Now we are taking a next step by comparing the data in the International Studbook with the CITES Trade Database.
According to the CITES trade database the US CITES Management Authority has issued a CITES import permit for the import of two sloth bears (Melursus ursinus) from Canada. These bears are currently not included in our studbook.
Therefore we are wondering whether you can share some information with us about the US importer of this sloth bear.

Western- A Headline of the Arizona Republic Newspaper dated November 6, 1972 reads: "Tribe Rejected BIA's Advice on Bankruptcy?" The article goes on to say that the BIA would likely audit the Tribe within 30 days (December 1972 or thereabouts). Because of the significance of a Tribe being on the verge of bankruptcy, I would think that the BIA Phoenix, AZ office would have maintained files relating to this matter.

The export of Macaca fascicularis from Cambodia to the USA raises many questions about the federally-endorsed US accreditation standard for the raising and use of lab animals, known as AAALAC. Companies in Cambodia that ship to the use claim AAALAC accreditation however oversight appears lacking and there is little evidence to suggest the standard is upheld. At least one of these companies, the multi-million dollar-valued multinational SNLB, has operations in the US.
