

# Unit Hunting Regulations\*

*Harberg Paul, 12, Kipnuk, 2014 Student Art Contest entry*

You may take wildlife for subsistence uses only within the seasons and harvest limits in these Unit hunting regulations. Taking wildlife out of season or in excess of harvest limits for subsistence uses is prohibited. However, you may take unclassified wildlife (such as all squirrel species and marmots) for subsistence uses in all units, without harvest limits, from July 1, 2014 - June 30, 2016.

## **PLEASE NOTE:**

- \* Trapping regulations follow the Unit hunting regulations section.
- \* These regulations may be changed through regulatory actions (Special Actions) authorized by the Federal Subsistence Board. Check the website for updated Board actions <http://www.doi.gov/subsistence/index.cfm>.
- \* An "All rural residents" designation in the following customary and traditional use determinations means that the Federal Subsistence Board has not yet made a specific determination, and therefore all rural residents are eligible to harvest wildlife within designated seasons and harvest limits.
