FEDERAL REGIONAL COUNCIL

FY 2014 Grants to the Outer Pacific Report

Introduction

Federal Regional Council

The Federal Regional Council (FRC) is a consortium of 25 federal departments and agencies representing approximately 60 program offices in Region IX. A primary goal for the FRC is to work in a coordinated manner to make federal programs more effective and efficient in Region IX. The FRC, which celebrated its 16th anniversary in FY14, includes several committees which focus on broad geographic areas and/or special populations in the vast expanse of Region IX. These include the following committees: Border, Tribal Affairs, Homelessness (Region IX Interagency Council on Homelessness), and the Outer Pacific. Executive Orders and Administration initiatives serve as the underlying authority to guide each committee's work in fulfilling Administration priorities.

Outer Pacific Committee

The Outer Pacific Committee (OPC) focuses on issues related to the three U.S. Flag Territories: American Samoa (AS), Commonwealth of the Northern Mariana Islands (CNMI), and Guam and also of the three Freely Associated States: Federated States of Micronesia (FSM), Republic of the Marshall Islands (RMI), and Republic of Palau (ROP). Collectively, these territories and states are referred to as the US-affiliated Pacific Island jurisdictions (USAPI). At the end of 2009, the Guam-CNMI Military Build-Up Committee/Task Force merged with the OPC and military buildup issues in the Western Pacific continue to have high priority at OPC meetings.

Outer Pacific Committee accomplishments for FY2014

The OPC has met regularly since 1998. By convening the participating federal agencies, the committee believes it can achieve better outcomes for the people in the Pacific jurisdictions. The Committee's goals for FY 2014 included the following:

- 1) Compilation and dissemination of the annual grants report
- 2) Improved communications between federal agencies on Pacific issues
- 3) Program planning and coordination
- 4) Improving grants and financial management in the Pacific jurisdictions
- 5) Enhancing central office/regional office collaboration
- 6) Increased committee membership

In 2014 the committee convened on six occasions and is pleased to report accomplishments in the following areas:

- 1) The OPC prepares an annual report on "Grants to the Outer Pacific" for use by federal representatives but which is also widely requested by officials in the Pacific jurisdictions. The current report reflecting FY2014 grants marks the 15th year this document has been prepared. Copies of the report will be distributed for the 9th year in a row at the annual Interagency Group on Insular Areas (IGIA) meeting that is held after the National Governors Association Winter meeting in Washington, D.C.
- 2) The FRC met twice in Hawaii, cohosted by the Honolulu Federal Executive Board. These in-person meetings in April and September discussed FRC activities in Hawaii and the Pacific Islands, including work by the OPC. The focus of these meetings including opportunities for greening various federal agencies, unique challenges and opportunities faced by these island communities, including climate change impacts, and innovative partnerships.
- 3) The committee continued its past cooperative efforts with the US Department of Health and Human Services (HHS), Office of Minority Health and the Asian Pacific Islander American Health Forum in addressing health disparities in the Pacific jurisdictions. The committee also continued working throughout the year with other governmental entities including the Department of the Interior's Office of Insular Affairs (DOI/OIA) and the White House Initiative on Asian Americans and Pacific Islands (WHIAAPI) to develop strategies to address inequities in health care access in the jurisdictions.
- 4) Since the beginning days of the OPC, the issue of grants and financial management has been a priority concern. The committee continued its communications with DOI/OIA, the Graduate School (formerly the USDA Graduate School) and other partners on the development of strategies to provide training and mentorship in best practices for grants and financial management. The committee continues to promote the groundbreaking fiscal training and mentoring work that has been accomplished in the Pacific by one of its member agencies, the HHS/Administration for Children and Families, as a model for other federal agencies to emulate in improving grants and financial management practices in the jurisdictions.
- 5) The committee continued to keep its membership abreast of developments in the field of telecommunications in the Pacific. With the rapid development of technologies and linkages in the Pacific, there continue to be major developments and impending improvements in telecommunications capabilities that are regularly brought to the attention of the OPC.

- 6) The committee continues to be involved in deliberations and strategy development with the federal effort to assist Guam in preparing for the arrival of military personnel, at some point in the future. Committee members' issues and concerns regarding the military buildup have been shared via the committee with the Interagency Group on Insular Affairs. The OPC also participates in the FRC meetings when the Governor of Guam and his staff attend to share their concerns regarding the US military buildup plans
- 7) In line with the committee's work plan, additional federal agencies joined the OPC in 2014 and participated in our meetings.

Outer Pacific Committee report notes

This OPC report captures information regarding fiscal year (FY) 2014 funding for federal programs that are active in the Pacific jurisdictions and that are based in Region IX. Additional funding information has been included from select programs operating from headquarter offices in the National Capital Region. The report is not inclusive of all non-region IX based offices that are implementing programs in the Pacific. Each year we have identified additional programs to include in the report and revisit our inclusion criteria. To ensure as comprehensive a report as possible, we will continue to consider new agencies as we become aware of their funding and program information.

The report is organized by federal department and includes descriptions of programs, points of contact, and funding amounts awarded to Pacific jurisdictions in FY2014. Graphs at the beginning of the report provide a summary of FY14 funding received by each Pacific jurisdiction and by awarding department.

Data source: We have recorded and presented information received from the point of contact for reporting federal agencies.

Program inclusion: If a grant program has existed in previous reports but did not receive funding for FY2014, this program will not appear in this report.

Jurisdiction's eligibility: In previous years, the jurisdiction's eligibility to apply for a grant program was noted in the funding table. This year, eligibility will be included in overall description for each program.

Acknowledgements

The OPC would like to express its appreciation to the FRC for their continued support to this committee to produce this annual report. The OPC thanks the EPA Region IX Administrator, Jared Blumenfeld for his leadership of the FRC over the past year.

With respect to the development of this report, the OPC is extremely grateful to all the department points of contact who have provided respective funding information updates and responded in a timely manner to the data calls. Additionally, the OPC recognizes Kellee M. Runnels, Program Assistant, HHS, Office of the Assistant Secretary for Health (OASH), Region IX for her meticulous effort in compiling agency data and her attention to detail in formatting this report.

Lastly, the OPC recognizes CAPT. John Walmsley who retired at the end of 2014 completing 30 years of federal service in the Commissioned Corps of the US Public Health Service. CAPT Walmsley has been an invaluable team member in the HHS, OASH, Region IX, in his role as Senior Health Advisor for the Office of Pacific Health. We are grateful for his 7 years of leadership as the Chair of the Outer Pacific Committee.

FEDERAL REGIONAL COUNCIL

FY 2014 Grants to the Outer Pacific Report

U.S. DEPARTMENT OF AGRICULTURE

The mission of the U.S. Department of Agriculture (USDA) is to provide leadership on food, agriculture, natural resources, rural development, nutrition, and related issues based on sound public policy, the best available science and efficient management.

Website: <http://www.usda.gov>

FOOD & NUTRITION SERVICE

The mission of the Food & Nutrition Service (FNS) is to provide children and needy families better access to food and a more healthful diet through its food assistance programs and comprehensive nutrition education efforts. **Website:** <http://www.fns.usda.gov>

Child Nutrition Program Block Grants: FNS has a separate memorandum of understanding (MOU) with American Samoa & Commonwealth of the Northern Mariana Island under which FNS provides cash block grants for operation of nutrition assistance programs in lieu of the traditional Child Nutrition Programs. The block grants provide flexibility for the Territory and the Commonwealth to meet their nutrition needs within certain broad parameters established in the MOUs.

Eligible Applicants: AS & CNMI.

For more information about this program, contact Nessia Berner at (415) 437-7586; Nessia.berner@fns.usda.gov.

- **Child & Adult Care Food Program:** As part of the Child Nutrition Program, this program provides reimbursement for healthy meals served by participating family daycare providers, child care centers, afterschool care programs, homeless shelters and adult daycare centers. Guam has no participating adult care centers.
Eligible Applicant: Guam.
For more information about this program, contact Dominika Bednarska at (415) 437-8609; Dominika.bednarska@fns.usda.gov.
- **National School Lunch Program:** As part of the Child Nutrition Program, the National School Lunch Program provides cash reimbursements and commodity foods to help support non-profit food services in elementary and secondary schools, and in residential child care institutions. More than half of these children receive the meal free or at a reduced price. The National School Lunch Program also offers the After School Snacks Program and the Fresh Fruit and Vegetable Program.
Eligible Applicant: Guam.
For more information about this program, contact Dominika Bednarska at (415) 437-8609; Dominika.bednarska@fns.usda.gov.
- **School Breakfast Program:** As part of the Child Nutrition Program, low-income children may qualify to receive school breakfast free or at a reduced price and states are reimbursed according to the number of meals served in each category. Meals must meet nutritional standards similar to those in the National School Lunch Program.
Eligible Applicant: Guam.
For more information about this program, contact Dominika Bednarska at (415) 437-8609; Dominika.bednarska@fns.usda.gov.

