2. Donation have to be collected from one location like a donation tent (buckets cannot be passed around) You cannot exchange any items for donations.

Question

What are the 10 sponsor tents? And what items are they disturbing? Is there a cost for the items?

Thanks Marisa. I guess one thought on the donation piece is that we could put the collections along the march route as people are passing by. Would that be permissible?

The sponsor tents are probably from Bill's email. From here on out, we will always include all three of us in the emails so we know when we are communicated with you. The tents are media sponsors of the event who have donated advertising. They will distribute probably bottles of water or bracelets or some other type of chum at the site, but it will be free promotional materials for their outlets.

Hi Kim,

Before I approve the collection of the donations along the march route I will need USPP to weigh in. If you could answer a few questions: Specifically where would the volunteers be stationed along the route?

Media sponsors are not permitted to pass out promotional material on parkland. The only giveaways permitted on parkland are those that can be used during the activity related to the event or informational items. Commercial corporations cannot promote themselves or their products. Also media sponsors are not permitted to have stand alone signage as well.

I imagining that this is going to be a daily growing list. Would you like us to wait until later next week or provide daily additions? The other members will not be speaking; at this time we have two Members confirmed to speak and two others that are pending. The rest will be standing in support.

Finally, my colleagues belatedly asked whether it would be possible to do a donation collection at the event. Using a group of around 10 volunteers, they would utilize closed water buckets spread through the crowd and a pitch from the stage as the program starts and just before the march sets off. I believe there may be additional restrictions on such a fundraising, so please let me know what is possible and what we need to do to make it work.

Thanks as always!

They are getting requests to provide an area for a set of 10x10 tents for media sponsors to represent and distribute souvenirs and such. Can we designate a space for this and what rules do I need to communicate to them about them? They think there would be about 10 of them.

Please find attached the following items.

- Updated site plan. (needs designation of where the tents mentioned above would go.
- Brochures with details about the "DragN Fly" and "FireFly" trucks that will flank the stage
- Brochure about the Mobile LED truck that will be our delay screen
- Engineering drawings from Showtime showing stage, press riser, FOH audio mix and speaker towers for delays

I'd like to get clear with you about additional information, drawings etc that you need to see before we start setting up on the 7th. I'll follow up with a call about this to discuss.

Hello Kristen,

Please contact Sgt. Ari Wong about the detective.

Thank you for the medical contact but please reach out Lt. Sean Egan of DC Fire and EMS. I will provide you with his contact information tomorrow, upon my return to work. He will be able to provide further guidance on a medical plan.

Thank You

Marisa

Hi Marisa -

We had a core team discussion after we left your office today and participants concluded that if acceptable the best outcome would be to continue on the 8th and move as much of the agenda as feasible up to the west lawn. In a lot of ways, this makes for an overall simpler event because the march will be eliminated. But it obviously makes the agenda at the West Lawn slightly more complicated requiring stage and sound.

Sergeant Huycke is off today but I was told by his office that he'll be in at 7am tomorrow. I know that you may be lights off as of 10:30 am and was wondering whether we could set up a close-out call for 7:30 am. We could use this conference call number: (605) 475-6006 , 310631. Sergeant, when you see this, the first question you will ask I am sure is about the other event permit that you already have on file in the morning. They are an ally organization and I have already spoken with them and they would be willing to concede that time slot to us to permit appropriate set-up time.

I'm sorry, I know this is most unusual but I'd like to think it is not entirely our fault....

I'll send out a calendar listing for tomorrow in the hopes that this works for everyone.

Sincerely,

Okay, your contract with AMR is sufficient, DC Fire EMS is just a great resource to reach out to just in case there are a lot of medical issues they are ultimately the people who will respond, so they need to be aware of the event. They also have the training, resources and expertise working with large crowds and extracting people from crowded areas.

Hopefully someone will contact you or Ms. Quickel.

Sgt. Wong said that he received your email and that he would reach out to you. I will touch base with him and have him contact Ms.Quickel since you will be out of the office.

Hello Marisa

Great seeing you yesterday! Can you please hold on moving this permit over to Mark Schneider's name? We have to have further talks with CASA regarding overall coordination.

I just left you a voicemail with this same request.

Many thanks and apologies for the confusion

Shola –

We are transferring the permits over to mark Schneider at SEIU International. What that means is that, for NPS, I have to submit a letter effectuating the transfer. The capitol police is a little more complicated. Cpt Huycke just called me and said that because we are changing not only the spokesperson but also the organization, we need to cancel the current application and simultaneously, SEIU has to submit one for the same time. He promised me up and down that this was not a surreptitious tactic for pulling the application.

Mark – do you have any concerns about this?

Shola can you take a stab at drafting both letters?
