

# SEE AMERICA

From July 28 through October 18, 2014, the U.S. Department of the Interior Museum is pleased to host the “See America” traveling exhibition, presented by the Creative Action Network and the National Parks Conservation Association. Featured in this temporary show are 50 posters by 46 different artists depicting natural, cultural and historical sites across the United States. The posters are part of a growing [online collection](#) of more than 600 images submitted to the Creative Action Network by more than 185 artists worldwide.

For this venue of “See America,” the Interior Museum has selected prints representing sites in 37 states, the U.S. Virgin Islands and Washington, DC—from scenic rivers and national public lands to historic trails, city parks and state forests. The exhibition checklist appears below, organized by location. Click on the site name to view the image via the Creative Action Network’s online portal.

LOCATION	SITE	ARTIST
