Attached is a first draft of the NE Canyons and Seamounts memo.

This is a work in progress, as you will note with references to "sec. x", "chart a", etc. However, it has most of the information I gathered, with 2 possible additions pending, one waiting for information from NOAA and one needed additional work by me to condense an overly-lengthy rebuttal to a claim made verbally to the Secretary and to Downey by 2 different parties recently.