Special Food Assistance (SFA) Program: The SFA Program for the Republic of the Marshall Islands was originally authorized under Public Law 99-239 and the Compact of Free Association of 1985. Under a Memorandum of Understanding, FNS provides a cash block grant for the needy people of Bikini, Enewetak, Rongelap and Utrix Atolls (the Nuclear Affected Areas).

Eligible Applicant: RMI.

For more information about this program, contact Sarah Kellogg-Eby at (415) 437-8608; Sarah.kellogg-eby@fns.usda.gov.

Special Supplemental Nutrition Program for Women, Infants & Children (WIC): WIC's program goal is to improve the health of low-income pregnant, breastfeeding and non-breastfeeding postpartum women, infants and children up to 5 years old. WIC provides supplemental foods, nutrition education and access to health services. Participants receive vouchers that can be redeemed at retail food stores for specific foods that are rich sources of the nutrients frequently lacking in the diet of low-income mothers and children.

Eligible Applicants: AS, CNMI & Guam.

For more information about this program, contact Zita Viernes at (415) 645-1940; Zita.viernes@fns.usda.gov.

Supplemental Nutrition Assistance Program (SNAP): SNAP is the cornerstone of the USDA nutrition assistance programs. Initiated as a pilot program in 1961 and made permanent in 1964, the program issues monthly coupons that are redeemable at retail food stores or it provides benefits through electronic benefit transfer (EBT). Eligibility and allotments are based on household size, income, assets and other factors. American Samoa and Commonwealth of the Northern Mariana Islands in the Pacific provide benefits under block grants. These territories (Guam is considered a state under SNAP) provide coupons to participants rather than food stamps or food distribution.

Eligible Applicants: AS, CNMI & Guam.

For more information about this program, contact Dennis Stewart at (415) 705-2333; Dennis.stewart@fns.usda.gov.

- American Samoa Nutrition Assistance Program (ASNAP):** The ASNAP provides food benefits to low-income elderly and disabled individuals in American Samoa. The purpose is to improve nutrition and food security among American Samoa's elderly and disabled residents. The program is administered in accordance with an annual Memorandum of Understanding between the Food and Nutrition Service and the American Samoa government.
 Eligible Applicant: AS.
 Program Website: <http://americansamoa.gov/index.php/2012-04-25-19-44-32/2012-04-25-19-52-04/departments/human-social-services>.
 For more information about this program, contact Caroline Samoa at (684) 633-7720/2408; Csamoa@dhss.as.
- Commonwealth of the Northern Mariana Islands Nutrition Assistance Program (CNMI NAP):** The CNMI NAP provides food benefits to low-income individual and families in CNMI. The purpose is to improve nutrition and food security among low-income residents. The NAP also seeks to stimulate the local economy by earmarking 30 percent of clients' NAP allotments exclusively for the purchase of food grown, raised, caught or processed locally. The program is administered in accordance with a yearly Memorandum of Understanding between the Food & Nutrition Service and the CNMI government.
 Eligible Applicant: CNMI.
 Program Website: <http://www.dcca.gov.mp/#!nutrition-assistance-program/c20>.
 For more information about this program, contact Walter Macaranas at (670) 664-2800; Walter.macaranas@cnminap.gov.mp.
- Guam Supplemental Nutrition Assistance Program (SNAP):** The Guam SNAP provides food benefits to eligible low-income individuals and families in Guam. The purpose is to improve the nutrition and food security of Guam's low-income residents. The program is administered in accordance with federal SNAP regulations.
 Eligible Applicant: Guam.
 Program Website: <http://dphss.guam.gov/content/bureau-economic-security>.
 For more information on this program, contact Theresa Arcangel at (671) 735-7470; Theresa.arcangel@dphss.guam.gov.

The Emergency Food Assistance Program (TEFAP): TEFAP provides commodity foods to State Agencies for distribution to households, soup kitchens and food banks. First initiated in 1981, TEFAP was initially designed to reduce inventories and storage costs of surplus commodities through distribution to needy households. TEFAP for CNMI is included in the cash block grant under the Child Nutrition MOU.

Eligible Applicants: CNMI & Guam.

U.S. FOREST SERVICE

The mission of the USDA/Forest Service is to achieve quality land management under the sustainable multiple-use management concept to meet the diverse needs of people. **Website:** <http://www.fs.fed.us/>

Forest Health Management, Cooperative Lands: The program goal is to protect and improve the health of Pacific Island's forests across all ownerships. This goal is accomplished with cost-share funds used to conduct pests (insects, disease, invasive plants) detection surveys and evaluate forest health conditions; provide technical assistance to prevent insect and disease outbreaks; coordinate forest health and pest prevention strategies that benefit all landowners; develop forest insect, disease, and invasive plant status information; conduct pest suppression projects on forest lands utilizing an integrated management approach; implement restoration projects to mitigate negative impacts caused by pests; and develop public education and outreach materials about forest health and forest pests.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

Program Websites: <http://www.fs.usda.gov/main/r5/forest-grasslandhealth>; <http://www.fs.usda.gov/main/r5/communityforests>.

For more information on this program, contact Sherry Hazelhurst at (707) 562-8920; shazelhurst@fs.fed.us.

Forest Inventory & Analysis Pacific Island Program: The purpose of this program is to hire and pay for staff at the University of Guam to travel to Palau to train and assist the Palau Forestry Program in re-measuring their network of permanent forest inventory plots. This program provides opportunities for graduated students in Natural and Applied Sciences to develop their careers with an international community of Pacific Island scientists and foresters.

Eligible Applicant: Guam.

Program Website: <http://www.fia.fs.fed.us>.

For more information on this program, contact Ashley Lehman at (907) 743-9415; adlehman@fs.fed.us.

Forest Legacy Program: The purpose of the Forest Legacy Program is to protect environmentally important forest areas that are threatened by conversion to nonforest uses; at the request of the state/island forester, the program may fund conservation easements, fee-simple acquisitions; and program administration.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

Program Website: <http://www.fs.usda.gov/detail/r5/communityforests/?cid=stelprdb5341688>.

For more information on this program, contact Dan McKeague at (707) 562-8875; dmckeague@fs.fed.us.

Forest Stewardship Program: The purpose of the Forest Stewardship program is to enable state/island forestry agencies to encourage the long-term stewardship of non-federal, non-industrial private forest lands, including extension to agroforest landowners, planning, tree seeding production, and management of state and forest lands.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP. Please note that the \$20,000 received for the Forest Stewardship program was granted to the Micronesian Conservation Trust for expenditure on behalf of Palau.

Program Website: <http://www.fs.usda.gov/detail/r5/communityforests/?cid=stelprdb5341688>.

For more information on this program, contact Kathleen Friday at (808) 854-2620; kfriday@fs.fed.us.

State Fire Assistance Program: The purpose of the State Fire Assistance Program is to cooperate with State/Territorial/Freely Associated foresters or equivalent State officials in developing systems and methods for the prevention, control, suppression, and prescribed use of fire on rural lands and in rural communities that will protect human lives, agricultural crops and livestock, property and other improvements, and natural resources. This assistance can include financial, technical, and related assistance.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

Program Website: <http://www.na.fs.fed.us/fire/sfa.shtm>.

For more information on this program, contact Trudie Mahoney at (707) 562-9184; tmahoney@fs.fed.us.

