To clarify further, the name of the office at EPA that manages the system will probably be enough. I spent the last 30 minutes searching their web site and could not find it.

I will be out for a meeting at NOAA from about 9:05 to perhaps 11, and if you find the office name in that time period, please send it directly to Downey at Downey Magallanes <downey_magallanes@ios.doi.gov>. If before or after, to me. Thanks - know this is out of the usual, but likely won't be the last on this project.

Hi Randy,

I'm researching this. I've also left a voice mail for Mark Lawyer and Megan Apgar in Exec Sec.

The senior politicals are very concerned that in today's climate DOI will be accused of causing the shutdown to limit comments on Bears Ears. Do either of you know who - person preferably but office if necessary - manages the system at EPA, with any contact information?

Need first thing in the morning. Thanks
