It is ordered, That respondent, Ann J. Wacksman, an individual, trading and doing business as Allied Information Service and National Deposit System, or trading and doing business under any other name or names, and respondent's representatives, agents and employees, directly or through any corporate or other device, in connection with the business of obtaining information concerning delinquent debtors, or the offering for sale, sale or distribution of forms or other materials, for use in obtaining information concerning delinquent debtors, or in the collection of, or attempting to collect accounts, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the names "National Deposit System" and "Deposit System Certificate", or any other name of similar import to designate, describe, or refer to respondent's business.
2. Representing, directly or by implication, that money has been deposited with them for persons from whom information is requested unless or until the money has in fact been so deposited, and then only when the amount so deposited is clearly and expressly stated.
3. Representing, directly or by implication, that request for information concerning delinquent debtors is from the United States Government or any agency, or branch thereof, or that their business is in any way connected with the United States Government.
4. Using, or placing in the hands of others for use, any forms, questionnaires or other materials, printed or written, which do not clearly reveal that the purpose for which the information is requested is that of obtaining information concerning delinquent debtors.

By "Final Order", report of compliance was required as follows:
It is further ordered, That the respondent, Ann J. Wacksman, shall, within sixty (60) days after service upon her of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which she has complied with the order contained in said initial decision.

Issued: June 30, 1960.

By the Commission.

[SEAL] ROBERT M. PARRISH,
Secretary.

Title 25—INDIANS

Chapter I—Bureau of Indian Affairs, Department of the Interior

SUBCHAPTER O—RIGHTS-OF-WAY—ROADS

PART 161—RIGHTS-OF-WAY OVER INDIAN LANDS

Reduction of Map Requirements Increase in Tenure for Oil and Gas Pipelines

On page 9146 of the FEDERAL REGISTER of November 10, 1959, there was published

notice of intention to amend portions of Part 161 of 25 CFR. It is the purpose of this amendment to eliminate the requirement for filing with the Bureau of Land Management certain records pertaining to rights-of-way across Indian lands and to correspondingly reduce the number of maps that must be submitted by an applicant for a right-of-way. The term of tenure for grants of rights-of-way for oil and gas pipelines is being enlarged from twenty (20) years to fifty (50) years. Section 161.26(b) is being republished to correct an interior cross-reference.

Interested persons were given an opportunity to submit their comments, suggestions, or objections in writing on the proposed amendment within 30 days from the date of publication of the notice in the FEDERAL REGISTER. During the 30-day period several comments, suggestions, and objections were received. These were thoroughly considered and discussed, and as a result of such consideration and discussions, a change has been made as set forth below:

In § 161.19 the words: "and water control projects including but not limited to dams, reservoirs, flowage easements, ditches and canals" have been added to the classes of rights of way which may be granted without limitation on duration.

The proposed amendment to the regulations, as so changed, is hereby adopted, and is set forth below. The amendment shall become effective at the beginning of the 30th calendar day following the date of this publication in the FEDERAL REGISTER.

ELMER F. BENNETT,
Acting Secretary of the Interior.

AUGUST 12, 1960.

1. Section 161.8(a) is amended to read as follows:

§ 161.8 Maps.

(a) Each application for a right-of-way must be accompanied by maps of definite location consisting of an original on linen tracing or other permanent and reproducible material and three reproductions thereof. Two originals shall be filed if the applicant desires the return of an original showing the approved right-of-way. The field notes shall accompany the application, as provided in § 161.9. The width of the right-of-way shall be clearly shown on the original map.

2. Section 161.16 is amended to read as follows:

§ 161.16 Action on application.

Upon satisfactory compliance with the regulations in this part, the Superintendent is authorized to approve the application by endorsing his approval on the map of definite location. Upon approval of the application, the Superintendent shall promptly notify the applicant, and thereafter the applicant may proceed with the construction work, if such permission has not been obtained under § 161.5. The approved original right-of-way map bearing the written signature of the Superintendent shall be transmitted to the Commissioner.

3. Section 161.19 is amended to read as follows:

§ 161.19 Tenure of approved right-of-way grants.

All rights-of-way granted under the regulations in this part shall be in the nature of easements or permits for the periods stated therein. They are terminable upon abandonment or discontinuance of the use for which granted. Rights-of-way for railroads, telephone lines, telegraph lines, public highways, and water control projects including but not limited to dams, reservoirs, flowage easements, ditches and canals shall be without limitation as to term of years. Rights-of-way for all other purposes shall be for a period of not to exceed 50 years, as fixed by the Secretary and stated in the grant, and shall be subject to renewal for a like term upon compliance with the applicable regulations.

4. Section 161.26(b) is amended to read as follows:

§ 161.26 Telephone and telegraph lines; radio, television and other communications facilities.

(b) Applicants engaged in the general telephone and telegraph business may apply for additional land for office sites. The maps showing the location of proposed office sites shall be filed separately from those showing the line of route, and shall be drawn to a scale of 50 feet to an inch. Such maps shall show enough of the line of route to indicate the position of the tract with reference thereto. The tract shall be located with respect to the public survey as provided in § 161.10, and all buildings or other structures shall be platted on a scale sufficiently large to show clearly their dimensions and relative positions.

Title 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

APPENDIX—PUBLIC LAND ORDERS

[Public Land Order 2179]

[Montana 028124]

MONTANA

Partially Revoking Certain Stock Driveway Withdrawals

By virtue of the authority vested in the Secretary of the Interior by section 10 of the Act of December 29, 1916 (39 Stat. 865; 43 U.S.C. 300), as amended, it is ordered as follows:

1. The departmental orders of March 30, 1932, and September 14, 1932, establishing Stock Driveway Withdrawals Nos. 229, Montana No. 14, and 233, Montana No. 16, and the order of the Bureau of Land Management of April 18, 1952, as amended July 9, 1952, establishing Stock Driveway Withdrawal Montana No. 18, are hereby revoked so far as they affect the following-described lands:
