Hi Rich

Attached is the table with BLM's edits per your request (this document was locked such that we couldn't show track changes).

We mostly removed duplicate BLM entries and added federal and non federal acres (we added state and private inholdings to the column header to clarify). We also noticed that many of the Resource Objects and Values (ROV's) that we originally submitted for those NM's designated by Proclamation were replaced with the wording from the actual Proclamation and the list of ROV's we submitted only remain for those that are Congressionally designated. This is completely fine except that it should be noted that courts give deference to BLM and the ROV's that are further defined by BLM through NEPA, in addition to the more general nature of the Proclamation language. We have gone back in and added "BLM ROV's Defined through Management Plans" below the Proclamation language.

A thought to consider "Do all the good you can, in all the ways you can, for all the people you can, while you can!"

Attached is the compilation for the national monuments data call, as well as notes from Christina on some verifications and adjustments. Could you (or your bureaus) please review and let us know if you have edits or questions. Thank you again for your help with this!

- Updated proclamation vs. Antiquities Act; researched and included additional designation categories for clarity
- Notated DOI and non-DOI land
- Reconciled duplicates with conflicting data points (such as differing acreage and locations)
- Converted square mileage references to acreage for consistency and for analysis
- Cleaned up references to National Parks versus National Monuments (a number of National Monuments were transferred/merged into National Parks); added notes to clarify
- Added additional columns to capture notes, and capture changes in National Monument size
- Revised "Synopsis of Values" as needed for brevity
