producing patented mining claims, which are also unimproved, may
be valued at the price paid the United States therefor, or at a flat rate
fixed by the legislature, but if the surface ground is used for other
than mining purposes, and has a separate and independent value for
such other purposes, or if there are improvements or machinery or
other property thereon of such a character as to be deemed a part of
the realty, then the same shall be taxed according to the true and full
value thereof. No tax shall be levied for Territorial purposes in excess
of 2 per centum upon the assessed valuation of the property therein
in any one year; nor shall any incorporated town or municipality levy
any tax, for any purpose, in excess of 3 per centum of the assessed
valuation of property within the town in any one year”.