Urban & Community Forestry (UCF) Program: UFC is a cooperative program that focuses on the stewardship of urban natural resources. The goal of the UFC program is to provide relevant technical, financial, research and educational services to local government, non-profit organizations, community groups, educational institutions and tribal governments so that they can plant, protect, maintain, and utilize wood from community trees and forests, and maximize the benefits they provide to society. The program is delivered through legislative partners, the state forestry agencies and U.S. territories. In order to be eligible, U.S. Flag Territories and Freely Associated States must meet four core program performance requirements to receive federal funding: 1) an urban and community forestry program coordinator; 2) volunteer/partnership coordination; 3) an urban and community Forestry Council; and 4) State program strategic planning.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

RURAL DEVELOPMENT

The mission of the USDA/Rural Development (RD) is to increase economic opportunity and improve the quality of life for all rural Americans. **Website:** <http://www.rurdev.usda.gov>

Community Connect Grant: The Community Connect program serves rural communities where broadband service is likely to be available, but where it can make a tremendous difference in the quality of life for citizens. The projects funded by these grants will help rural residents tap into the enormous potential of the Internet. Funds may be used to build broadband infrastructure and establish a community center which offers free public access to broadband for two years.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Wes Lannen at (281) 396-4048; wes.lannen@wdc.usda.gov.

Community Facilities (CF) & Economic Impact Initiative (EII) Grants: These programs provide essential community facilities for rural communities with populations of 20,000 or less. They are for public bodies, non-profit organizations and Indian tribes to build facilities and purchase equipment for fire and rescue, telecommunications, schools, libraries, hospitals, etc.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Robin Pulkkinen at (808) 933-8317; robin.pulkkinen@hi.usda.gov.

- **Housing Application Packaging Grant:** This program provides funds to public agencies and private non-profit organizations to package applications for submission to Housing and Community Facilities programs. Packagers assist very low and low-income applicants with the application process by prescreening, making preliminary eligibility determinants, ensuring the application is complete, and helping the applicant to understand the program.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Donald K. Étés at (808) 933-8305; donald.etes@hi.usda.gov.

Distance Learning & Telemedicine Program: This program is designed specifically to meet the educational and health care needs of rural areas. Through loans, grants and loan/grant combinations, advanced telecommunications technologies provide enhanced learning and health care opportunities for rural residents.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Rocky Chenelle at (530) 379-5032; rocky.chenelle@wdc.usda.gov.

High Energy Cost Grant: The High Energy Cost Grant program provides financial assistance for the improvement of energy generation, transmission and distribution facilities serving eligible rural communities with home energy costs (under one or more Rural Utility Service (RUS) high energy cost benchmarks) that are over 275 percent of the U.S. national average.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

Grant Website: http://www.rurdevusda.gov/UEP_Apply_for_Grant.html.

For more information on this program, contact Kristi Kubista-Hovis at (202) 690-0717; Kristi.kubista-hovis@wdc.usda.gov.

Mutual Self-Help Technical Assistance Grant: This program assists lower income families in building their own homes when they are located in rural areas with populations of 20,000 or less. It provides funding to an entity which must give technical assistance to qualify and supervise small groups of families to build each other's homes.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Donald K. Étés at (808) 933-8305; donald.etes@hi.usda.gov.

Rural Business Enterprise Grant (RBEG): The RBEG finances and facilitates the development of small and emerging private business enterprises. It provides funding to public bodies, private non-profit corporations, and federally-recognized Native American tribal groups to buy and develop land, establish a revolving loan fund, construct buildings, plants, equipment, access streets and roads, parking areas, utility and service extensions, and rural distance learning networks. RBEG operates in all areas except cities of more than 50,000 and their contiguous and adjacent urbanized areas.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information about this program, contact Tim O'Connell at (808) 933-8313; tim.oconnell@hi.usda.gov.

Rural Business Opportunity Grant (RBOG): This program finances technical assistance for business development planning in rural areas. This includes all areas except cities of more than 50,000 and their contiguous and adjacent urbanized areas. RBOG provides funding to public bodies, non-profit corporations, Indian tribes on federal or State reservations and cooperatives with members that are primarily rural residents. It funds technical assistance, leadership training, establishment of business support centers, and economic development plans.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Robin Pulkkinen at (808) 933-8317; robin.pulkkinen@hi.usda.gov.

Rural Community Development Initiative (RCDI): The RCDI program provides grants to qualified intermediary organizations that will provide financial and technical assistance to recipients to develop their capacity and ability to undertake projects related to housing, community facilities, or community and economic development.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information about this program, contact Tim O'Connell at (808) 933-8313; tim.oconnell@hi.usda.gov.

Rural Economic Development Grant (REDG): Grant funds are provided to local eligible utility (electric, telephone, etc.) organizations which will use the funding to establish revolving loan funds. Loans are made into the community from the revolving loan fund to projects that will create or retain rural jobs.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information about this program, contact Tim O'Connell at (808) 933-8313; tim.oconnell@hi.usda.gov.

Rural Energy for America Program (REAP): Funding provides financial assistance (maximum 25% grant with various maximums) to agricultural producers and rural small businesses to purchase, install, and construct renewable energy systems; make energy efficiency improvements to non-residential buildings and facilities; use renewable technologies that reduce energy consumption; and participate in energy audits, renewable energy development assistance, and feasibility studies.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information about this program, contact Tim O'Connell at (808) 933-8313; tim.oconnell@hi.usda.gov.

Section 533 Housing Preservation Grant: Program goal is to repair and rehabilitate housing owned or occupied by very low and low-income rural families located in rural areas with populations of 20,000 or less. Funding is provided to an entity that will operate a program which finances repair and rehabilitation activities for single family and small rental properties.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

ADMINISTRATION FOR COMMUNITY LIVING

The mission of the Administration for Community Living (ACL) is to maximize the independence, well-being, and health of older adults, people with disabilities across the lifespan, and their families and caregivers. ACL provides national leadership and direction to plan, manage, develop, and raise awareness of comprehensive and coordinated systems of long-term services and support that enable older Americans and individuals with disabilities, including intellectual, developmental, and physical disabilities, to maintain their health and independence in their homes and communities. ACL programs support strong State, Tribal, Flag Territories and local community networks designed to respond to the needs of persons with disabilities, older Americans, and their families through advocacy, systems change and capacity building to ensure access to needed community services, individualized supports, and other forms of assistance that promote self-determination, independence, productivity, and integration and inclusion in all facets of community life.

Website: <http://www.acl.gov>

Administration on Aging (AoA): AoA serves as the federal focal point on matters concerning older persons. It also provides funding to the Pacific territories to support the development and administration of comprehensive, coordinated programs that serve elderly persons and their caregivers. Congregate nutrition, home delivered meals and nutrition educational programs are provided. Supportive services include: transportation, information and assistance, legal, health promotion, socialization, in home services, pension counseling, adult day care, ombudsman and elder abuse prevention. The National Family Caregiver Support Program provides assistance to families and caregivers of elderly persons. Services include information, assistance, caregiver training, counseling and support, respite care, and supplemental services.

Eligible Applicants: AS, CNMI & Guam.

For more information on this program in American Samoa, contact Darrick Lam at (415) 437-7872; darrick.lam@acl.hhs.gov.

For more information on this program in Commonwealth of the Northern Mariana Islands, contact Dennis Dudley at (415) 437-8789; dennis.dudley@acl.hhs.gov.

Administration on Intellectual & Developmental Disabilities (AIDD): AIDDs Help America Vote Act (HAVA) grants make polling places accessible to voters with disabilities. AIDD supports approaches that shape attitudes, raise expectations, change outdated or broken systems, and empower individuals with intellectual and developmental disabilities to pursue the lives they imagine for themselves. AIDD provides financial and leadership support to specific types of organizations in every state and territory in the United States. These organizations help individuals with developmental disabilities of all ages and their families obtain the support they need to achieve all aspects of a life envisioned and defined by the Developmental Disabilities Assistance and Bill of Rights Act of 2000. State Councils on Developmental Disabilities engage in systems change and capacity building efforts that promote self-determination, integration and inclusion for people with developmental disabilities. State Protection & Advocacy Systems help individuals with developmental disabilities secure their human and civil rights. Projects of National Significance help create and enhance opportunities for individuals with developmental disabilities to contribute to, and participate in, all facets of community life. National Network of University Centers for Excellence in Developmental Disabilities Education, Research & Service represents an expansive national resource for addressing issues, finding solutions, and advancing research related to the needs of individuals with developmental disabilities and their families.

Eligible Applicants: AS, CNMI & Guam.

For more information on this program, contact Aaron Bishop at (202) 357-3496; aaron.bishop@acl.hhs.gov.

