# Unit 10 / Hunting

(See Unit 10 Aleutian Islands map)

Unit 10 consists of the Aleutian Islands, Unimak Island, and the Pribilof Islands.

## Special Provisions

- On Otter Island in the Pribilof Islands, the taking of any wildlife species for subsistence uses is prohibited.
- Unimak Island, caribou designated hunter: A Federally qualified subsistence user (recipient) may designate another Federally qualified subsistence user (designated hunter) to take caribou on their behalf, unless the recipient is a member of a community operating under a community harvest system. The designated hunter must get a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than four harvest limits in their possession at any one time.
- The communities of Cold Bay, False Pass, King Cove, Nelson Lagoon, and Sand Point, annually may each take, from October 1 - December 31 or May 10 - May 25, one brown bear for ceremonial purposes, under the terms of a Federal registration permit. A permit will be issued to an individual only at the request of a local organization. The brown bear may be taken from either Unit 9D or Unit 10 (Unimak Island) only. See page 19 for bear sealing requirements.
