## WANT TO KNOW MORE?

Two Bureau of Indian Affairs publications will be helpful. They are: **American Indians and Their Federal Relationships** and **Indian Land Areas—General**.

**American Indians and Their Federal Relationship** is a listing of all Indian tribes, bands, or groups for which the Bureau of Indian Affairs has definite responsibility. Also included are those tribes, bands, and groups that have been terminated from Bureau of Indian Affairs services in recent years, and those recognized only for purposes of settling claims against the U.S. Government, such as those involving inadequate compensation for land taken in the past. In addition, Indian groups in certain other categories are also listed. A code number follows the name of each Indian group. This indicates the status of the tribe as one whose constitution has been approved by the Secretary of the Interior under Federal statutory authority of the Indian Welfare Act; or Alaska Native Act.

This booklet is available from the Superintendent of Documents, Washington, D.C. 20402. It is also keyed to:

**Indian Land Areas—General**, a multi-color map that indicates the location and size of Federal Indian Reservations and the location of State reservations, Indian groups without trust land, and federally terminated tribes and groups. In addition, it shows tourist complexes both existing and planned on Indian Reservations, Interstate Highways, National Forests, National Parks or Monuments, and National Wildlife Refuges. Available also from the Superintendent of Documents, Washington, D.C. 20402.