Office of Integrated Program (OIP): The OIP plans and directs the implementation of programs and activities designed to coordinate disability and aging issues and enhance access to integrated services and person-centered programs and systems that support community living. More specifically the Office provides leadership and a central strategies focus for ACL's efforts to develop person-centered, comprehensive and coordinated entry into long-term services and supports for both seniors and persons with disabilities, and to implement partnership to enhance access to integrated systems of services that support both older adults and persons of all ages with disabilities. In this role, the Office administers grants, contracts and technical assistance related to these activities directly, as well as coordinates with the Regional Support Centers to provide program guidance, policy direction, training, and technical assistance to grantees.

Eligible Applicants: Guam.

For more information on this program, contact Joseph Lugo at (202) 357-3417; joseph.lugo@acl.hhs.gov.

State Health Insurance Assistance Program (SHIP) & Senior Medicare Patrol (SMP): The SHIP and SMP help Medicare and Medicaid beneficiaries (and people nearing the age of eligibility) understand the complexities of these programs and educate them on how to prevent fraud, waste and abuse.

Eligible Applicants: Guam.

ASSISTANT SECRETARY FOR PREPAREDNESS

The mission of the Assistant Secretary for Preparedness (ASPR) is to lead the country in preparing for, responding to, and recovering from the adverse health effects of emergencies and disasters by supporting our communities' ability to withstand adversity, strengthening our health and response systems and enhancing national health security.

Website: <http://www.phe.gov/preparedness>

Hospital Preparedness Program (HPP) & Public Health Emergency Preparedness (PHEP): The HPP and PHEP programs are public health preparedness programs with targeted capabilities. HPP emphasizes medical surge and healthcare system preparedness development. PHEP, in addition to HPP's capabilities, addresses community public health development with laboratory, epidemiology and surveillance, and medical countermeasure capabilities. Both program capabilities are to support awardee work plan activities to prepare for, respond to and recover from a healthcare disaster. Awards are made to all 50 states, a few large cities, Puerto Rico and the Virgin Islands, and six Pacific Island jurisdictions. The programs have separate funding streams, but are aligned with a single, annual, continuing funding opportunity announcement and application.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on the HPP program, contact Gene Ripper at (415) 633-5503; Eugene.ripper@hhs.gov.

For more information on the PHEP program, contact Kristin LaBar at (404) 639-7743; ing8@cdc.gov.

CENTERS FOR DISEASE CONTROL & PREVENTION

The mission of the Centers for Disease Control & Prevention (CDC) is to protect America from health, safety and security threats, both foreign and in the U.S. Whether diseases start at home or abroad, are chronic or acute, curable or preventable, human error or deliberate attack, CDC fights disease and supports communities and citizens to do the same. **Website:** <http://www.cdc.gov>

Early Hearing Detection & Intervention (EHDI) Program: Supports states and territories in developing and implementing EHDI tracking and surveillance systems. These systems help state EHDI programs make sure that babies get the hearing screening, follow-up, and early intervention services they need.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Deidra Green at (404) 498-3034; deidra.green@cdc.gov.

Epidemiology & Laboratory Capacity (ELC) Program: The ELC program was initiated in 1995 as one of the first key activities under CDC's plan to address emerging infectious disease threats. The overall purpose of the ELC program is to assist state public health agencies improve surveillance for, and response to, infectious diseases and other public health threats by (1) strengthening epidemiologic capacity; (2) enhancing laboratory capacity; (3) improving information systems; (4) developing and implementing prevention and control strategies and (5) enhancing collaboration among epidemiology, laboratory, and information systems components of public health departments. Starting out as limited funding for a small number of states, the program has grown to become one of CDC's key nationwide programs for supporting state and local capacity including both 1) cross-cutting, flexible surveillance, epidemiology, and laboratory capacity for infectious diseases, as well as infectious disease-area specific activities (e.g., foodborne diseases, influenza, antimicrobial resistance, etc.). In addition, to support more effective, economical, and integrated public health efforts, ELC supports health information systems capacity for infectious diseases and non-infectious diseases.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

Program Website: <http://www.cdc.gov/nceid/dpei/epidemiology-laboratory-capacity.html>.

For more information on this program, contact Alvin Shultz at (404) 639-7028; fcu9@cdc.gov.

HIV/AIDS Surveillance Program: Supports cooperative agreements with health departments and ministries of health to conduct HIV/AIDS surveillance, sero-surveillance, incidence, behavioral, and prevalence studies. These activities provide data that are critical to targeting the delivery of HIV prevention, care and treatment.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Tracy Clopton at (404) 639-3281; tracy.clopton@cdc.hhs.gov.

Immunizations & Vaccines for Children (VFC) Program: This program supports efforts to plan, develop, and maintain a public health infrastructure that helps assure high immunization coverage levels and low incidence of vaccine-preventable diseases. As a part of this effort, the purpose of the VFC program is to increase access to vaccines for eligible children by supplying federal government-purchased pediatric vaccines to public and private health care providers registered with the program. Eligible children include newborns through 18 years of age who are Medicaid-eligible, not insured, American Indian/Alaska Natives, and children who are uninsured with respect to the vaccine and who are served by a federally Qualified Health Center or a Rural Health Clinic.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Mimi Larzelere at (404) 639-8800; mm19@cdc.gov.

National Cancer Prevention & Control Program (NCCP): This is a cooperative agreement that includes the NCCP, the National Breast and Cervical Cancer Early Detection Program (NBCCEDP) and the National Program of Cancer Registries (NPCR). The NCCP addresses the "Healthy People 2010" focus area(s) of cancer. The NCCCP supports the planning and implementation of comprehensive cancer control activities. The NBCCEDP supports high quality breast and cervical cancer screening promotion and provision activities for the entire population through policy approaches, health systems change and outreach strategies related to improving delivery and the use of clinical and other preventive services. The NPCR supports the establishment or enhancement of statewide/territorial/jurisdictional/tribal population-based central cancer registries and promotes the use of registry data.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

National Center for HIV/AIDS, Viral Hepatitis, STD, & TB Prevention (NCHHSTP) - Accelerating the Prevention and Control of HIV/AIDS, Viral Hepatitis, STDs and TB in the U.S. Affiliated Pacific Islands: This is an integrated cooperative agreement (COAg) supported by divisions in the NCHHSTP. This unique helps streamline application and reporting systems, eliminate duplication, enhance synergies and increase efficiencies of health care systems' abilities to treat and prevent HIV, viral hepatitis, STDs, TB and their effects within the six USAPIs. It complements and assist stakeholders to 1) increase access to care and opportunities to diagnose, treat and prevent disease in people with multiple related risks; 2) enhance prevention and control of HIV, viral hepatitis, STDs and TB; 3) build capacity for laboratory services, human resources, and organizational development; 4) improve surveillance for HIV, viral hepatitis, STDs and TB with community and international partners; 5) expand and streamline standardized monitoring and evaluation of HIV, viral hepatitis, STDs and TB programs and reduce duplicate inconsistent data systems within the six USAPIs; and 6) reduce health disparities and increase overall health among residents of the six USAPIs.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Andy Heetderks at (404) 639-8130; ajh1@cdc.gov.

- HIV Prevention Project Program for the Pacific Islands:** This program supports the delivery of evidence-based HIV prevention interventions, including preventing prenatal HIV transmission; increasing the proportion of HIV-infected persons who know they are infected by increasing the number of providers who routinely provide HIV screening in health care settings; increasing the proportion of HIV-infected people who are linked to appropriate prevention, care, and treatment services; strengthening the capacity of health departments and community-based efforts to implement effective HIV prevention programs and evaluate them.
Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.
For more information on this program, contact Walter Chow at (404) 639-5226; wkc1@cdc.gov.
- STD Prevention Systems (CSPS) Grants:** Supports the design, implementation, and evaluation of comprehensive interdisciplinary state and local STD prevention plans, and for integration of STD/HIV prevention activities. The comprehensive services are targeted to prevent STDs among at-risk populations. CSPS awards include supplemental funds for Infertility Prevention Programs (IPP). IPP funds support expansion of chlamydia and gonorrhea screening and treatment efforts in traditional and nontraditional health care settings.
Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.
For more information on this program, contact Tranita Anderson at (404) 639-8387; tkg1@cdc.gov.
- Tuberculosis (TB) Elimination Cooperative Agreement Program:** Assists the current efforts of state and local TB programs to prevent, control, and eventually eliminate TB in the United States. Financial assistance is provided to TB programs to ensure that program needs for the core TB prevention and control activities are met. Grant funding is intended to address the core TB prevention and control activities (i.e., completion of therapy, contact investigation, TB surveillance, TB public health laboratory, human resource development, and program evaluation).
Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.
For more information on this program, contact Andy Heetderks at (404) 639-8130; ajh1@cdc.gov.

