---

I replaced all the names for the records from the grad students' reports. I added those to a file provided by the FDMS Helpdesk - which showed totals already entered in FDMS.

Jennifer has been working to update the FDMS records for all those entries. Although she isn't finished, I believe this represents a great percentage of the records.

With that caveat, I prepared two reports:

1. Comment records representing 1,000 submitters or more
2. A combined total by organization of all those records

I'll be available this evening if you have any questions. I won't be in the office tomorrow until 1 pm.

Let me know if you have any questions.
