I believe I accepted your peer request, but I am not now in DiscoverText and about to leave for some meetings here in the building. Will check before the day is over and get back to you.

Randy.....

Per this message-stream, I am registered and have sent you a peer request. Don't see any verification/feedback that the peer request was accepted.

Will I see something from you or did I miss something?

My Best;

Angela West

I did.

No feedback yet.

Stu Shulman has invited you to join DiscoverText as a member of their Enterprise Account "DOI Personnel".

Your license key to join the account is:

(b) (5) CIP

If you are already a registered user, you can apply your enterprise license key from your user account screen at: <http://doi.discovertext.com/user/ProfileManage>

If you are not a registered user already, please go to <http://doi.discovertext.com/registration.aspx> to register and use the license key above.

From Randy Bowman:

"We are using a system called DiscoverText, which FWS has used for 7 years, to help analyze the comments and limit the number of comments anyone needs to directly review. I would like to schedule a one-hour webinar-type training session, which you can take from your desk or if you are teleworking, as long as you are using a government computer, on Wednesday May 31 at 10 am. For those who are on leave Wednesday, the training will be recorded and can be accessed when you return."

The DiscoverText Help Site: <https://texifter.zendesk.com/hc/en-us>

Please do not hesitate to contact Stu (stu@texifter.com) if you have any issues setting up your account on doi.discovertext.com. You may want to bookmark the page, because this is a DOI-version of DiscoverText, and your login will not work at DiscoverText.com.

I'm looking forward to providing any technical and procedural assistance required to help the team move efficiently and effectively through the review process.

Thanks,
~Stu