Preventive Health & Health Services (PHHS) Block Grant: The Preventive Health and Health Services Block Grant provide jurisdictions with funding to address their unique public health needs in innovative and locally defined ways. This program gives the grantees the flexibility to use funds to respond rapidly to emerging health issues and to fill funding gaps in programs that deal with leading causes of death and disability. The PHHS Block Grant is used to support a broad array of public activities including; preventive screening, laboratory support, public health infrastructure, workforce training, surveillance, cardiovascular disease, cancer diabetes prevention, emergency medical services, injury and violence prevention, infectious disease, environmental health, and sex offenses. Because of the variance in the allowable uses of funds, no two jurisdictions allocate their Block Grant resources in the same way, and no two jurisdictions provide similar amount of funding to the same program or activities.
Eligible Applicants: AS, CNMI, Guam, FSM, RMI, ROP.
For more information on this program, contact Victoria Rayle at (808) 541-3671; Vdr1@cdc.gov.

Promoting Adolescent Health through School-Based HIV/STD Prevention and School-Based Surveillance: The purpose of this program is to provide funding for surveillance activities that include the YRBS (Youth Risk Behavior Survey) and School Health Profiles.
Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.
For more information on this program, contact Shari Shanklin at (404) 718-8143; sshanklin@cdc.gov.

Public Health Actions to Prevent and Control Diabetes, Tobacco Use, Heart Disease, and Associated Chronic Disease Risk Factors and improve health, in the U.S. Affiliated Pacific Islands, Virgin Islands, and Puerto Rico: The main purpose of the efforts in the USAPI is to support the implementation of cross-cutting, unified approaches to promote health, prevent and control tobacco use, diabetes, heart disease, promotion of health pregnancy and infancy through primary and secondary prevention of NCDs. This program attempts to coordinate activities that increase capacity and address common risk factors while reducing administrative and reporting requirements. Within the first two years, applicants are expected to develop Non-Communicable Disease plans, establish organizational structure, collect and use surveillance data, and develop evaluation plans. For the five year project period, applicants are expected to increase cross-cutting epidemiology and surveillance, environmental approaches, health systems changes and clinical-community linkages (e.g. surveillance, screening, evaluation, data systems).
Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.
For more information on this program, contact Loren Cadena at (770) 488-5644; lcadena@cdc.gov.

Public Health Emergency Preparedness (PHEP) Program: The PHEP cooperative agreement is a critical source of funding for state, local, tribal and territorial public health departments. Since 2002, the PHEP cooperative agreement has provided nearly \$9 billion to public health departments across the nation to upgrade their ability to effectively respond to a range of public health threats, including infectious diseases, natural disasters, and biological, chemical, nuclear, and radiological events. Preparedness activities funded by the PHEP cooperative agreement are targeted specifically for the development of emergency-ready public health departments that are flexible and adaptable.
Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.
For more information on this program, contact Kristin LaBar at (404) 639-7743; ing8@cdc.gov.
Alternate Contact: Tara Brown at (404) 639-7836; hju0@cdc.gov.

Rape Prevention & Education Program (RPE): The overarching purpose of this program is to prevent sexual violence by implementing primary prevention strategies using a public health approach and effective prevention principles.

Eligible Applicants: Guam & CNMI.

CENTERS FOR MEDICARE & MEDICAID SERVICES

The mission of Centers for Medicare & Medicaid Services (CMS) will continue to leverage our internal resources and external partnerships to fulfill our mission – as an effective steward of public funds, CMS is committed to strengthening and modernizing the nation’s health care system to provide access to high quality care and improved health at lower cost. In our effort to fulfill this charge, our vision of future success is a high quality health care system that ensures better care, access to coverage and improved health.

Website: <http://www.cms.gov>

Affordable Care Act (ACA) Medicaid Funding: The ACA provides numerous funding opportunities for the Outer Pacific. Within these opportunities is a significant supplement in Medicaid funding provided to three Pacific territories. These additional funds first became available to territories in the 4th quarter of FY2011, and will be available for the duration of ACA through 2019.

Eligible Applicants: AS, CNMI & Guam.

For more information on this program, contact Peter Banks at (415) 744-3782; peter.banks@cms.hhs.gov.

Children’s Health Insurance Program (CHIP): CHIP is designed primarily to help children in low-income families with incomes too high to qualify for Medicaid but too low to afford private family coverage. All states and the Pacific territories are now offering coverage through CHIP and it is jointly funded with federal and state monies.

Eligible Applicants: AS, CNMI & Guam.

For more information on this program, contact Peter Banks at (415) 744-3782; peter.banks@cms.hhs.gov.

Enhanced Allotment Plan (EAP): As a result of the Medicare Modernization Act of 2003, Congress approved the allocation of additional funds to offset the costs of providing Medicare Part D to territory beneficiaries who are dual-eligible for both Medicaid and Medicare. These funds come in the form of block grants that must be matched by the respective territories.

Eligible Applicants: AS, CNMI & Guam.

For more information on this program, contact Peter Banks at (415) 744-3782; peter.banks@cms.hhs.gov.

Health Information Technology (HITECH): The American Recovery and Reinvestment Act (ARRA) made available funds to States and Territories for the purpose of planning and implementation of Health Information Technology, including Electronic Health Records (EHR), for both Medicaid and Medicare providers.

Eligible Applicants: AS, CNMI & Guam.

HEALTH RESOURCES & SERVICES ADMINISTRATION

The mission of the Health Resources & Services Administration (HRSA) is to improve health and achieve health equality through access to quality services, a skilled health workforce and innovative programs. **Website:** <http://www.hrsa.gov>

Area Health Education Center (AHEC) Program – University of Guam School of Nursing: The Guam/Micronesia (G/M) AHEC Program was established in 2009 and supports three AHECs: 1) Guåhan (Guam) AHEC, serving the island territory of Guam (GU); 2) Republic of Marshall Islands (RMI)/College of Marshall Islands AHEC, serving the RMI; and 3) Federated States of Micronesia (FSM) AHEC, serving three of the four states within FSM. The Yap AHEC, which is affiliated with the University of Hawai'i, Pacific-Basin AHEC, serves the fourth state of FSM. The G/M AHEC Program emphasizes community-based, in-country (local), and inter-island training for health professions students and health care providers while enhancing the health career education and recruitment pipeline from high school to community college levels. The G/M AHEC Program has played a significant role in improving the public health capacity and infrastructure in the region, including the development of an innovative public health training pipeline program. This program provides a career ladder from a Certificate of Achievement to a Master of Public Health degree. The G/M AHEC Program has also established strong collaborations with the Centers for Disease Control & Prevention and the Pacific Islands Health Officers Association (PIHOA) to support training in public health capacity building.

Eligible Applicants: Guam, FSM & RMI.

Area Health Education Center (AHEC) Program – University of Hawai'i, John Burns School of Medicine: The Pacific Basin AHEC Program focuses its programmatic activities to improve the diversity, distribution, supply, and quality of the health professions workforce in the Pacific in five specific areas: 1) recruiting underrepresented minority students to health science careers; 2) training students in rural and underserved areas, often in interdisciplinary teams; 3) recruiting providers to rural areas and providing activities to improve retention; 4) providing and facilitating community-based health education; and 5) providing distance learning options across the region for health information and education. Partners in this effort include schools, healthcare and government organizations, workforce investment agencies, rural health associations, and community-based organizations in the region.

Eligible Applicants: AS, CNMI & ROP.

Program Website: <http://bhw.hrsa.gov/grants/areahealtheducationcenters/index.html>.

For more information on this program, contact Meseret Bezuneh at (301) 594-4149; mbezuneh@hrsa.gov.

Community Health Center Program: Health centers are community-based and patient-directed organizations that serve people with limited access to health care. These include low-income patients, the uninsured, those with limited English proficiency, agricultural workers, individuals and families experiencing homelessness, and those living in public housing. HRSA-supported health centers advance the preventive and primary medical/healthcare home model of coordinated, comprehensive, and patient-centered care, coordinating a wide range of medical, dental, behavioral, and social services. Services include pharmacy, mental health, substance abuse, and oral health treatment, as well as supportive services (education, translation, transportation, and case management) that promote access to health care and ensure patient well-being. Health centers are required to be located in or serve a high-need community (a "medically underserved" area or population) and to make their services available to all patients on a sliding scale, with fees based on ability to pay.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

Program Website: <http://bphc.hrsa.gov/>.

