#### **2019 Yukon River Fall Salmon Fishery News Release # 14**

#### **District 1 Commercial Period 3 and Subsistence Fishing Schedule**

Districts Affected: Lower Yukon Area

The 2019 fall chum salmon preseason projection, based on the summer chum to fall chum salmon relationship, has been revised to a range of 700,000-800,000 fish. Run sizes within this range are expected to provide for escapement, subsistence needs, and a limited commercial fishery. After an extended summer chum salmon run, the number of fall chum salmon entering the Yukon River has increased substantially this past week.

#### **District 1 Commercial Fishing:**

Commercial fishing will open with 6-inch or smaller mesh gillnets:

- **Set Net Only Area:** 9-hour period on Tuesday, August 6 from 1:00 p.m. until 10:00 p.m.
- **Remainder of District 1:** 6-hour period on Tuesday, August 6 from 4:00 p.m. until 10:00 p.m.

Chinook salmon may be sold during these commercial openings. All Chinook salmon sold or retained for subsistence during commercial openings must be recorded on a fish ticket.

#### **Pastolik and Pastoliak Rivers:**

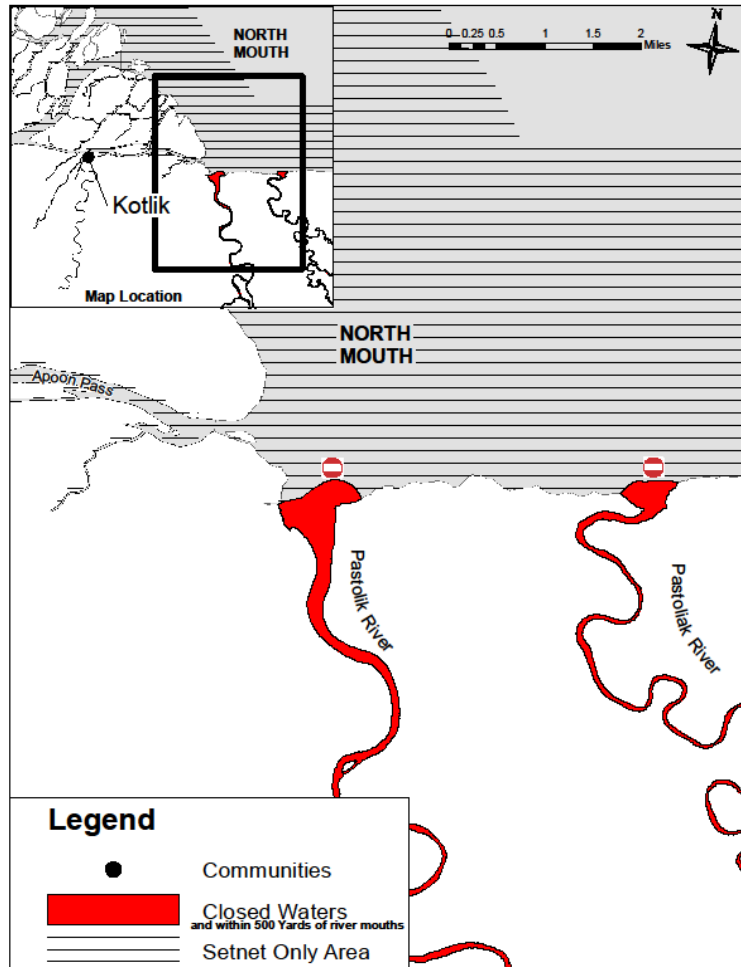

The Pastolik and Pastoliak rivers near Apoon Pass, including 500 yards around their mouths, are closed to commercial fishing (see map below). Also, subsistence fishing with gillnets, including gillnets with 4-inch mesh or less, is closed in these waters 12 hours before, during, and 12 hours after each commercial opening.

#### **District 1 Subsistence Fishing:**

Subsistence salmon fishing in District 1, is open during the fall season 7 days per week, 24 hours per day with 7.5-inch or smaller mesh gillnets, except for 12 hours before, during, and 12 hours after each commercial fishing period. **Subsistence salmon fishing, including the Pastolik and Pastoliak Rivers, will close at 1:00 a.m. Tuesday, August 6, and reopen at 10:00 a.m. Wednesday, August 7.**

**Subsistence fishermen must remove both tips of the tail fin of Chinook salmon before concealing from plain view or leaving the fishing site.**

This is an announcement by the ADF&G in cooperation with the U.S. Fish and Wildlife Service. To reach the U.S. Fish and Wildlife Service in Emmonak call 949-1798.
