Description:

Dear Mr. Wackowski, I am employed by the Native Village of Noatak as their Director of Tribal Transportation and also Community Planning. I was hoping that you and I could have a phone conference or meet in person during the next couple of weeks. I have been working on behalf of the Native Village of Noatak to secure a permanent transportation route to the Red Dog Port Site to secure the future sustainability of the village. Noatak is currently a fly in only location. Because of the changing channels of the Noatak River barge service to the village has not been available since the 80's. Noatak is currently one of the most expensive villages in Alaska to provide energy to. Also the shipping in of infrastructure materials and equipment to do projects in the village are astronomical. Because the shortest and what we have come to believe is the most feasible route to the Delong Mountain Transportation System which accesses the port, passes through approximately nine miles of the Cape Krusenstern National Monument we need to work out an agreement that will allow Noatak access through the Monument to the DMTS Haul Road and on to the port. I understand you have had a conversation with Kutraluk Bolton of NANA and also possibly Maija Lukin of National Park Service in reference to this issue. I am working with NANA and other entities on this project and I hope that you and I could work together in order to find the best possible solution for all involved to achieve this endeavor in the shortest possible time frame. -- Sincerely Mark A. Moore Native Village of Noatak Director of Community Planning and Director of Tribal Transportation P. O. What are your most pressing concerns about this initiative? What is your vision of the end-state? What can you tell us about the roles and responsibilities of key players/stakeholders on this initiative? About Christina, Leslie and Doug (core leadership team)? What is your role and your responsibilities in this effort? What expectations do you have for the Concept Paper this team will be producing at the summit. What else do you want to share? Description:

----- Forwarded message ----- From: Reorg, DOI Date: Thu, Sep6, 2018 at 6:

38 AM Subject: Reorg Leadership Team To: Susan Combs Dear SES Team Members: Thank you all so much for your assistance with the Department of the Interior Reorganization. Your input and feedback have been very valuable. Your expertise and experience will be critical to the success of modernizing the Department to serve the American people for the next 100 years. As Secretary Zinke has expressed many times, the implementation of the new Unified Regions will be a thoughtful, Department-wide effort driven by leadership and employees in the field. The direction each new Unified Region takes will differ slightly due to the variation in mission priorities driven by regional geography and differing programmatic issues and circumstances. I look forward to working closely with each of you to organize your particular Unified Region. We now have a final map with boundaries for the 12 Unified Regions. I am seeking your assistance and input on behalf of Secretary Zinke by asking you to serve on your Unified Region's Leadership Team. SES members (except for those in BIA, BIE and OIG) and the designated SES members from the Office of the Solicitor are the Leadership Teams in each Unified Region. A list of SES Leadership Team members is attached to this email. Because not every Unified Region has the same complement of SES senior leaders, you may be asked to serve on a leadership team in a neighboring region. I and Mike Argo will have a kick-off call for all SES members on the attached list on Thursday, September 13, 2018 at 2:00 PM Eastern Time. The call-in number is (b) (5) The pass code is (b) (5) Within 30 Days of this Email, or the Next Business Day The Leadership Team for each region should meet in person or virtually as soon as possible, but not later than 30 days after this email, to select a Regional Facilitator from within the team. The Regional Facilitator will serve as a de facto Interior Regional Director (IRD) until such time as a permanent IRD is selected by the Executive Resources Board (ERB). After selection, Regional Facilitators should send their names and contact information to Joy_Nicholopoulos@ios.doi.gov. To save on travel funds, I ask that each Leadership Team take advantage of the Department's virtual communication capabilities when meeting to select its Regional Facilitator. I have asked the Office of the Chief Information Officer to put together a guide for the most effective methods of virtual communication available. The Virtual Communication Guide will be posted on the Reorg Web Page. Within 45 Days of this Email, or the Next Business Day After each Regional Leadership Team has selected its Regional Facilitator, but not later than 45 days from the date of this email, the Regional Facilitators will travel to Washington, DC for detailed briefings on the next steps in the Reorganization process. We will set the date for this meeting at a later time in coordination with the Secretary's schedule. After the Washington, DC meeting, I and Mike Argo will have monthly call-in meetings with the Regional Facilitators on the third Monday of each month beginning on October 15, 2018. A call-in number will be provided closer to that date. Although not all the details are finalized, we can at this time list some of the Regional Facilitator's important tasks: The Regional Facilitator will work with the Regional Leadership Team to explore how they collectively would recommend organizing the activities of the Unified Region in each of the following six functional areas: Collaborative Conservation, Recreation, Permitting, Human Resource Management, Information Technology and Management, and Procurement. The Regional Facilitator, with the advice of the Regional Leadership Team, will select an individual to be a Functional Lead for each of the six functional areas listed above. The Functional Lead will identify bureau personnel who are actively engaged in each of the six functions and they will perform analyses of how the function is currently performed across the bureaus within the Unified Region, and how each function might be performed more effectively and efficiently through improved inter-bureau cooperation. I expect that there will be assistance in this effort from senior SES managers in Washington, DC. Within 75 Days of this Email, or the Next Business Day Based on analyses prepared by the six Functional Leads, the Regional Facilitator within each Unified Region will submit recommendations to their respective Regional Leadership Team on the following topics within 75 days of this email: Authorities that should be delegated to the IRD to optimize efficiency and effectiveness in the six functional areas; Current and anticipated inter-bureau issues and apparent mission conflicts whose resolution might be effectively facilitated by the IRD; Options for creating shared services within the region for one or more of acquisition, human resource management, and information technology and