Leadership Education in Neurodevelopmental & Related Disabilities (LEND) – University of Hawai'i: The purpose of the LEND program is to provide interdisciplinary training to enhance the clinical expertise and leadership skills of professionals dedicated to caring for children with neurodevelopmental disabilities and other related disabilities, including autism. Since 2011 they have been developing a virtual campus with the University of Guam by supporting long term trainees in the disciplines of psychology, speech language pathology and family disciplines. The Guam Department of Public Health and Social Services also continues to support LEND with Title V staff in nursing and social work. Their goal is for long-term sustainability of a virtual campus including additional training grants addressing Maternal & Child Health (MCH) workforce development.

Eligible Applicants: Only public or nonprofit private institutions of higher learning.

For more information on this program, contact Denise Sofka at (301) 443-0344; dsofka@hrsa.gov.

Maternal, Infant & Early Childhood Home Visiting Program: The Home Visiting Program supports pregnant women and families, and helps parents of children from birth to age five, tap into the resources and develop the skills they need to raise children who are physically, socially, and emotionally healthy and ready to learn. Through the Home Visiting Program, nurses, social workers, or other professionals meet with at-risk families in their homes, evaluate the families' circumstances, and connect families to the kinds of help that can make a real difference in a child's health, development, and ability to learn such as health care, developmental services for children, early education, parenting skills, child abuse prevention, and nutrition education or assistance.

Eligible Applicants: AS, CNMI & Guam.

Pacific AIDS Education & Training Center (PAETC): The program goal is to increase the number of local health care providers who are educated and motivated to provide culturally sensitive and appropriate HIV counseling, diagnosis, treatment, and medical management, and to help prevent high risk behaviors that lead to HIV transmission. The Hawai'i AETC (HAETC) provides training and technical assistance in Hawai'i and the USAPI. The HAETC-trained clinicians, who are based in their home USAPI jurisdiction, provide local training to increase HIV clinical knowledge and skills including HIV testing, among local providers. HAETC provides training and clinical consultation services to USAPI providers through a variety of both distance-based and in-person activities. These include

didactic presentations, skills buildings workshops, clinical preceptor ships for clinicians new to HIV care, quarterly satellite case conferences, and an annual train-the-trainer conference in Honolulu for 30-35 USAPI based providers.

Eligible Applicant: Guam.

Program Website: <http://paetc.org>.

Pacific Island Primary Care Association (PIPCA): The PIPCA works with each jurisdiction within the USAPI and is based in Honolulu, Hawai'i. PIPCA provides training and technical assistance to consolidated community health centers on a statewide or regional basis.

Eligible Applicants: Include domestic public or private, non-profit or for-profit entities that can provide training/technical assistance on a statewide/regional basis to community-based organizations.

For more information on this program, contact CDR Jialynn Wang at (301) 443-4294; jwang@hrsa.gov.

Poison Control Program (PCP): The purpose of these grants is to support poison centers' efforts to prevent, provide treatment recommendations for poisonings, and comply with operational requirements needed to sustain accreditation and/or achieve accreditation, and/or improve and enhance communications and response capability and capacity. Funds may also be used to improve the quality of data uploaded from poison centers to the National Poison Data System in support of national toxic surveillance activities conducted by the U.S. Centers for Disease Control and Prevention. As the USAPI jurisdictions do not have their own individual poison centers, they are serviced by poison centers with which they have contractual relationships. Poison center services are accessed through the toll-free Poison Help number in American Samoa and Guam (800) 222-1222 and in Federated States of Micronesia (011-288) 888-222-4516.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

Ryan White HIV/AIDS Program Part B: The Ryan White HIV/AIDS program funds core medical and support services that enhance access to and retention in care. It is the largest program specifically for care and treatment services for persons living with HIV disease. Currently, the Ryan White HIV/AIDS Program provides Part B funding to each of the USAPI jurisdictions.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Stacy Evans at (301) 443-3557; sevans@hrsa.gov.

Sickle Cell Disease Treatment Demonstration Program: The purpose of the Maternal and Child Health Sickle Cell Regional Collaboratives is to: (1) increase the number of providers that are treating sickle cell patients in the region; (2) increase the number of providers prescribing disease-modifying therapies, such as hydroxyurea; and (3) increase the number of sickle cell patients that are receiving care from providers with greater knowledge of how to treat sickle cell disease. Regional leads will develop Sickle Cell Regional Collaborative by developing strong partnerships with sub-awards between the applicant and a lead state-level partner from each state in the region. State-level partners will work with primary care providers in the state, using strategies such as the Primary Care Extension for Community Healthcare Outcomes (ECHO) to improve access to care for sickle cell disease.

Eligible Applicants: Eligible entities for this cooperative agreement program are any federally-qualified health center, nonprofit hospital or clinic, or university health center that provides primary health care that: (1) has a collaborative agreement with a community-based sickle cell disease organization or a nonprofit entity with experience in working with individuals with sickle cell disease; and (2) demonstrates that it, the collaborative entity, or the experts described in section 712(c)(2)(C) of the American Jobs Creation Act of 2004, has at least five (5) years' experience working with individuals who have sickle cell disease. Faith-based and community-based organizations that meet these qualifications are eligible.

For more information on this program, contact Edward Donnell Ivy at (301) 443-9775; eivy@hrsa.gov.

State Primary Care Offices (PCO): The purpose of this grant is to work in cooperation with statewide organizations to develop programs for planning/development of comprehensive primary care services in areas lacking adequate health services and health manpower.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

OFFICE OF THE ASSISTANT SECRETARY FOR HEALTH

The Office of the Assistant Secretary for Health (ASH) oversees 12 core public health offices – including the Office of the Surgeon General and the U.S. Public Health Service Commission Corps – as well as 10 regional health offices across the nation and 10 Presidential and Secretarial advisory committees. **Website:** <http://www.hhs.gov/ash/>

OFFICE OF POPULATION AFFAIRS

The mission of the Office of Population Affairs (OPA) is to administer the Title X Family Planning program and serve as the focal point to advise the Secretary and the Assistant Secretary for Health on a wide range of reproductive health topics including family planning, adolescent pregnancy, sterilization and other population issues. **Website:** <http://www.hhs.gov/opa>

OFFICE OF FAMILY PLANNING

The mission of the Office of Family Planning (OFP) is to assist individuals in determining the number and spacing of their children through the provision of education, counseling and related comprehensive medical services to eligible clients:

- To assist in making comprehensive, voluntary family planning services available to all persons desiring such services;
- To coordinate domestic population and family planning research with the present and future needs of family planning programs;
- To enable public and nonprofit private entities to plan and develop comprehensive programs of family planning services;
- To develop and make readily available information, including educational materials, on family planning and population growth to all persons desiring such information;
- To evaluate and improve the effectiveness of family planning service programs and population research; and
- To assist in training staff to effectively carry out family planning services

Family Planning Grants: The Title X Office of Family Planning Grant Program provides funding to entities to establish and operate voluntary family planning services projects, which provide family planning services to all persons desiring such services, with priority for services to persons from low-income families. Family planning services include clinical family planning and related preventive health services; information, education and counseling related to family planning; and, referral services as indicated. None of the funds appropriated under this title can be used in programs where abortion is a method of family planning.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

SAMHSA-WIDE

Pacific Behavioral Health Initiative (PBHI): In FY 2014, under management by the Pacific Behavioral Health Collaborating Council (PBHCC), the PBHI has not only supported continued training for the 19 Master Trainer candidates but has also led to the establishment of a formal mechanism for offering college credit through affiliate membership with the Association of Addiction Professionals (NAADAC); to centralized management and coordination of SAMHSA TA for the region; to strengthened PBHCC capacity for fiscal and grants management of its funding from a variety of sources; and to increased opportunities for regional collaboration that will support the very trainer candidates we started with. Specifically, the PBHI supported trauma and Dialectical Behavioral Therapy training for the Master Trainer Candidates, the establishment of a workgroup to improve clinical supervision, and training for six Master Trainer candidates to become certified addictions trainers. The work started through the Master Trainer Initiative, then through the PBHI, will now be the foundation for the three-year HRSA-SAMHSA grant award made to the PBHCC for "*Behavioral Health Workforce Education And Training For Professionals And Paraprofessionals.*"

Eligible Applicant: Not Applicable.

