I suggested they start delivery this Friday, to give them time to get organized for it, and stop July 21, to cover the "trickle in" ones.

I would say as soon as you get mailed-in comments.

Typically, mailed comments trickle in after the end date. You know, the whole "postmarked by" thing the IRS uses. We don't pay much attention to that because under the Endangered Species Act we are obligated to take all comments.

But you can assign your own cutoff date for this.

Yet another easy as possible result - DOI already delivers to FWS Falls Church office twice a day. All we need is the mail stop there and a start date. I presume start date is on or immediately after the effective date of the contract. Marcia, is that correct, and could you get the mail stop for where the letters should be delivered.

And now we need to find something else for Julie and Andrea to do.