We believe you may be able to offer the workshop very important insights towards environmental security. Since it's Friday afternoon and we're considering a meeting as early as Monday afternoon, I am going to add a "Hold" calendar invitation to the Monday event as noted in my previous message. We may wind up having both meetings - one on Monday, Sept 24 and another on Monday Oct 1. They will both appear on your calendar until we can sort out the best schedule. But please be aware we may be making last minute changes on Monday. From: Layne, Michael Sent: Tuesday, September 11, 2018 10:29 AM To: 'lesia_monson@ios.doi.gov' Cc: Gourley, Julia L (OES) Subject: Arctic Environment Ministers Meeting Briefing Hi Lesia, Jon Harrison asked that I reach out to you to organize a briefing for Stephen Wackowski on the Arctic Environment Ministers Meeting. We are happy to arrange that for him. The full delegation will be: PDAS Judy Garber (HoD) Steve Wachowski (DOI) Jay Heung (Emb Helsinki) Santina Gay (EPA) Gil Castellar (DOI/FWS) We can arrange a briefing together with Santina and Gil if Stephen would like. It might be helpful so that everyone is on the same page. Otherwise we can do a separate briefing if he would prefer that. Also, the details are still in flux. It might be more productive to wait until October 1 when we expect to have more clarity. We are happy to brief, however, whenever it works best for Stephen. Attached are 2 sample GS-343-13 pds that you can look over for consideration for your office. If one of these pds looks relatively good to you please review and modify based on your needs. What is the most important part for you to review and give us your feedback on is the major duties and knowledge required for the position. If the pds are totally off base please let me know and we can send you other samples. Once you finalize your review and modifications and obtain budget approval, then Kathy Dang will work with you on the recruitment process. I checked with budget and your current ceiling card indicates that you have a GS-11/2 vacancy. Good afternoon, Mr. Wackowski, I work with Dune Lankard at the Eyak Preservation Council. Dune and EPC's co-founder, Carol Hoover, are both in Anchorage this week and if possible we were hoping to schedule a meeting with you either tomorrow after 12 or anytime Wednesday, the 5th before Carol returns to California. I realize this is somewhat short notice, but it would be wonderful to have all 3 of you in the same room to discuss the Bering River coal fields. Alternatively, Dune would be available to meet with you anytime this month before the 20th when he will be traveling out of state. I look forward to hearing from you and hope you're doing well after the events of last week. Best wishes, Alana Stickney Development & Program Associate Eyak Preservation Council 2804 W. I think its prudent to get our the CAN/US federal teams on the same page so we don't make sausage in front of the whole board on a call. Lesia can coordinate 30 mins for a call. I understand Ted, Dean, and Alain are on East Coast time. My Best, Steve
