Hey Randy,

Thanks for asking. Downey will be orchestrating our EO required process. She would greatly appreciate your assistance with the tasking if you are willing.

I see in media reports that the review EO is likely to be issued tomorrow. However, my (b) (6) and I already have a ticket home. leaving tomorrow afternoon.

I had planned to be on leave Wednesday, Thursday and Friday, but could be in the office Wednesday until about 2:30 if that would be helpful.

I have pulled together information on all monuments, including all applicable documents from the Statutes at Large (through 2015) and a summary list from NPS on size, location and managing agency. Will have remaining documents on the later monuments before the day is over.
