Randal,

Thank you for the email. Marcia told me that she had been working with Exec Sec and Jennifer on this. We are happy to assist you in managing any comments you may receive on your Federal Register notice. Marcia is great with [Regs.gov](#) and comment management, in general.

Tina

I wanted to let you know that Marcia Cash has been extraordinarily helpful in explaining ways to extract information from comments on the [Regs.gov](#) site and on using DiscoverText to sort and manage comments.

She has volunteered to assist Jennifer Stevenson, the PMB regulatory person, with managing the comments. We are planning to use DiscoverText, at PMB expense, to supplement [Reg.gov](#), and Marcia's assistance, given her experience with this, would be invaluable. I would greatly appreciate her being approved to help with the review. If the workload becomes excessive, we will pull in experts from other bureaus to provide further assistance.
