Hi Stu- I am having a lot of trouble signing up for the site. I registered, but it won't let me sign in again (it first told me I was demoted to a free user). Can you assist? I would like to start with the comments review.

Thank you,
Samantha

>From Randy Bowman:

"We are using a system called DiscoverText, which FWS has used for 7 years, to help analyze the comments and limit the number of comments anyone needs to directly review. I would like to schedule a one-hour webinar-type training session, which you can take from your desk or if you are teleworking, as long as you are using a government computer, on Wednesday May 31 at 10 am. For those who are on leave Wednesday, the training will be recorded and can be accessed when you return."

Please do not hesitate to contact Stu (stu@texifter.com) if you have any issues setting up your account on doi.discovertext.com. You may want to bookmark the page, because this is a DOI-version of DiscoverText, and your login will no work at DiscoverText.com.

I'm looking forward to providing any technical and procedural assistance required to help the team move efficiently and effectively through the review process.

Thanks,
~Stu
