Thx! Do you have any details of the signing? What's in motion thus far?

Sorry I sent without description.

WH staff asked for a ton of background information this weekend for their own briefing for POTUS. Not my finest work but I was asked at 10 am Saturday to send something by 5:00 pm same day. Their comms shop etc will have a crack at this so who knows how that will change. Just thought this would be a helpful starting point for you as we prepare talkers etc for Wednesday- POTUS will be at DOI to sign the Antiquities Act EO.

Call me with questions. I am going to an engagement party but will have my phone.

Attached:

1. Options for an EO (you have seen this). Just a reminder.
2. Summary and Talkers tailored to Option #3. Some data/factoids hyperlinked throughout document. I gave you more info on GSENM since probably more difficult to pull information up on. BENM is pretty universally recognized/well known don't think you need much more here.

Also FYI- the Offshore EO calls for a review of marine monuments designated in the last 10 years. Do you want to exclude those from this one so we can just focus on it during that review- assuming we can look at commercial fishing in that review as well as offshore oil activities. If not we could be duplicating with Commerce here. If you decide to do that you may want to strike all the references here to federal waters.

3. Excel spreadsheet of every monument designated, either under AA or by Congress. Compiled by career staff here. It has ALOT of data, but you can sort by acres, time period, authority designating, etc. That's how I got the 188 number- which may be too specific for your purposes in talking points.
