

State and Tribal Opt-In Subcommittee Conference Call  
Thursday, April 14, 2016, 11 am EST  
Meeting Summary

Edits on Montana visualization due to IA by April 21.

Update on Montana visualization

- IA has found government data on costs (via Mark Haggerty at Headwaters Economics) on Montana.
  - Now have transportation, water, and emergency services data. Already have reclamation data. Should have dollar values for these categories.
  - Reports directed related to impacts of oil and gas.

IA to work on pulling together Wyoming data next week, using same format as Montana.

Should start pulling together data on Alaska in the same way we've done for Wyoming.

- Veronica speaking with Dept of Natural Resources contact.

Jerry, Danielle and Mia will try to set up convo with Osage before next week's call.

IA has started on county updates, and will show example of updated narrative next week.
