The U.S. Small Business Administration's (SBA) disaster assistance employees are committed to helping businesses and residents rebuild as quickly as possible. SBA representatives are available to answer questions about SBA's disaster loan program and help business owners and residents apply to SBA.

Disaster recovery centers are accessible to people with disabilities. Centers have assistive technology equipment allowing disaster survivors to use amplified telephones, phones that display text, amplified listening devices for people with hearing loss and magnifiers for people with vision loss. Video Remote Interpreting is available and in-person sign language is available by request. The centers also have accessible parking, ramps and restrooms.

If possible, homeowners, renters and businesses should register with FEMA before visiting a recovery center. Eligible residents may register for assistance the following ways:

- Online at [DisasterAssistance.gov](https://www.disasterassistance.gov).
- Phone **800-621-3362** (voice, **711/VRS**-Video Relay Service) (TTY: **800-462-7585**). Multilingual operators are available (press **2** for Spanish).
- Via the **FEMA app**, available for **Apple** and **Android** mobile devices. To download visit: fema.gov/mobile-app.

The following information is helpful when registering:

- Address of the location where the damage occurred (pre-disaster address).
- Current mailing address.
- Current telephone number.
- Insurance information.
- Total household annual income.
- Routing and account number for checking or savings account (this allows FEMA to directly transfer disaster assistance funds into a bank account).
- A description of disaster-caused damage and losses.
