Action Plan from results gathered in the Health Unit Survey

What You Said	Responses	Item #	Action Item	Responsible Division(s)	Target Date	Status	Update
When asked, “What can we do to improve”, you...	...stated the health unit needs to be in a better location and more accessible	1	Relocate the Health Unit	Facilities Div and Admin. Serv. Div (ASD)	Winter 2016	In Progress	GSA has accepted an RWA for converting MIB 4 th floor offices to a new Health Unit. The project will begin in the Spring/Summer 2015. Once completed, the health unit will be in a permanent centralized location within the Main Interior Building making it more accessible and convenient to employees and visitors
	...asked that we correct the way we execute a number of our existing services and programs	2	Improve Health Services and Program Management	ASD, OSHE Branch	Fall 2014	Completed Summer 2014	Services are now extended to Bureaus/Offices outside the MIB/SIB with flu shots and other programs; as well as, controls are in place improving health event registration processes
	...requested that we provide more wellness related seminars, screenings and consultation programs	3	Enhance the “Wellness” Program	ASD, OSHE Branch	Winter 2015	Completed 2015	In FY15, the health unit has increased the wellness events offered to employees. These events included mobile mammography, a “Weight Loss Fair”, a lecture on the science of weight loss, and a health screening offer on total body wellness physicals. Future events this fiscal year include free vision and glaucoma screenings, a Safety-Health-Environmental Educational Fair, and plans biometric health screening mobile van.