U.S. DEPARTMENT OF HOMELAND SECURITY

The mission of the U.S. Department of Homeland Security (DHS) includes preventing terrorism and enhancing security; managing our borders; administering immigration laws; securing cyberspace and ensuring disaster resilience. **Website:** <http://www.dhs.gov>

FEDERAL EMERGENCY MANAGEMENT AGENCY

The mission of the Federal Emergency Management Agency (FEMA) is to support our citizens and first responders to ensure that as a nation we work together to build, sustain, and improve our capability to prepare for, protect against, respond to, recover from, and mitigate all hazards. **Website:** <http://www.fema.gov>

Emergency Management Performance Grant (EMPG): This program provides resources to assist State and local governments to sustain and enhance all-hazards emergency management capabilities. It uses an all hazards approach to emergency response, including the development of a comprehensive program, planning, training, exercises, sets the stage for an effective and consistent response to any threatened or actual disaster or emergency, regardless of the cause. States have the opportunity to use EMPG funds to further strengthen their ability to support emergency management activities while simultaneously addressing issues of national concern as identified in the National Priorities of National Preparedness Guidelines.

Eligible Applicants: AS, CNMI, Guam, FSM & RMI.

Program Website: <http://www.fema.gov/emergency-management-performance-grants-program>.

For more information on this program, contact David Kennard at (510) 627-7269; david.kennard@fema.dhs.gov.

Homeland Security Grant Program (HSGP): This program enhances the ability of the State, local and tribal governments to prepare, prevent, respond to and recover from terrorist attacks and other disasters. The HSGP is the primary funding mechanism for building and sustaining national preparedness capabilities. HSGP is comprised of three separate grant programs (State Homeland Security Program; Urban Areas Security Initiative; and Operation Stonegarden).

Eligible Applicants: AS, CNMI & Guam.

Program Website: <https://www.fema.gov/fy-2014-homeland-security-grant-program-hsppg>.

For more information on this program, contact David Kennard at (510) 627-7269; david.kennard@fema.dhs.gov.

Port Security Grant Program: The goal of this program is to provide funds to port areas for the protection of critical port infrastructure from terrorism. Also it assists ports enhancing maritime domain awareness, improving risk management capabilities to prevent, detect, respond to and recover from attacks involving improvised explosive devices (IEDs) and other non-conventional weapons, as well as training, exercises and Transportation Worker Identification Credential (TWIC) implementation. The Port Security Grant Program also provides funding to eligible ferry systems within eight specific priorities.

Eligible Applicants: AS, CNMI & Guam.

U.S. DEPARTMENT OF THE INTERIOR

The mission of the U.S. Department of the Interior (DOI) is to protect and manage the Nation's natural resources and cultural heritage; provide scientific and other information about those resources; and honor its trust responsibilities or special commitments to American Indians, Alaska Natives, and affiliated island communities. **Website:** <http://www.doi.gov>

OFFICE OF INSULAR AFFAIRS

The mission of the Office of Insular Affairs (OIA) is to empower insular communities by improving their quality of life, creating economic opportunities and promoting efficient and effective governance. **Website:** <http://www.doi.gov/oia>

American Samoa Operations Program: The American Samoa Government (ASG) does not have sufficient local revenues to fund the entire operating costs of its government. The purpose of this program activity is to fund the difference between budget needs and local revenues. The Department defines "budget needs" as the cost of maintaining current programs and services. Unless mutually agreed upon by ASG and the Department new programs are funded from local revenues.

Eligible Applicant: AS.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

Brown Tree Snake Control Program: The fund is used to control ecological and economic damage caused by the brown tree snake on Guam and prevent dispersal of the snake to other areas.

Eligible Applicants: CNMI & Guam.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

Compact Impact Discretionary: The Amended Compacts of Free Association, PL 108-188, with the Marshall Islands and Micronesia, under Section 104 (e) of Title One, authorizes financial assistance to affected jurisdictions such as Hawai'i, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands. The goal of this assistance is to provide through 2023, \$30 million in annual grants to affected jurisdictions to aid in defraying costs incurred as a result of increased demands placed on health, educational, social, or public safety services, or to infrastructure related to such services, due to the residence in affected jurisdictions of qualified non-immigrants from the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau. Discretionary Compact Impact funds supplement the permanent appropriations made under PL 108-188; however, discretionary Compact Impact can only be used in support of education activities.

Eligible Applicants: AS, CNMI & Guam.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

Compact Impact Program: The Amended Compacts of Free Association, PL 108-188, with the Marshall Islands and Micronesia, under Section 104 (e) of Title One, authorizes financial assistance to affected jurisdictions such as Hawai'i, Guam, American Samoa and the Commonwealth of the Northern Mariana Islands. The goal of this assistance is to provide through 2023, \$30 million in annual grants to affected jurisdictions to aid in defraying costs incurred as a result of increased demands placed on health, educational, social, or public safety services, or to infrastructure related to such services, due to the residence in affected jurisdictions of qualified non-immigrants from the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau.

Eligible Applicants: AS, CNMI & Guam.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

Compact of Free Association (FSM & RMI): In 2003, the U.S. signed with the FSM and with the RMI a second Compact or what is called the Compact of Free Association Amendments Act of 2003 (Public Law 108-188) that is in effect for the next 20 years until 2023. Although the basic relationships as enshrined in the first Compact were unchanged, there were significant changes in the financial provisions of the amended Compact. The Amended Compact included creation of a Trust Fund to serve as an ongoing source of revenue after Fiscal Year 2023 and to contribute to the long-term budgetary self-reliance of the FSM and RMI. It also provided for sector specific grant assistance in six primary sectors: Education; Health Care; Public Infrastructure; Environment; Public Sector Capacity Building; Environment; and Private Sector Development. The Department of the Interior continues to be responsible for oversight and coordination of U.S. funding assistance under the Amended Compact of Free Association.

Eligible Applicants: FSM & RMI.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

Compact of Free Association (ROP): Article I of Title Two of the Compact of Free Association describes the financial assistance committed to the Republic of Palau by the United States. Backed by the full faith and credit of the United States, the financial assistance established in Article I is the most significant part of the economic relationship with Palau. Compact funding was appropriated on a permanent and indefinite basis in 1986 (Public Law 99-349). However, because of delays in the ratification process by the Republic of Palau, its Compact was not implemented until 1995, eight years after implementation for the other two freely associated states. The Department of the Interior is responsible for oversight and coordination of U.S. funding assistance under the Compact of Free Association. Financial assistance provisions under the Palau Compact were set to expire on September 30, 2009 but have been extended by Congress through subsequent annual appropriations.

Eligible Applicant: ROP.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

Coral Reef Initiative: The goal of the Coral Reef Initiative program is to improve the health of coral reefs in the U.S. insular areas for their long-term economic and social benefit through enhanced local management and protection.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

Covenant Capital Improvement Project (CIP): The U.S. territories for which OIA has responsibilities may request capital improvement grants through the annual budget process. A unique feature of these grants is that they may be used to meet the local matching requirement for capital improvement grants of other Federal agencies, subject to OIA's approval.

Eligible Applicants: AS, CNMI & Guam.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

Empowering Insular Communities: This fund is used to pursue sustainable energy strategies that will lessen the dependence of the insular areas on oil imports.

Eligible Applicants: AS, CNMI & Guam.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

Enewetak Support Program: In 1980, The Enewetak Support program was implemented to provide supplemental foods for the community, replant vegetation on the inhabited islands, provide agricultural maintenance training and transport food to the island. The Enewetak community developed a plan with the assistance of the University of the South Pacific to provide greater amounts of locally produced food and to better integrate necessary imported food into the local diets.

Eligible Applicant: RMI.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

Federal Services: The Compacts of Free Association guarantee that the freely associated states (FAS) will continue to receive certain federal services in accordance with negotiated agreements, as is the case for the Federated States of Micronesia (FSM) and the Republic of the Marshall Islands (RMI). These services include those of the U.S. Postal Service (USPS).

