I. Program Description

The Office of Insular Affairs (OIA) is requesting funding proposals for its Maintenance Assistance Program (MAP). MAP funding is used to support, develop, improve and, as much as possible, institutionalize infrastructure maintenance practices in the seven insular areas. Activities will support maintenance training to extend the life of island infrastructure, ensure the safety of maintenance technicians, and/or increase the capacity of infrastructure to withstand extreme events; this may include training of maintenance technicians on climate change literacy that increases knowledge and awareness of measures to be taken to protect infrastructure from climate change impacts.

A. Eligible Costs. The following types of assistance are generally provided under MAP:
   a. Temporary expertise (management and technical)
   b. Specialized vehicles, equipment and tools
   c. Maintenance related training*
   d. Maintenance related programs/systems
   e. Maintenance related analysis/studies

B. Ineligible Costs. The following activities are generally not funded under MAP:
   a. New construction
   b. Salaries of existing employees
   c. Routine operating expenses
   d. Food or meals

C. Cost Sharing Matching Requirement
   Generally, a 50/50 match is required in order to receive MAP funding. However, applicants may request to waive, or reduce the match if they are unable to provide the required 50/50 match. Additional points will be awarded to applications with cost sharing.
II. Eligible Applicants

Eligible applicants are local government entities, independent authorities, and educational institutions in the four U.S. territories of Guam, American Samoa, the U.S. Virgin Islands, and the Commonwealth of the Northern Mariana Islands; the three Freely Associated States of the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau; and any non-profit organizations whose mission directly benefit the seven insular areas in accordance with regulations contained in 2 CFR 200.

III. Award Information

a. Review and Selection Process

The Technical Assistance Grant Program Review Committee will review and evaluate all eligible applications. The Review Committee will provide recommendations to the Acting Assistant Secretary of Insular Affairs for final project selection. The Acting Assistant Secretary of the Interior will select the successful proposals.

All applications for funding will be considered using the criteria outlined below. In order to comply with the new financial assistance regulations, 2 CFR 200 "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards," past performance information will be recognized during the selection process. Scores will be provided to the applicant if requested.