Eligible Applicant: ROP.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

General Technical Assistance: This fund is not designated for any specific purpose and grant projects are determined through an application process. These grants are for short-term, non-capital projects, and are not intended to supplant local funding of regular and customary operating expenses of an insular government.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

Guam Section 30 Income Taxes Program: The federal income taxes derived from Guam, collected under the internal-revenue laws of the United States, its Territories, or possessions, including, but not limited to, compensation paid to members of the Armed Forces and pensions paid to retired civilians and military employees of the U.S., or their survivors, who are residents of, or who are domiciled in, Guam. OIA works with Guam and the Department of Treasury, IRS to make an advance payment annually in September for the amount of taxes estimated for the upcoming year. OIA works with IRS to adjust the payment based on actual certifications received from IRS for previous years.

Eligible Applicant: Guam.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

Judicial Training Program: Section 105(i)(1) of Public Law 108-188 established an annual program for the training of judges and officials of the judiciary in the Federated States of Micronesia and the Republic of the Marshall Islands in cooperation with the Pacific Islands Committee of the Ninth Circuit Judicial Council. The base amount of the program was established at \$300,000, an amount adjusted annually by Section 118 of the Compact of Free Association.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

Maintenance Assistance: This fund is used in promoting and developing insular institutions and capabilities that improve the operation and maintenance of island infrastructure. This is the only OIA program that has specific legislative authority to require a financial contribution from the insular government.

Eligible Applicants: AS, CNMI, Guam, FSM, RMI & ROP.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

Palau Program Grant Assistance: Palau Program Grant Assistance was a current mandatory component of the largely permanent indefinite 1994 "Compact of Free Association" between the U.S. and the Government of Palau (Pub. L. No. 99-658). Section 221(b) states that the U.S. "recognizing the special needs of the Palau particularly in the fields of education and health care, shall make available...the annual amount of \$2 million". The Compact required the use of funds be described in an annual program plan submitted to the United States. Palau currently uses these funds solely for education programs within its Ministry of Education.

Eligible Applicant: ROP.

For more information on this program, contact Jonathan Dunn at (202) 208-6971; jonathan_dunn@ios.doi.gov.

U.S. DEPARTMENT OF LABOR

The mission of the U.S. Department of Labor (DOL) is to foster, promote, and develop the welfare of the wage earners, job seekers, and retirees of the United States; improve working conditions; advance opportunities for profitable employment; and assure work-related benefits and rights. **Website:** <http://www.dol.gov>

EMPLOYMENT & TRAINING ADMINISTRATION

The mission of the Employment & Training Administration (ETA) is to contribute to the more efficient functioning of the U.S. labor market by providing high quality job training, employment, labor market information and income maintenance services primarily through state and local workforce development systems. **Website:** <http://www.doleta.gov>

Discretionary Grants: The Employment and Training Administration has discretionary grant opportunities that are available by competitive application. These will be announced via a Solicitation for Grant Applications (SGA) in the federal Register and on the Grants.gov website: <https://www.grants.gov>. Eligibility requirements vary, and solicitations may be open to some government agencies which are in receipt of Workforce Investment Act Title 1B formula funds, and state or local Workforce Investment Boards. Solicitations vary, and information about open and future opportunities can always be accessed at website: http://www.doleta.gov/grants/find_grants.cfm. A web-based toolkit for prospective applicants is also available at website: https://www.workforce3one.org/ws/www/pages/grants_toolkit.aspx?pparams.
Eligible Applicants: Eligibility may vary by Solicitation for Grant award.
For more information on these grant opportunities, a point of contact for each opportunity will be referenced in the individual Solicitation.

Foreign Labor Certification (FLC) Program: The purpose of the FLC fund that is distributed to each State Workforce Agency is to perform labor exchange activities to support the recruitment of U.S. workers under the permanent labor certification program which includes the review and clearance of job orders, inspection of employer provided housing and conduct of prevailing wage and practice surveys.
Eligible Applicants: CNMI & Guam.
For more information on this program, contact Valerie Massey at (202) 693-3353; massey.valerie@dol.gov.

National Emergency Grants (NEG): There are two categories of NEG: Regular NEG or Disaster NEG. The purpose of the Regular NEG program is to respond to significant dislocation events that arise as a result of economic globalization and business fluctuations. Recipients of Workforce Investment Act Dislocated Worker funds are eligible to apply if they have expended 70 percent or more of their WIA Dislocated worker funds from the previous year's allocation, and a significant layoff event has occurred. Disaster NEG can be made available after unexpended disaster events (e.g. tsunamis, earthquakes, super typhoons). Eligibility for Disaster NEG category normally requires that the Jurisdiction is FEMA eligible, and that a FEMA declaration of disaster has been made. This requirement may exclude Freely Associated States from eligibility. Disaster NEG are awarded in phases, the first of which includes disaster clean up related work with preference to providing immediate paid employment for those who have been displaced or affected by the disaster, and a second phase which provides workforce development services with long term goals.
Eligible Applicants: AS, CNMI, Guam & ROP.
For more information on this program, contact Janice Shordike at (415) 625-7943; Shordike.janice@dol.gov.

Senior Community Services Employment Program (SCSEP): The SCSEP is a community service and work based training program for older workers. It was authorized by Congress in Title V of the Older Americans Act of 1965 to provide subsidized, part-time, community service work based training for low-income persons age 55 or older who have poor employment prospects. Through this program, older workers have access to the SCSEP services as well as other employment assistance available through The American Job Centers, formerly called One-Stop Career Centers of the workforce investment system. The goal of this program is to provide community services and part-time work based training to place participants into unsubsidized jobs. It is intended that these community service experiences serve as a bridge to other employment positions that are not supported with federal funds.
Eligible Applicants: AS, CNMI & Guam.
For more information on this program, contact Janice Shordike at (415) 625-7943; Shordike.janice@dol.gov.

Wagner-Peyser Act: This service is offered through states and local One Stop Career Centers, and provides funding to assist in the coordination and development of a nation-wide system of public labor exchange services, provided as part of the one-stop customer service system, and ensure individuals otherwise eligible to receive unemployment compensation, the provision of reemployment services and other activities in which the individuals are required to participate to receive the compensation.
Eligible Applicant: Guam.
For more information on this program, contact Janice Shordike at (415) 625-7943; Shordike.janice@dol.gov.

Workforce Information Grant (WIG): The purpose of the WIG to states and territories through their State Workforce Investment agencies and Labor Market Information entities is to support immediate economic recovery while also planning for long term economic growth and stability.
Eligible Applicant: Guam.
For more information on this program, contact Janice Shordike at (415) 625-7943; Shordike.janice@dol.gov.

Workforce Investment Act (WIA) - Title 1B: WIA creates a new, comprehensive workforce investment system, which is intended to be customer-focused, to help Americans access the tools needed to manage their careers through information and high quality services and to help U.S. companies find skilled workers. The America's Job Center system, formerly called One Stop Career system, is the infrastructure that empowers individuals to receive the professional advice, guidance and support to become gainfully employed. The ultimate goal of the Act is to increase employment, retention, and earnings of participants and in doing so, improve the quality of the workforce to sustain economic growth, enhance growth, enhance productivity and competitiveness, and reduce welfare dependency.

Workforce Investment Act – Adult Services Program: The Adult and Dislocated Worker program, under Title I of the Workforce Investment Act of 1998, is designed to provide quality employment and training services to assist eligible individuals in finding and qualifying for meaningful employment, and to help employers find the skilled workers they need to compete and succeed in business. Eligible Applicants: AS, CNMI, Guam & ROP. For more information on this program, contact Janice Shordike at (415) 625-7943; Shordike.janice@dol.gov.

Workforce Investment Act – Dislocated Workers Program: The Adult and Dislocated Worker program is designed to provide quality employment and training services to assist eligible individuals in finding and qualifying for meaningful employment, and to help employers find the skilled workers they need to compete and succeed in business. Eligible Applicants: AS, CNMI, Guam & ROP. For more information on this program, contact Janice Shordike at (415) 625-7943; Shordike.janice@dol.gov.

Workforce Investment Act – Youth Services Program: The WIA of 1998 enacted a formula-funded youth program serving eligible low-income youth, ages 14-21, who face barriers to employment. Funds for youth services are allocated to state and local areas based on a formula distribution. Service strategies, developed by workforce providers, prepare youth for employment and/or post-secondary education through strong linkages between academic and occupational learning. Local communities provide youth activities and services in partnership with the WIA Workforce System and under the direction of local Workforce Investment Boards. Eligible Applicants: AS, CNMI, Guam & ROP. For more information on this program, contact Janice Shordike at (415) 625-7943; Shordike.janice@dol.gov.
